Browning Trademarks Licensed From Browning.

All lengths and weights quoted may vary within manufacturing tolerances.

Browning Poles – nobody does it better !

Browning is at the forefront of pole design. Our design team combines high levels of expertise in carbon manufacturing with practical "real world" experience of what anglers actually need from a pole. All Browning pole models are extensively tested "on the bank" before release onto the market so are proven and reliable products.

All Browning poles incorporate a host of "common sense" features that make pole buying, setup and ownership easy.

Browning poles share mandrels, therefore have a high level of section compatibility across the ranges and models. Future upgrades are convenient and easy.

XITAN REVOLUTION
XITAN ADVANCE
XITAN power

XITAN Advance, Revolution & Power
Xitan Revolution and Advance poles are our flagship products. These are professional level poles for anglers looking for the ultimate in performance. They use longer butt sections for increased length and both optimal stiffness and balance.
Xitan Power poles share the same advanced features and construction but have conventional length butt sections.

Every aspect of these poles has been optimised and they have set the "gold standard" of modern pole performance.

2eX-S

Our exciting 2eX-S mid-range poles share the same advanced features found on our Xitan poles – but at prices to suit all budgets. These are strong and durable "all-rounders" that will give many years of reliable service. No other pole range offers such levels of performance, quality and features at these prices.

SILVERLITE

Our Silverlite poles are purpose designed for situations where ultimate performance is more important than ultimate strength. These are ultra stiff, light weight and "fast" poles. They are aimed at experienced anglers who are willing to accept some compromise on the pole's strength in return for lighter weight and increased stiffness. They have a range of advanced features specifically designed for "silverfish" angling.

BLACK Magic

The Black Magic name has always been synonymous with strength and durability, and the poles bearing this famous name continue this tradition. Poles in the Black Magic range are built alongside and to the same quality high standards as our Xitan and 2eX-S poles. These are not the typical low-cost poles – they are pure magic!

Spares Service
Browning keeps large stock of spare parts for all current and many discontinued poles. We aim to keep prices reasonable and can offer a rapid delivery service. We operate a consumer helpline (poles@zebco-europe.com). Enquiries are answered by our service team and sales are directed to the consumer's nearest Browning stockist.

XITAN

What makes Browning's Xitan poles special?

SINGLE LENGTHS KITS

Single Length Kits – no cutting back, no bushes, just add elastic and you're fishing!
Single Length Kits – no cutting back, no bushes, just add elastic and you're fishing! All Xitan SLK topkits are the same length and are pre-fitted with top-quality PTFE bushes, so no more cutting or lost pole length. We offer 4 types of SLK (Standard, Extra Power, Short and Long) with different tip diameters to suit different sizes of elastic. There are also matching length cupping kits with screw attachments fitted. At last, no need to take a saw to your new pole.

XITAN POLE PROTECTORS X3

Pole Protection System – protect sections from damage
Pole Protectors are purpose designed short butt sections. Each of the Protectors is designed as an integral part of the pole and has built-in skid bungs. There are purpose designed Protectors for each pole range and they fit every section from the 5th through to the 16m butt sections. They protect the main sections (particularly useful on thin walled middle sections) and give useful length options.

Nano Carbon

Nano-Carbon Construction – strong and light, but not brittle
The high-modulus carbon needed to make a pole light and stiff can often be brittle. The pole is strong but a "knock" against something hard or dropping a section can result in breakage. We use Nano-carbon fibres, which makes the sections much more durable!

NO CUTTING NEEDED

At last – no cutting back
Xitan poles do not need any cutting back for even the largest elastics so no waste or lost length.

OVERWRAPPED JOINTS

Overwrapped Joints – designing out wear
The top-end Xitans have carbon overwrapped male and female joints to resist premature wear and chipping. The overwrap on the female joints also increases hoop strength which helps unshipping when the pole is under load.

SECTION ALIGNMENT POINTS

Section Alignment Points – for maximum stiffness
All sections have alignment arrows for maximum rigidity. Sections are also numbered for identification and carry a part number so if you need to order a replacement you will always get the correct section.

STRENGTHENED STRESS POINTS

Strengthened Stress Points – designing out weak spots
Xitans have visibly strengthened grip areas on the middle sections and also on the elbow areas of the butt sections. These resist crushing when unshipping and cracking when striking. They look good too!

DIAMOND SURFACE

Diamond Surface Finish – smooth and fast shipping
Xitan pole sections have a special diamond ground surface finish for easy "non-stick" shipping in and out. Wet or dry, the Xitans are very "fast" poles to fish with. We also use the minimum of paint to reduce weight and minimise "sticky" areas on butt sections.

precision point

Precision Points – accurate feeding is important to success
The butt sections of all Xitan poles have a series of full diameter markings which allow consistent and accurate fishing and feeding when using a pole cup.

PREMIUM PROTECTION TUBES

Premium Protection Tubes
Xitan poles and SLK topkits are supplied in premium quality protective tubes. These resist both cracking in low temperatures and distortion in high temperatures. Your valuable pole deserves the best protection available.

Xitan Z14-1 Advance

Xitan Z14-1 - Pushing the boundaries of pole design .... again.Our Xitan Z12 pole sets a new performance standard with its fine balance of rigidity, strength and weight, plus a host of totally unique features. Browning have continued to push the boundaries of pole design, we introduce a new pole that will again set the standard by which all other poles are judged – we present the Z14-1. By using new types of Silica Reinforced Carbon and resins – the first time in pole manufacture - we have been able to produce a new and outstanding competition pole which is stiffer, lighter and stronger than the Z12. This is a serious pole for serious anglers – those who demand the very best tackle that money can buy. Every aspect of the Z14-1 has been optimised – from topkits to butt sections… and everything else in between. Even paint use has been minimised as we know that performance on the bank is more important than "showroom appeal" to discerning anglers.The Z14-1 is built on the same mandrel as the Z12 and it is a true 16m pole without the need for a mini-extension. It inherits all Xitan advanced features and also introduces some totally new concepts including:

• Ergonomic, square shaped Pole Protectors made using a carbon process unique to pole manufacture. These innovative sections make fishing at long lengths very comfortable and minimise elbow pain. They also protect the pole and give extra length.

• New versions of our popular 2-hole side pulla topkits incorporating an innovative design of directional PTFE bush which provides ultra-smooth and reliable operation without any moving parts.

• A one piece, 2 meter topkit designed for fishing with short rigs or in shallow water. Uniquely amongst similar poles, the Z14-1 still reaches 16m with this short kit if the Pole Protector is used.The Z14-1 was extensively tested in "real world" conditions before release and has been benchmarked against all current top-end poles. We are confident that this is the most advanced pole that has ever been made available to anglers. The Z12 "raised the bar" for pole design … we've taken the best and made it even better!

Code	Model	Length	Sections	Tr.-Length	Weight
1739 130	Pole	13,00 m	8	1,95 m	827 g
1739 998	Extension 14,50m	1,95 m	1	1,95 m	270 g
1739 999	Extension 16,00m/17,50 m	1,95 m	1	1,95 m	310 g
1739 996	Kit 4/1 3,90mm	5,50 m	4	1,58 m	161 g
1739 997	Kit 4/1 3,00mm	5,50 m	4	1,60 m	160 g

Xitan Z12 Revolution

Z12 Revolution – we've been told that it's "The best pole in the World" - and we agree! The Z12 Revolution caused a real stir in the pole market when introduced. No other pole on the market offers so many features, combined with the optimum balance between stiffness, strength and weight. The Z12 is an ultra high performance, professional level competition pole for anglers who take their sport seriously and demand the best. A top-seller, it has firmly established itself at the top. The Z12 is ultra stiff when striking or fishing in side winds, but has been designed to have some "action" in the middle sections when under extreme load to absorb the pressure from hard fighting fish and over enthusiastic strikes. The Z12's rigidity makes it unmatched for fishing fast or long for shy biting fish. However, fitted with the power C section it can be a real "bagging" tool. The Z12 is a true length at 16m (remember no cutting back) and extends to 16.8m as standard with the supplied Pole Protector 3 fitted. Available in a comprehensive 16.8m package or the huge 18.6m "Pro" package.

Code	Model	Length	Sections	Tr.-Length	Weight
1846 131	Pole	13,00 m	8	1,95 m	890 g
1846 998	Extension 14,50m	1,95 m	1	1,95 m	329 g
1846 999	Extension 16,00m/17,50m	1,95 m	1	1,95 m	355 g
1846 997	Kit 4/1 3,00mm	5,95 m	4	1,59 m	168 g
1846 996	Kit 4/1 3,90mm	5,95 m	4	1,59 m	168 g

Xitan Z10 Revolution

Following the success of our market-leading Z12, Browning developed the Xitan Z10. Built on the Z12's mandrel, the Z10's core design is identical and it has all of the advanced features found on its more expensive partner. However, the sections have been constructed using a different mix of Nano-carbon.The result is a high-performance pole for anglers that want, or need, an extra degree of strength and durability in their top-end pole – or perhaps want a lower-cost Z12! Weight gain has been kept to a minimum while balance and stiffness is retained due to the innovative long-section design of the Revolution range poles. The Z10 was thoroughly field tested for more than a year to ensure that the pole met the design criteria and was "up to the job" – it passed with flying colours and became a firm favourite with the testers. The Z10 is available on 15m or 16.8m packages but can be extended to more than 18m. Like all Xitans, the Z10 does not need to be cut back therefore even the 15m Std package provides a pole that is nearly as long as many "16m" poles after they've been cut-back.

Code	Model	Length	Sections	Tr.-Length	Weight
10201 130	Pole	13,00 m	8	1,80 m	791 g

CC Silverlite SL 10-12

Silverlite Competition Poles - for when ultimate performance is more important than ultimate strength.In recent years poles have needed to become increasingly strong to cope with the large fish now commonplace in most lakes and rivers. However, extra strength invariably means extra weight, therefore the latest generation of poles are also heavier than their predecessors.Browning has recognised that not all anglers want or need a "power" pole. Many anglers still mainly target small to medium sized "silverfish", therefore a light weight, ultra stiff and "fast" pole is more suitable and desirable than ultimate strength. Our Silverlite poles have been purpose designed for this type of fishing and are considerably lighter and stiffer than their "power" pole equivalents. They share many of the advanced features found on our market leading Xitan poles. However, the Silverlites have some unique features specifically designed for this type of pole:

- Pre-bushed, 2 piece, topkits available with 3mm and 3.9mm tip diameters to suit light solid and medium hollow elastics
- The complete topkit is 2.75m long so correct for light hollow elastics running through both sections. The 2nd sections have reinforced bands so can be drilled to convert to side pulla kits.
- The topkit tip sections are 1.6m long so perfect for use with light solid elastics running through the tip section only, and a convenient length for breaking down at when fishing in very shallow water.
- The top sections are available separately and provide a low cost way of having a range of light elastic grades available and ready for use.
- The poles are supplied with an "Adjusta" Pole Protector section that can easily be cut to length to make the pole exactly 13m long.
- The Silverlite topkits and 3rd section are compatible (including length) with all Browning Xitan poles.The Silverlites are aimed at experienced pole anglers who want the performance benefits of light weight and increased stiffness, but also understand and are willing to accept some compromise on the pole's strength.

Code	Model	Length	Sections	Tr.-Length	Weight
10200 130	Pole	13,00 m	8	1,80 m	819 g
10200 997	Kit 4/1 3,90mm	5,70 m	4	1,60 m	155 g
10200 998	Extension 14,50m	1,75 m	1	1,75 m	280 g
10200 999	Extension 16,00m	1,75 m	1	1,75 m	291 g

CC Silverlite SL 10-08

Silverlite Competition Poles - for when ultimate performance is more important than ultimate strength.In recent years poles have needed to become increasingly strong to cope with the large fish now commonplace in most lakes and rivers. However, extra strength invariably means extra weight, therefore the latest generation of poles are also heavier than their predecessors.Browning has recognised that not all anglers want or need a “power” pole. Many anglers still mainly target small to medium sized “silverfish”, therefore a light weight, ultra stiff and “fast” pole is more suitable and desirable than ultimate strength. Our Silverlite poles have been purpose designed for this type of fishing and are considerably lighter and stiffer than their “power” pole equivalents. They share many of the advanced features found on our market leading Xitan poles. However, the Silverlites have some unique features specifically designed for this type of pole:

- Pre-bushed, 2 piece, topkits available with 3mm and 3.9mm tip diameters to suit light solid and medium hollow elastics
- The complete topkit is 2.75m long so correct for light hollow elastics running through both sections. The 2nd sections have reinforced bands so can be drilled to convert to side pulla kits.
- The topkit tip sections are 1.6m long so perfect for use with light solid elastics running through the tip section only, and a convenient length for breaking down at when fishing in very shallow water.
- The top sections are available separately and provide a low cost way of having a range of light elastic grades available and ready for use.
- The poles are supplied with an "Adjusta" Pole Protector section that can easily be cut to length to make the pole exactly 13m long.
- The Silverlite topkits and 3rd section are compatible (including length) with all Browning Xitan poles.The Silverlites are aimed at experienced pole anglers who want the performance benefits of light weight and increased stiffness, but also understand and are willing to accept some compromise on the pole’s strength.

The Silverlite SL 10-08 is identical to the more expensive SL 10-12 model, but uses different carbon grades in its construction to provide anglers with a lower cost option, without sacrificing too much performance.

Code	Model	Length	Sections	Tr.-Length	Weight
10210 130	Pole	13,00 m	8	1,75 m	819 g
10210 904	Uni C Section	1,51 m	1	1,51 m	48 g
10210 989	Adjusta Section I	1,00 m	1	1,00 m	163 g
10210 997	Kit 4/1 3,9mm	5,70 m	4	1,60 m	147 g
10210 998	Extension 14,50m/16,0m	1,75 m	1	1,75 m	323 g

CC Silverlite SL 10-06

NEW

Our Silverlite 10-12 and 10-08 poles have been a major success due to their incredible rigidity and balance. Therefore we have extended the range to include a lower cost version so more anglers can enjoy the Silverlite "magic". The 10-06 includes all the advanced Silverlite features and technology. Like the more expensive models, it is stiffer and lighter than typical poles in this price range. A side benefit of the slightly lower carbon grades used for the 10-06 is that the pole is a little stronger than its more expensive brothers, so it's a good choice for anglers needing a little extra strength in a "silverfish" pole - perhaps for catching "F1's", or river fishing with big floats. The Silverlite SL 10-06 is sold at 13m with optional extensions to extend the pole up to 16m.

Code	Model	Length	Sections	Tr.-Length	Weight
1885 950	Pole	9,50 m	6	1,75 m	475 g

Xitan Xtreme Margin 9.5 m Revolution

The Revolution Xtreme Margin is, as its name suggests, a high quality, strong, durable pole for margin and "short" fishing. The middle sections have increased wall strength and visible reinforcing, yet the pole is still "Xtremely" light. The pole is supplied with our unique 1m Pole Protector butt section, which fits the pole at 7 and 8.5m to absorb the "knocks and bangs" inevitable when catching big fish and big weights. The Xtreme Margin is fully section compatible with all Xitan Revolution and Power range poles, so it is a perfect partner for summer fishing. Comes supplied with the largest 5.5mm tip diameter SLK P kits so will take the largest hollow elastics without any cutting back and lost length.

Code	Model	Length	Sections	Tr.-Length	Weight
1883 131	Pole	13,00 m	8	1,75 m	834 g
1883 998	Extension 14,50m	1,85 m	1	1,76 m	288 g
1883 999	Extension 16,00m	1,85 m	1	1,76 m	300 g
1883 996	Kit 4/1 3,90mm	5,95 m	4	1,59 m	166 g

Xitan Z8 Power

Xitan Z8 – the pole so many anglers asked Browning for! Many experienced anglers prefer some extra strength in their top-end pole. Perhaps they fish mainly on commercial fisheries or powerful rivers, perhaps they are just inclined to be a little "heavy handed" and give their poles a hard life! Recognising this, we have produced the Xitan Z8. Based on our highly successful Z9, the Z8 uses a slightly different Nano-carbon mix, which adds strength but very little extra weight. This superbly strong and stiff pole is the perfect choice for serious competition anglers looking for a top quality, "do-all workhorse", suitable for everything from small fish to demanding commercial fishery or river fishing situations. The Xitan Z8 has the complete range of advanced features we build into our flagship Z12 pole – top-end features at a mid-range price. Available in either a true length 16m "Pro" package, or a smaller 14.5m Std package for those who do not need or want a longer pole. Both are supplied with our highest quality pre-bushed SLK kits - puller or standard - the choice is yours.

Code	Model	Length	Sections	Tr.-Length	Weight
1881 110	Pole	11,00 m	7	1,75 m	705 g
1881 131	Pole	13,00 m	8	1,75 m	1057 g
1881 999	Extension 14,50/16,00m	1,85 m	1	1,75 m	324 g
1881 996	Kit 4/1 3,90mm	6,00 m	4	1,59 m	198 g

Xitan Z Ultra Power

Xitan Z Ultra Power – a very tough pole for very tough situations! As its name suggests, the Xitan Z Ultra Power has been specially designed for big fish and big catch situations. The Ultrapower middle sections have an extra, very distinctive and visible, spiral carbon wrap layer which significantly increases section wall strength. This method of strengthening has allowed us to keep the pole's weight reasonable and therefore the Ultrapower is lighter than usual for poles with this level of strength. The pole is built on the same mandrel and includes many of the advanced features found on the more expensive Xitan poles so the Ultrapower is not the typical crude and heavy "power" pole. If ultimate strength and reliability are what you're looking for – with just a bit more "class" - then the Ultrapower is the pole for you! Available in either 14.5m Pro or smaller 13m packages, but can be extended to 16m by using an extra extension. The pole is supplied with the large 5.5mm tip diameter, pre-bushed, SLK Power topkits that will take the thickest elastics. And remember, no cutting back means no lost length.

New Ergonomic
Xitan Square Pole Protectors
Patent pending

Code	Model	Length	Sections	Tr.-Length	Weight
10203 131	Pole + Pole Protector	13,00 m	8	1,75 m	846 g
10203 999	Extension 14,5/16,0m	1,75 m	1	1,75 m	295 g
10203 996	Kit 4/1, 3,9mm	5,90 m	4	1,60 m	170 g

2eX-S 60#1

NEW

Top of the 2eX-S range, the 60#1 is designed to provide optimal balance between pole weight and strength so is perfect for all pole fishing styles – big fish or small. High quality carbon ensures the pole is light, stiff and strong all the way to 16 metres. The 60#1 has been benchmarked and compares favourably with many poles of twice the price. Built alongside, and to the same high quality standards, as our top-end Xitan poles. Visibly reinforced at all section stress points, with overwrapped joint areas to resist wear, guaranteeing both strength and long life. 2eX-S poles are "ready to fish" with pre-bushed topkits, so no cutting back and lost length - just add elastic and go fishing! Elastic rating 16. Supplied with our revolutionary Square Pole Protector section for easy and comfortable fishing at long lengths - no more "elbow pain" !

Code	Model	Length	Sections	Tr.-Length	Weight
10204 131	Pole + Pole Protector	13,00 m	8	1,75 m	887 g
10204 999	Extension 14,5/16,0m	1,75 m	1	1,75 m	295 g

2eX-S 50#1

NEW

Top performance and value at this popular price point. A careful mix of carbon grades has allowed us to keep the cost down, but very little has been sacrificed in keeping the pole light and stiff when compared to much more expensive poles, especially at lengths less than 16m. The 2eX-S 50#1 will meet the majority of "serious" anglers needs and was a favourite with the test team for the confidence it gave when handling big fish. Built alongside and to the same high quality standards as our top-end Xitan poles. Visibly reinforced at all section stress points, with overwrapped joint areas to resist wear, guaranteeing both strength and long life. 2eX-S poles are "ready to fish" with pre-bushed topkits, so no cutting back and lost length - just add elastic and go fishing! Elastic rating 16. Supplied with our revolutionary Square Pole Protector section for easy and comfortable fishing at long lengths - no more "elbow pain" !

See accessory pages B16-17 for topkits, power and short sections.

2eX-S 40#1

NEW

The perfect "allrounder" for anglers who mainly fish at 13m or less, but still easy to use at 14.5m, especially with our amazing square protector section fitted! The 2eX-S 40#1 provides levels of performance and quality never offered before at this price level. It has most of the same advanced features found on our most expensive poles – this really is a "top-end" pole at a "mid-range" price. Built alongside and to the same high quality standards as our top-end Xitan poles. Visibly reinforced at all section stress points and with thickened joints to resist wear, guaranteeing both strength and long life. 2eX-S poles are "ready to fish" with pre-bushed topkits, so no cutting back and lost length - just add elastic and go fishing! Elastic rating 16+. Supplied with our revolutionary Square Pole Protector section for easy and comfortable fishing at long lengths - no more "elbow pain" !

Code	Model	Length	Sections	Tr.-Length	Weight

10206 999	Extension 14,5/16,0m	1,75 m	1	1,75 m	300 g

2eX-S 30#1

NEW

An excellent value, very strong and reliable pole with many of the same advanced features found on the most expensive Browning poles. Will comfortably handle any type of pole fishing, for any type of fish – big or small. The 2eX-S 30#1 is a tough pole that will withstand hard use, with the added benefit of low-cost spares and accessories that will keep long term ownership cheap. Built alongside and to the same high quality standards as our top-end Xitan poles. Visibly reinforced at all section stress points and with thickened joints to resist wear, guaranteeing both strength and long life. 2eX-S poles are "ready to fish" with pre-bushed topkits, so no cutting back and lost length - just add elastic and go fishing! Elastic rating 16+. Supplied with our revolutionary Square Pole Protector section for easy and comfortable fishing at long lengths - no more "elbow pain" !

Hyper Carp HC 60-130

HYPERCARP Poles - Extreme poles for extreme situations. The Hypercarp range is a new concept in pole design. These are specialist carp poles designed specifically for catching much larger than average carp. They take over when normal “Power Poles” are judged to be too weak. These are extremely strong poles designed for the more extreme fishing situations. The poles are still constructed using high grade carbons - essential to maintain stiffness and to minimise weight gain. However, section walls and joints have been significantly thickened and strengthened, particularly on the heavily loaded middle sections most likely to fail when large fish are regularly hooked. The Hypercarps are slightly heavier than conventional poles, but are stiff, well balanced and still comfortably fishable at long lengths. The Hypercarps are also a good choice for anglers that are "hard" on poles and anglers that need or prefer to use a pole stronger than the typical modern “Power Pole” anglers willing to accept some extra weight in exchange for the total confidence that their pole won’t let them down when the pressure is really on! These poles are suitable for the heaviest elastics commercially available. The 2 piece topkits have extra large diameter pre-bushed tips that do not need cutting back, so no lost length. There is also a two hole side pulla topkit available fitted with our unique directional PTFE pulla bush design for completely smooth elastic recovery. There are two Hypercarp long-poles in the range with lengths and prices to suit different needs and budgets.

XITAN 2eX-S

Browning poles have a high level of section compatibility. The products on these pages will fit current and previous Xitan poles, plus the new 2eX-S range. All are made to the same high quality as the poles they were designed for.

All topkits are ready-to-fish and fitted with quality PTFE bushes- no cutting required – and are supplied in re-usable plastic carry tubes.

Single Length Kits

As supplied with our top-end Xitans, red graphics , 2.6m long, 4 tip diameters, with reinforced bands for drilling or a 2 hole side puller version with pre-fitted bushes.

10203 985	SLKe-L Kit 2/1, 4,5mm	3,00 m	52 g	2	1,60 m

Single Length Kits – Cupping

2 lengths, 2.6m & 3.0m, to match the lengths of the SLK topkits on this page. Pre-fitted with a standard screw fitting to suit Browning and some other brand cups.

Code	Model	Length	Weight	Sections	Tr.-Length
10203 991	Cupping Kit 2/1	2,60 m	49 g	2	1,45 m
10203 992	Cupping Kit L 2/1	3,00 m	52 g	2	1,60 m

Power C Sections

Full length & low cost. Still light in weight, but made from a different carbon mix for when some extra strength is required. (replaces 4th section on older Xitans).

Code	Model	Length	Weight	Sections	Tr.-Length
S173 923	Adv./Revo Power C	1,50 m	53 g	1	1,50 m
10203 904	Uni-C Section	1,50 m	53 g	1	1,50 m

Short C Sections

A popular accessory that significantly stiffens the pole. (replaces 4th section on older Xitans)

Code	Model	Length	Weight	Sections	Tr.-Length
1739 904	Adv./Revo Short C	0,75 m	33 g	1	0,75 m
10203 905	Uni-SC Section	0,75 m	33 g	1	0,75 m

Single Length Kit – Short (1 piece)

A special 1 piece kit for shallow and margin fishing. 1.9m long, reinforced band for drilling, 4.5mm tip for medium to large elastics.

Code	Length	Weight	Sections	Tr.-Length
1896 991	1,90 m	40 g	1	1,90 m

Xitan Adjusta Mini Extension

A special Pole Protector section for Xitan poles which can be easily cut to length to ensure that the pole is exactly 13m long. Important for some competitions.

Code	Length	Weight	Sections	Tr.-Length
1883 987	1,10 m	230 g	1	1,10 m

Xitan Evolution Square Pole Protector

Ergonomically shaped Pole Protectors formed by using a carbon process unique to pole making. These sections make fishing at long lengths very comfortable, in addition to protecting the sections from end damage.

Code	Model	Length	Weight	Sections	Tr.-Length
1896 987	Square Pole Protector I	0,85 m	216 g	1	0,85 m
1896 988	Square Pole Protector II	0,85 m	220 g	1	0,85 m
1896 989	Square Pole Protector III	0,85 m	225 g	1	0,85 m

Xitan Advance Pole Protector

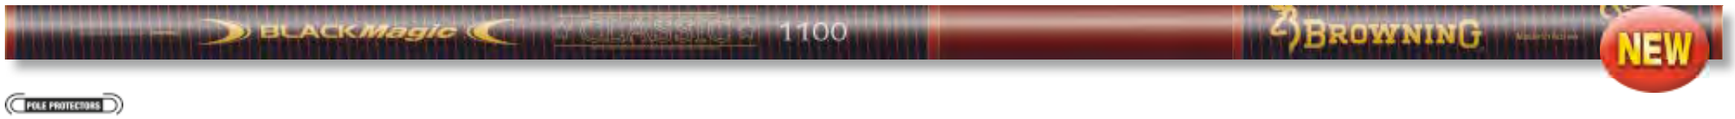
Purpose designed short butt sections. Pole Protectors are reversible and fit every section from the 5th through to the 17.5m butt. Built-in skid bungs protect sections from chipping and cracking. Also give useful pole length options. These Pole Protectors fit Xitan long section poles.

Code	Model	Length	Weight	Sections	Tr.-Length
1739 987	Pole Protector 0 (3/4)	1,00 m	120 g	1	1,00 m
1739 988	Pole Protector I (5/6)	1,00 m	161 g	1	1,00 m
1739 989	Pole Protector II (7/8)	1,00 m	232 g	1	1,00 m
1739 990	Pole Protector III (9/10)	1,00 m	237 g	1	1,00 m
10205 989	Uni Pole Protector 7/6	0,80 m	275 g	1	0,80 m

Xitan Power Pole Protector

Purpose designed short butt sections. Pole Protectors are reversible and fit every section from the 5th* through to the 17.5m butt. Built-in skid bungs protect sections from chipping and cracking. Also give useful pole length options. These Pole Protectors are fully compatible with previous Xitan poles like the Z9.

Code	Model	Length	Weight	Sections	Tr.-Length
1883 988	Pole Protector I (5/6)	0,75 m	113 g	1	0,75 m
1883 989	Pole Protector II (7/8)	0,65 m	210 g	1	0,65 m
1883 990	Pole Protector III (9/10)	0,75 m	270 g	1	0,75 m



Black Magic® Classic

The return of a true legend amongst poles! Our original Black Magic 1, 2 & 3 put-in poles built an un-rivalled reputation for strength and durability and were the first choice for long line "to-hand" fishing, or for anglers wanting ultimate strength in a pole. Many are still giving excellent service - but are getting a little old! Therefore, and by popular demand, we have re-introduced the famous Black Magic under the "Classic" name for 2016. The new pole is made on the same mandrel as the originals, using the same carbon quality and manufacturing standards.

Code	Model	Length	Sections	Tr.-Length	Weight
10002 110	Pole	11,00 m	9	1,52 m	650 g
10002 999	Extension 12,50m	1,52 m	1	1,52 m	185 g
10002 989	Pole Protector II	0,70 m	1	0,70 m	83 g
10002 994	Kit 3/1	2,24 m	3	0,96 m	26 g

Black Magic® II Gold

The new Black Magic Gold is effectively a "short" top-end pole. It has been specifically designed for anglers who want a top quality, very light, slim and stiff pole - but do not want or need a very "long" pole for their fishing. The Gold is made of top quality carbon and built alongside, and to the same quality standards, as our most expensive Xitan poles. The pole is "ready-to-fish" with pre-bushed topkits (no cutting back needed) and is supplied with one of our short Pole Protector mini sections, plus a full sized holdall.

Code	Model	Length	Sections	Tr.-Length	Weight
10209 110	Pole	11,00 m	7	1,75 m	760 g
10209 126	Set 12,50 m	12,50 m	8	1,75 m	1015 g
10209 999	Extension 11,0/12,5m	1,75 m	1	1,75 m	315 g
10209 989	Pole Protector	0,85 m	1	0,85 m	158 g
10209 994	Power Kit 2/1	2,60 m	2	1,50 m	60 g
10209 995	Cupping Kit 2/1	2,60 m	2	1,50 m	60 g
10209 996	Kit 4/1	5,50 m	4	1,49 m	178 g

Black Magic® Gold and Slimlite poles are compatible with our Xitan and ²eX-S ranges. See pages B16/17 for sections and accessories that can be used with these poles.

Black Magic® II Slimlite

The new Black Magic Slimlite shares the advanced features of the "BM Gold" pole, but at a lower cost. This is a strong, sturdy, but amazingly light pole, suitable for any type of fishing - and any sized fish. The pole is "ready-to-fish" with pre-bushed topkits (so no cutting needed) and is supplied with one of our short Pole Protector mini sections, plus a pole holdall. Available at 9.5 and 11 meters, but can be extended to 13m and longer with an additional extension. Rated for elastics up to 20.

Code	Model	Length	Sections	Tr.-Length	Weight
10208 950	Pole	9,50 m	6	1,75 m	538 g
10208 110	Pole	11,00 m	7	1,75 m	860 g
10208 904	Black Magic® II Uni C	1,49 m	1	1,49 m	31 g
10208 999	Extension 11,0/12,5m	1,75 m	1	1,75 m	322 g
10208 989	Pole Protector	0,85 m	1	0,85 m	158 g
10208 996	Kit 4/1	5,50 m	4	1,49 m	212 g

Black Magic® Slimstar

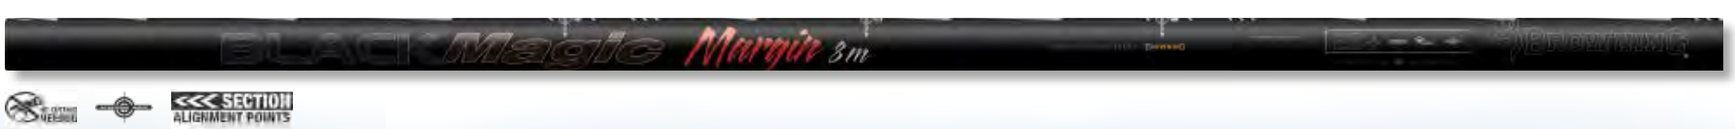
Over many years, the Black Magic name has been synonymous with incredibly strong poles that other makers have never been able to match. This continues with the Black Magic Slimstar. This slim diameter pole is an absolute joy to use, particularly for anglers who dislike or find modern „fat" poles difficult to handle. The pole is „ready-to-use" with pre-bushed topkits that do not need cutting back and is supplied with one of our innovative Pole Protector sections as used on our top-end poles. Is the Slimstar strong? What would you expect from a pole carrying the Black Magic name !

Code	Model	Length	Sections	Tr.-Length	Weight
1890 110	Pole	11,00 m	8	1,70 m	876 g
1890 999	Extension 11,00m	1,10 m	1	1,10 m	200 g
1890 993	Kit 2/1	1,95 m	2	1,02 m	27 g

Black Magic® Carp

A power pole built in the Black Magic tradition of strong and tough poles that will take everything asked of them! Slim, stiff and excellent value, the Black Magic Carp will give years of reliable service. Big carp, big tench, big barbel … no problem! Rated for elastics to 20+.

Code	Model	Length	Sections	Tr.-Length	Weight
10401 110	Pole	11,00 m	7	1,82 m	958 g
10401 994	Power Kit 2/1	3,00 m	2	1,59 m	70 g
10401 996	Kit 4/1	6,00 m	4	1,61 m	240 g



Black Magic® Margin

A very strong margin pole built in the Black Magic tradition. Very stiff and remarkably light in weight considering its power and strength. Strong enough for any size of pole elastic and any size of fish. Has a very large diameter tip so does not need any cutting back for even the largest elastics so no lost pole length. Pure Black Magic !

Code	Model	Length	Sections	Tr.-Length	Weight
10600 800	Pole	8,00 m	6	1,55 m	790 g
10600 993	Kit 2/1	2,40 m	2	1,30 m	72 g

SECTION ALIGNMENT POINTS

Aggressor Carp

A good quality long pole at a budget price. The Aggressor is a good looking and strong all-rounder that can be used for any style of pole fishing and for any size of fish. The pole's weight has been kept reasonable by using a careful mix of carbon and composite materials.

Code	Model	Length	Sections	Tr.-Length	Weight
1031 950	Pole	9,50 m	8	1,60 m	865 g
1031 999	Extension 11,00m	1,60 m	1	1,60 m	355 g
1031 993	Kit 2/1	1,75 m	2	1,05 m	17 g

SECTION ALIGNMENT POINTS

Commando

Like its name, a real "fighting" pole. Strong, reliable and able to handle anything it encounters! Despite its strength, the Commando is lighter than typical poles in this price range.

Code	Model	Length	Sections	Tr.-Length	Weight
1490 700	Pole	7,00 m	7	1,20 m	722 g

Packed in clear presentation tube with full colour "Introduction to Pole Fishing Guide" and a Bob Nudd DVD.

Pit Bull

"Ready to go" strong poles – just attach a pole rig and you're ready to fish! Available at 4 & 6 meters, both poles are strong but not too heavy. The 4m Pit Bull is fitted with elastic suitable for 4 to 8lb line and hard-fighting fish like carp and tench. The 6m version includes an extra top-kit with lighter elastic, suitable for smaller fish like perch and bream. Both poles come in a rigid protective carry tube and with a full colour „Introduction to Pole Fishing Guide" and a Bob Nudd DVD.

Code	Model	Length	Sections	Tr.-Length	Weight
1871 400	Pole + 2/1 Kit	4,00 m	4	1,17 m	240 g
1871 600	Pole + 2/1 Kit	6,00 m	6	1,17 m	550 g
1871 994	Top 2 Kit not elasticated	2,00 m	2	1,00 m	64 g
1859 800	Pit Bull	8,00 m	6	1,50 m	670 g
1859 994	Kit 2/1	2,00 m	2	1,30 m	50 g

NO FITTING NEEDED

Handle fits both Parallel Extension and B-Section.

SECTION ALIGNMENT POINTS

Margin Mauler

Our totally unique "hit 'n hold" margin pole that has gained the reputation as being the strongest margin pole on the market. Any size of fish and any size of elastic – the Mauler will handle it! The Mauler has a parallel middle section which can be added or removed to allow the handle section, which has slip-proof EVA grips, to be used at 2 different lengths. The tip section has a big diameter and needs no cutting back for the strongest elastics on the market.

Code	Model	Length	Sections	Tr.-Length	Weight
1872 500	Pole	5,00 m	4	1,34 m	410 g
1872 986	Puller Kit 2/1	2,45 m	2	1,34 m	81 g

Argon

A new range of shorter poles that are suitable for all styles of fishing. Slim, very strong and easy to use, the Argon poles are perfect for anglers who do not want or need a longer pole. All have hollow tips so fitting elastics is easy and quick, with no cutting needed. A reliable pole for all purposes.

Code	Model	Length	Sections	Tr.-Length	Weight
10001 600	Argon	6,00 m	5	1,67 m	425 g
10001 750	Argon	7,50 m	6	1,72 m	664 g
10001 900	Argon	9,00 m	7	1,72 m	930 g

Exciter

An "Exciting" multi-purpose pole suitable for any type of pole fishing. Strong, good looking, reliable and excellent value for money. A perfect starter pole or for those on a limited budget.

Code	Model	Length	Sections	Tr.-Length	Weight
1497 650	Pole	6,50 m	5	1,55 m	590 g
1497 800	Pole	8,00 m	6	1,55 m	870 g
1497 993	Kit 2/1	2,15 m	2	1,40 m	24 g

Black Magic Tele

A range of slim telescopic whips covering the entire length range from 5 to 10 m. Fishing to hand is far from out-dated and the technique is still unbeatable for speed and long-line fishing. These Black Magic Whips have just the right action, through all the lengths, thanks to the efforts of Browning test anglers over a one year test program.

Code	Model	Length	Sections	Tr.-Length	Weight
1569 500	Black Magic Tele	5,00 m	5	1,30 m	120 g
1569 600	Black Magic Tele	6,00 m	6	1,30 m	195 g
1569 700	Black Magic Tele	7,00 m	7	1,30 m	250 g
1569 800	Black Magic Tele	8,00 m	8	1,30 m	365 g
1569 900	Black Magic Tele	9,00 m	8	1,45 m	410 g
1569 100	Black Magic Tele	10,00 m	9	1,45 m	480 g

Exciter Tele

The value alternative for the occasional pole angler. With a higher fibreglass content in the rear sections the model is a price-crusher and, thanks to the combination of materials, can withstand the occasional mishandling by the inexperienced angler.

Code	Model	Length	Sections	Tr.-Length	Weight
10000 500	Exciter Tele	5,00 m	5	1,15 m	341 g
10000 600	Exciter Tele	6,00 m	6	1,15 m	494 g

Exciter Power Tele

Strong and durable telescopic carbon rods in a range of the most popular lengths. The Exciter Power Tele has an action and power enough to comfortably land even large and hard-fighting fish.

Code	Model	Length	Sections	Tr.-Length	Weight
10003 500	Exciter Power Tele	5,00 m	5	1,14 m	295 g
10003 600	Exciter Power Tele	6,00 m	6	1,14 m	395 g
10003 700	Exciter Power Tele	7,00 m	7	1,14 g	519 g

Merida Power Tele

Strong and durable telescopic carbon rods in a range of the most popular lengths. The Merida Power Tele has an action and power enough to comfortably land even large and hard-fighting fish.

Code	Model	Length	Sections	Tr.-Length	Weight
1537 500	Merida Power Tele	4,80 m	5	1,22 m	220 g
1537 600	Merida Power Tele	5,80 m	6	1,25 m	332 g
1537 700	Merida Power Tele	6,80 m	7	1,26 m	400 g

Basalt Ultra Tele

An ultra-strong range of telescopic poles made of a new composite material that provides incredible rigidity compared to traditional materials.

Code	Model	Length	Sections	Tr.-Length	Weight
1884 400	Basalt Ultra Tele	4,00 m	4	1,15 m	185 g
1884 500	Basalt Ultra Tele	5,00 m	5	1,15 m	330 g
1884 600	Basalt Ultra Tele	6,00 m	6	1,15 m	480 g
1884 700	Basalt Ultra Tele	7,00 m	7	1,15 m	660 g
1884 800	Basalt Ultra Tele	8,00 m	8	1,15 m	880 g

Silverlite Bolo 10-14

When you make first-class poles like Browning you should also be able to prove your expertise in terms of Bolo rods. The Silverlight Bolo 10-14 is the flagship: Super-light, fast and stiff, and with a high quality finish throughout – from the reel holder to the whipping and the slide rings of the top two sections which sit on carbon sleeves.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1998 600	Silverlite Bolo 10-14	6,00 m	6	30 g	1,40 m	268 g
1998 700	Silverlite Bolo 10-14	7,00 m	7	30 g	1,40 m	362 g
1998 800	Silverlite Bolo 10-14	8,00 m	8	30 g	1,40 m	485 g

Silverlite Bolo 10-08

The affordable sibling of the Silverlight Bolo 10-14: the 10-08 version is a Bolognese rod that has a somewhat more powerful action yet is still incredibly light to hold. Equipped with SIC rings and finished in the latest high modulus carbon fibre. All ring joints are sealed with epoxy resin.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1979 600	Silverlite Bolo 10-08	6,00 m	6	30 g	1,45 m	272 g
1979 700	Silverlite Bolo 10-08	7,00 m	7	30 g	1,45 m	387 g
1979 800	Silverlite Bolo 10-08	8,00 m	8	30 g	1,45 m	513 g

Aggressor Bolo

Perhaps the hardest balancing act: The entry-level Bolognese rod must not be too expensive, so high-modulus carbon must be used sparingly yet without the rod becoming too flimsy or even bulky. The Aggressor Bolo B 700 provides an excellent compromise, representing possibly the best Bolo in this price segment ever made.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1976 500	Aggressor Bolo	5,00 m	5	2 - 15 g	1,38 m	248 g
1976 600	Aggressor Bolo	6,00 m	6	2 - 15 g	1,45 m	342 g
1976 700	Aggressor Bolo	7,00 m	7	2 - 15 g	1,45 m	444 g
1976 800	Aggressor Bolo	8,00 m	8	2 - 15 g	1,47 m	580 g

Sphere Match

The Sphere Match rods, like all rods in the Sphere range, have been developed using the highest quality carbon blank and fittings available. Every aspect of the rods has been carefully engineered to produce a product that is as perfect as possible. The rods are ultra light, ultra slim and are fitted with a unique ergonomic weight reducing handle which transmits more "feel" to the angler. They feature special ultra low friction "skeletal" SIC guides – the best and lightest available.
The rods have classic medium-through actions, however the carbon quality and blank design allows these rod to be used for a wide range of float fishing styles - from casting big wagglers on lakes, to fishing small floats at close range. These are the ultimate all-round match rods, and are truly from a "different world"!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1499 390	Sphere Match	3,90 m	3	30 g	1,37 m	149 g
1499 420	Sphere Match	4,20 m	3	30 g	1,48 m	157 g

Force Silver Match

Beautifully light actioned float rods designed for mixed fishing. Perfect for wagglers to 8gr and hooklengths down to 0.07mm. This slim and very light rod has a faultless progressive action, which allows even bigger fish to be landed on light lines. The perfect allrounder for light tackle fishing on rivers and lakes.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1816 390	Force Silver Match	3,90 m / 13'	3	15 g	1,35 m	209 g

Force Match

Slightly more powerful versions of the Force Silver Match designed for longer casts with bigger wagglers up to 16gr. Same faultless action, light weight, and quality fittings. Also a good choice for anglers that predominantly fish for bigger species like carp, bream and barbel.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1817 390	Force Match	3,90 m / 13'	3	25 g	1,35 m	225 g
1817 420	Force Match	4,20 m / 14'	3	25 g	1,45 m	237 g

Ambition Match

Classic look, fantastic performance and unbeatable price. Browning match rods have never been more affordable. The fine action has been combined with the smart burgundy design and gold silver connections. With comfort grip and EVA handle.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1714 390	L	3,90 m / 13'	3	6 - 12 g	1,37 m	220 g
1714 420	M	4,20 m / 14'	3	12 - 20 g	1,49 m	277 g

Hybrid Power Pellet

Takes over when normal pellet waggler rods feel under-gunned. Has enough "action" to cast light floats but is around 20% more powerful than conventional pellet waggler rods. Never feel under-gunned again – a real "bagging" tool.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1757 330	Hybrid Power Pellet	3,30 m	2	45 g / 4 - 10 lbs	1,70 m	198 g

Hybrid Xtra Power

The Hybrid Xtra Power is a "Speci-Feeder" rod purpose designed for feeder fishing for bigger than average fish. Unlike normal heavy feeder rods, the Xtra Power has an "all-through" action so can be confidently used at shorter ranges. Supplied with 3 quiver tips to suit the action of the rod.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1758 360	Speci-Feeder	3,60 m	3	110 g / 4 - 14 lbs	1,25 m	244 g

Code	Model	provided Feeder Tips
1758 360	Speci-Feeder	3oz, 4oz, 5oz

Hybrid Specimen

Hybrid Specimen Multi-Rod – one rod really can do it all ! A concept of multi-purpose rod where only a single top section is needed. This design is easier to carry and quicker to change while fishing than conventional twin tip rods. The rod is supplied with four exchangeable tips:- 2 are conventional quiver-tips. With these fitted the rod is a power actioned quivertip rod perfect for catching good sized fish from river or lake.- a separate hollow tip section is supplied, which replaces the only the quiver tip. This converts the Multi-rod into a conventional rod for either float or indicator fishing. The rod's perfect and powerful action is maintained. The Hybrid Multi-rod is built on a powerful but very progressive, "all-through" actioned blank perfect for absorbing the runs and lunges of bigger fish at close range.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1759 360	Multi-Rod	3,60 m	3	120 g / 4 - 12 lbs	1,86 m	265 g

Code	Model	provided Feeder Tips
1759 360	Multi-Rod	4 oz, 6 oz, Match

In 2010 Browning were amongst the very first to offer new styles of short rod which challenged the need for traditional length rods on commercial fisheries. Our Force 8' Wand and 9' Micro Waggler were big sellers and soon copied. We have refined our designs further to stay „ahead of the game". The result is our range of seven Commercial King rods. These rods are based around ultra slim and light high modulus full carbon blanks. We have carefully considered every aspect of the rod, not just the action. They are absolutely perfect and look superb! These rods are typically HALF the cost of similar quality rods from other suppliers. We challenge anybody to find an equal performing rod at these prices. The Commercial King range has been further improved and refined.

Commercial King² Wand

Try one of these and you will never use a long rod again! The ultimate rods for close range tip fishing. The 8' length dramatically improves accuracy and lands fish incredibly quickly. Forgiving through actions but power in the butt so can be a real „bagging" rod. The F1 version is around 20% softer and is perfect for winter carp fishing with light lines and small hooks. Both supplied with 3 glass tips (0,5 oz, 1 oz, 1,5 oz).

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1877 245	Commercial King² Wand	2,45 m	2	3 - 8 lbs	1,28 m	170 g
1877 246	Commercial King² Wand F1	2,45 m	2	2 - 4 lbs	1,28 m	155 g
1877 270	Commercial King² Wand XL	2,70 m	2	3 - 8 lbs	1,41 m	190 g

Code	Model	provided Feeder Tips
1877 245	Commercial King² Wand	0.5 oz, 1 oz, 1.5 oz
1877 246	Commercial King² Wand F1	0.5 oz, 1 oz, 1.5 oz
1877 270	Commercial King² Wand XL	0,5oz, 1,0oz, 1,5oz

Commercial King² Bomb

The classic 10', 2 piece „bomb" rod. A rod that can be used for just about anything – feeder, bomb, method, winter scratching or big summer catches. Powerful enough for carp but forgiving enough for skimmers, light lines and small hooks. Short handle length for ease of use. Supplied with 3 glass tips (0,5 oz, 1 oz, 1,5 oz).

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1878 300	Commercial King² Bomb	3,00 m	2	3 - 6 lbs	1,55 m	220 g

Code	Model	provided Feeder Tips
1878 300	Commercial King² Bomb	0.5 oz, 1 oz, 1.5 oz

Commercial King² Carp Feeder

Classic through actioned rod for fishing at medium range. The 2 piece rod has power in the butt section for casting and landing fish quickly, but retains a softer action in the middle essential to eliminate hook-pulls when playing hard fighting carp at close range. Suitable for feeders to around 40gr, hooklengths to 0.22mm and is supplied with 3 glass tips (0,5 oz, 1 oz, 1,5 oz)

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1878 330	Commercial King² Carp Feeder	3,30 m	2	20 - 60 g	1,70 m	255 g

Code	Model	provided Feeder Tips
1878 330	Commercial King² Carp Feeder	0,5, 1,0 ,1,5

Commercial King² Micro Waggler

Long rods – who needs them? The „must have" for commercial anglers: Short handles and feather light weight make these short rods unbelievably fast and accurate to fish with. They are simply unbeatable for short to medium distances. The 9' rod is deceptively powerful and tames even big fish very quickly. The 10' F1 version is around 20% softer and perfect for smaller floats, lighter lines and smaller hooks. These rods are natural partners for our Wand tip rods.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1879 270	Waggler	2,70 m	2	20 g	1,40 m	160 g
1879 300	Waggler F1	3,00 m	2	10 g	1,55 m	170 g

Commercial King² Pellet Waggler

2 piece, 11' rods with perfect, parabolic, „non-lock" actions. Shorter than normal handles allow the rods to be moved around quickly for „feed-cast-feed" techniques. The medium rod has a standard action for wagglers to 12gr. The Power version is around 15% stiffer for situations involving bigger floats, bigger fish or bigger weights!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1879 330	Medium	3,30 m	2	20 g	1,70 m	190 g
1879 331	Power	3,30 m	2	30 g	1,70 m	205 g

Hot Rod Multi Float

The Multiclassic Waggler rods are designed for typical modern styles of fishing which usually involves catching better quality fish. The slim rods have traditional all-through actions with power in the butt section to handle better quality fish and cast bigger floats and offer quality rarely seen at this price range.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1087 360	Hot Rod Multi Float	3,60 m	3	10 - 30 g	1,26 m	175 g
1087 390	Hot Rod Multi Float	3,90 m	3	10 - 30 g	1,36 m	195 g

The SPHERE rods are truly from a different world. The rods have been developed using the highest quality carbon available and every other aspect of their design has been engineered to produce a product that is as "perfect" as we can possibly make it.
All SPHERE rods feature:-
- The slimmest, lightest, high-modulus carbon blanks available
- A unique ergonomic and weight reducing handle which transmits more "feel" to the angler.

SPHERE rods look and feel like no other rod on the market. We believe that these are the most advanced match style fishing rods available.

OUT OF THIS WORLD!

Sphere Feeder

The Sphere Feeder rods, like all rods in the Sphere range, have been developed using the highest quality carbon blank and fittings available. Every aspect of the rods has been carefully engineered to produce a product that is as perfect as possible. The rods are ultra light, ultra slim and are fitted with a unique ergonomic weight reducing handle which transmits more "feel" to the angler. They feature special ultra low friction "skeletal" SIC guides – the best and lightest available.
The ultimate feeder rods. The superb quality of the SPHERE blanks has allowed us to produce a small range of rods to cover a wide range of feeder fishing situations. The carbon quality of the blank adds meters to a cast and improves casting accuracy by minimising sideways flex when the rod under load. However, the blanks are responsive enough to safely play soft mouthed fish like skimmers without fear of hook-pulls. Supplied with 4 tips to give both sensitivity for bite indication and durability when casting.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1498 330	L	3,30 m	2	70 g	1,74 m	149 g

Sphere Bomb

The Sphere bomb rods, like all rods in the Sphere range, have been developed using the highest quality carbon blank and fittings available. Every aspect of the rods has been carefully engineered to produce a product that is as perfect as possible. The rods are ultra light, ultra slim and are fitted with a unique ergonomic weight reducing handle which transmits more "feel" to the angler. They feature special ultra low friction "skeletal" SIC guides – the best and lightest available.
A soft actioned rod optimised for fishing at ranges to 30m with bomb, or light method and conventional feeders. The top-quality blank is soft enough to be safely used with light lines and small hooks, but has reserves of power in the butt section to tame bigger and hard fighting fish when necessary. Supplied with 4 glass tips to give both sensitivity for bite indication and durability to withstand the demands of carp fishing.

Black Viper MK11

The ultra-fast action of the MK11 provides above average casting power for an 11' / 3.3-metre rod. Distances to 50 m are easily achieved with large feeders, and with accuracy that only shorter rods achieve. Perfect for mid-distance fishing with large method or open-end feeders or for bomb fishing for larger than average fish.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1813 330	Black Viper MK11	3,30 m / 11'	2	50 g	1,68 m	187 g

Code	Model	provided Feeder Tips
1813 330	Black Viper MK11	0.5 oz, 0.75 oz, 1 oz

Black Viper MK12

Perfect for anglers needing a slightly "stepped-up" feeder rod, this deceptively powerful 12' / 3.6m rod is designed for fishing medium feeders at ranges to around 60m on lakes, rivers or the big continental canals. The slim high-modulus blank has power in the middle and lower sections allowing feeders to be "punched" out with high accuracy. However it retains a forgiving top section for playing fish at close range. Slim, light and good looking with top quality fittings.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1813 360	Black Viper MK12	3,60 m / 12'	3	80 g	1,25 m	233 g

Code	Model	provided Feeder Tips
1813 360	Black Viper MK12	0.75 oz, 1 oz, 1.5 oz

Black Viper MK13

We offer two different versions of the 13' Black Viper rod. The standard MK13 has an average action typical of 13' rods and is perfectly suited to slow-flowing rivers and lakes with typical casting ranges of 30 to 80 metres. The mellow action allows light hook-lengths to be used with confidence. The Black Viper MK13 "S" is a fast actioned, more specialist version, which provides the power for casts up to around 100m without sacrificing its fish playing action. The dynamic design of the blank does all the work on the cast - meaning less effort is required from the angler. Long casts can be achieved even by anglers less experienced at long distance casting. Both rods are balanced for their length and feel as good as they look. Top quality fittings throughout.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1813 390	Black Viper MK13	3,90 m / 13'	3	100 g	1,35 m	277 g
1813 391	Black Viper MK13 S	3,90 m / 13'	3	140 g	1,35 m	295 g

Code	Model	provided Feeder Tips
1813 390	Black Viper MK13	1.5 oz, 2 oz, 3 oz
1813 391	Black Viper MK13 S	2 oz, 3 oz, 4 oz

Black Viper MK14

Like the Black Viper MK13, the 14' version is also available in two types. The standard Black Viper MK14 is the ultimate casting tool. Far, further .... furthest - you will never be out-distanced ! The high-modulus blank is powerful and designed for comfortable casting to distances of 70 to 120 m. Our dynamic blank designs throughout the range eliminate the need for violent, aggressive casts. Accurate casting to over 100m is both realistic and easily achievable with these rods. The Black Viper MK14 "S" version is the ultimate powerhouse, with the same attributes as the standard MK14 rod, but with even more power for when big heavily loaded feeders are needed.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1813 420	Black Viper MK14	4,20 m / 14'	3	120 g	1,46 m	315 g
1813 421	Black Viper MK14 S	4,20 m / 14'	3	160 g	1,46 m	340 g

Code	Model	provided Feeder Tips
1813 420	Black Viper MK14	2 oz, 4 oz, 5 oz
1813 421	Black Viper MK14 S	3 oz, 4 oz, 5 oz

Black Viper MK15

For extreme feeder situations, the Black Viper MK15 comes into its own: Despite its light weight and astoundingly slim blank, this rod has so much power that no feeder is too heavy! Feeders of over 250 g are handled with ease. This makes the Black Viper MK15 ideal for large continental rivers such as the Danube, Rhine and Main.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1813 450	Black Viper MK15	4,50 m / 15'	3	250 g	1,56 m	394 g

Code	Model	provided Feeder Tips
1813 450	Black Viper MK15	3 oz, 4 oz, 5 oz

Black Viper Spare Tip

Ultra-sensitive, perfectly finished spare quivertips for the Black Viper series of rods.

12201 006	King Feeder Quiver Tip	0,70 m	4 oz
12201 007	King Feeder Quiver Tip	0,70 m	5 oz

King Feeder Ultralight/Braid

These rods have been specifically designed for fishing with non-stretch braided lines - which need soft action rods to prevent hooks pulling from fish. The high-carbon blanks retain enough "backbone" for casting feeders, but have a forgiving through-action, which is equally useful for fishing with fine hooklengths for soft mouthed bream. Available in two lengths.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
12201 331	King Feeder Ultralight/Braid	3,30 m / 11'	2	30 - 60 g / 3 - 6 lb	1,68 m	213 g
12201 360	King Feeder Ultralight/Braid	3,60 m / 12'	2	30 - 60 g / 3 - 6 lb	1,25 m	230 g

Code	Model	provided Feeder Tips
12201 331	King Feeder Ultralight/Braid	0.75 oz, 1.0 oz, 1.5 oz
12201 360	King Feeder Ultralight/Braid	1 oz, 1.5 oz, 2 oz

King Feeder Light/Medium/Power

These slim and light rods have classic soft & medium actions for typical medium distance feeder fishing on lakes and slow flowing rivers. The light rod is perfect for skimmers on light tackle. The medium version has more power in the lower sections for longer casting and/or bigger feeders. These are good "do everything" rod for anglers looking for a general purpose feeder rods. Range includes a practical 11'/13' multi-length rod. The base 11' / 3.30m rod is perfect for close to mid range fishing, including for match sized carp. The rod's "medium" action is maintained at both lengths, making it the perfect all-round feeder rod.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
12201 330	King Feeder Multi-Length	3,30 - 3,90 m	2	60 g / 3 - 6 lb	1,35 m	250 g
12201 361	King Feeder Light/Stillwater	3,60 m / 12'	3	80 g / 3 - 6 lb	1,25 m	252 g
12201 362	King Feeder Medium/River	3,60 m / 12'	3	100 g / 3 - 8 lb	1,25 m	249 g
12201 363	King Feeder Power/River	3,60 m / 12'	3	140 g / 5 - 10 lb	1,25 m	265 g

Code	Model	provided Feeder Tips
12201 330	King Feeder Multi-Length	1 oz, 1.5 oz, 2 oz
12201 361	King Feeder Light/Stillwater	1 oz, 1.5 oz, 2 oz
12201 362	King Feeder Medium/River	1.5 oz, 2 oz, 2.5 oz
12201 363	King Feeder Power/River	3.0 oz, 4.0 oz, 5.0 oz

King Feeder Distance/River

These are the "stepped up" members of the King Feeder rod family. Still very light and slim, they have medium to heavy actions for when extra power is needed for more powerful rivers or casting heavier feeders longer distances. However, the blank has been carefully designed so that they are still forgiving enough to be used for bream etc. There are two 13' / 3.9m versions for when extra length is needed for longer casts and/or use on wider rivers.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
12201 390	King Feeder Distance/River	3,90 m / 13'	3	100 g / 3 - 8 lb	1,36 m	289 g
12201 391	King Feeder Distance/Power	3,90 m / 13'	3	140 g / 3 - 8 lb	1,36 m	314 g

Code	Model	provided Feeder Tips
12201 390	King Feeder Distance/River	1.5 oz, 2.0 oz, 3.0 oz
12201 391	King Feeder Distance/Power	2.0 oz, 3.0 oz, 4.0 oz

King Feeder Ultra Distance

The "Kings" of long casting. Two powerful 14'/4.2m rods that will cast feeders to the horizon ! Both rods are also perfect for very large and powerful rivers where the extra length helps keep the line off the water and helps control hard fighting fish in strong currents. Designed for situations or anglers that need a long and very powerful feeder rod that will cope with the biggest cast with the biggest feeder on the biggest lake or river. The "Big Daddies" of powerful feeder rods!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
12201 420	King Feeder Ultra Distance	4,20 m / 14'	3	120 g / 3 - 8 lb	1,46 m	370 g
12201 421	King Feeder Ultra Distance Power	4,20 m / 14'	3	160 g / 3 - 8 lb	1,46 m	399 g

Code	Model	provided Feeder Tips
12201 420	King Feeder Ultra Distance	2.0 oz, 4.0 oz, 5.0 oz
12201 421	King Feeder Ultra Distance Power	3.0 oz, 4.0 oz, 5.0 oz

Black Magic® Competition Carp

A range of three quality carbon rods mainly designed for match-sized carp, but also good for small rivers. The 8' / 2.5m "Picker" makes accurate casting to around 25m easier and fish can be landed very quickly. The classic 10'/3.0m "Bomb" and 11'/3.3m Light Feeder are adaptable rods suitable for the method or conventional feeder fishing for a wide range of fish, winter or summer, due to their forgiving "all-through" actions. These rods are really enjoyable to use as they are so sensitive and light when playing fish. All are supplied with 2 quivertips.

Code	Model	Length	Sections	C.W.	Tr.-Length	Line Class	Weight
12200 250	Picker	2,50 m / 8'	2	50 g	1,28 m	3 - 8 lb	207 g
12200 300	Bomb	3,00 m / 10'	2	80 g	1,54 m	3 - 8 lb	242 g
12200 330	Carp	3,30 m / 11'	2	80 g	1,68 m	3 - 8 lb	293 g

Code	Model	provided Feeder Tips
12200 250	Picker	1oz, 2oz
12200 300	Bomb	1oz, 2oz
12200 330	Carp	1oz, 2oz

Black Magic® Competition Feeder

These are general purpose, "do anything", carbon feeder rods that will handle every form of feeder fishing. If you only want one rod for all your feeder fishing, rivers and lakes, then choose one of these! Capable of casting larger feeders over good distances, but still soft enough for use at close distances with light lines for smaller fish. The River Feeder version is designed for bigger feeders, bigger fish and, if needed, longer casts so is good if using large method feeders, or on powerful rivers where the rod needs to have some "backbone" and take some abuse ! Supplied with 2 quivertips.

Code	Model	Length	Sections	C.W.	Tr.-Length	Line Class	Weight
12200 360	Stillwater Light	3,60 m / 12'	3	80 g	1,24 m	3 - 6 lb	326 g
12200 361	River Medium	3,60 m / 12'	3	100 g	1,24 m	4 - 8 lb	351 g

Code	Model	provided Feeder Tips
12200 360	Stillwater Light	1oz, 2oz
12200 361	River Medium	2oz, 3oz

Black Magic® Competition Power

Two longer versions of the BM Power Feeder rod for long casting and/or big rivers. Will comfortably cast big feeders long distances or tame big river fish like barbel. These are tough rods for tough situations! The 14'/4.2m rod is very powerful and designed for extra long distance casting with large feeders or other types of "heavy duty" fishing. Strong and reliable, these rod will handle the most demanding types of fishing. Supplied with 2 strong carbon quivertips to match the rods action.

Code	Model	Length	Sections	C.W.	Tr.-Length	Line Class	Weight
12200 390	Distance	3,90 m / 13'	3	120 g	1,35 m	4 - 8 lb	429 g
12200 420	Max Distance	4,20 m / 14'	3	140 g	1,45 m	4 - 8 lb	532 g

Code	Model	provided Feeder Tips
12200 390	Distance	3oz, 4oz
12200 420	Max Distance	3oz, 4oz

Black Magic Feeder

Outstanding feeder rods with an excellent price-performance ratio. The slim-line, weight-saving SIC rings contribute to an attractive high-quality finish and make the rods particularly responsive. There has never been a better feeder rod in this price range.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1485 360	LM	3,60 m	3	60 g	1,25 m	277 g
1486 360	M	3,60 m	3	80 g	1,26 m	293 g

1487 390	MH	1 oz, 2 oz, 3 oz
1487 420	MH	1 oz, 2 oz, 3 oz

Backfire Method Mania

Universal feeder rod range particularly suited to Method fishing. Our testers did not want to put the prototypes down. Even the 3.6-metre models achieved casting distances of around 100 m with effortless ease. Besides the excellent casting properties, the rods also impress with their harmonious action that almost eliminates pull-outs during a fight.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight

Available from December!

Sphere MgTi

Fantastic match and feeder reel series with ultra-light magnesium body! The rotor is reinforced with carbon fibre, the titanium axle is indestructible and the line guide has been coated with titanium for durability and optimal line protection. This series offers the right size reel for every application in modern coarse angling.

Standard Technical Equipment:

- Rotor in C4LF™ Carbon
- Ultra-light magnesium housing
- Front drag with Magnum carbon drag discs
- Slimline handle
- Titanium-nitride-coated line roller with anti-twist system
- Thick bail arm for optimal balance
- Extra-strong stainless steel main shaft
- Duraluminium spool with anodized front edge and anti-slip spool core
- Spare spool with special Anti-Slip-Core for braids
- Two-speed oscillation system
- Rapid line retrieval
- Continuous anti-reverse
- Outstanding line protection line clip

King WS FD

The reel series impresses with optimal line distribution thanks to the worm-shaft gears. The metal body makes the reel incredibly robust, ensuring a long service life. The Triple Gear Drive increases power transfer tremendously and makes this reel series a reliable partner for feeder anglers.

Standard Technical Equipment:

- Rotor produced in aluminium to be completely distortion-free
- Aluminium body and sidecovers
- Large-surface multi-disc front drag system
- CNC stainless steel handle
- Anti-twist line roller
- Thick bail arm for optimal balance
- Robust worm shaft power gears
- Shallow aluminium spare spool
- Wormshaft oscillation system
- Continuous anti-reverse

Double Handle included.

Xitan MF

Impressive reel with large spool diameter for match angling. The ultra-smooth and progressive carbon drag system and carbon handle, with an additional double handle supplied, will satisfy even the most demanding match angler. The specially designed line clip has a protective coating to prevent line damage. The line roller runs on ball bearings making the reel incredibly smooth and powerful.

Standard Technical Equipment:

- Finely adjustable front drag
- Non-twist line roller supported by ball bearings
- Shallow aluminium spool
- Shallow aluminium spare spool
- Continuous anti-reverse

Hybrid CF

A good quality and durable front drag reel with all the advanced features needed when targeting quality fish. The ultra smooth and strong gear set is reliable when the pressure is on – these reels won't let you down. These reels look good with a classy, subdued finish that matches our superb Hybrid rods.

Standard Technical Equipment:

- Balanced rotor, producing silky smooth action
- Finely adjustable large-surface front drag
- Balanced handle
- Non-twist line roller
- Flat, perforated surf long cast aluminium spool
- Spare spool
- S-curve line distribution
- Continuous anti-reverse

Hybrid BF

The same quality, features and reliability of our Hybrid Com FD reel, but with a rear drag and the ever popular run control facility. An ultra smooth and strong reel that is a flexible choice for anglers needing a reel to cover all methods and styles of fishing. The small size reel is a light, compact but strong alternative to large run control reels. These reels look good with a classy, subdued finish that matches our superb Hybrid rods.

Standard Technical Equipment:

- Robust nylon housing
- Powerful multi-disc front drag system
- Finely adjustable run control system
- CNC stainless steel handle
- Deep aluminium spool
- Deep aluminium spare spool
- S-curve line distribution

Black Viper Long Ranger

The Monster Feeder Reel: When it comes to feeder fishing at ultra-long distances, you need a large enough feeder reel with a sufficient retrieve speed for checking the bait and re-filling the feeder. At the same time, the gears have been produced in sufficient size to withstand the huge stresses created by constantly reeling in with a load. The ultimate weapon for long-range feeder anglers.

Standard Technical Equipment:

- Balanced rotor, producing silky smooth action
- Large-surface multi-disc front drag system
- CNC stainless steel handle
- Anti-twist line roller
- Robust worm shaft power gears
- Ultra-light skeleton spool
- Continuous anti-reverse

Black Viper MK FD

Browning have a lot of expertise in producing specialist tackle purpose designed for the long-distance feeder fishing which is common in mainland Europe. The Black Viper MK 850 FD is an example of a specialist reel packed with features specifically for medium to long-range feeder fishing. Sophisticated wormshaft gears have been used to ensure effortless retrieve and perfect line lay - particularly important for long-distance casting and when using braided lines. This is further enhanced by the large, wide and shallow spool design which can be perfectly filled without resorting to lots of backing. In summary, a purpose designed product that will out-perform conventional reels for this style of fishing.

Standard Technical Equipment:

- Electronically balanced lightweight rotor (LWR)
- Large-surface multi-disc front drag system
- CNC stainless steel handle
- Non-twist line roller supported by ball bearings
- Robust worm shaft power gears
- Aluminium Long Stroke™ spool
- Aluminium spare spool
- Wormshaft oscillation system
- Continuous anti-reverse

Dual-Distance-Clip-Concept

Black Viper MK BF

Another member of the Black Viper MK 850 BF family of over-sized reels, with same specialist design, features and wormshaft gearing as the other two reels in the range, but incorporating a run control facility. An alternative to conventional carp-oriented run control reels. Perfect for long-distance fishing with finer lines or braid for species like bream and tench.

Standard Technical Equipment:

- Electronically balanced lightweight rotor (LWR)
- Large-surface multi-disc front drag system
- Finely adjustable run control system
- CNC stainless steel handle
- Non-twist line roller supported by ball bearings
- Robust worm shaft power gears
- Aluminium Long Stroke™ spool
- Aluminium spare spool
- Wormshaft oscillation system
- Continuous anti-reverse

Force Feeder Extreme FD

Feeder fishing at 100 meters distance? Unthinkable some years ago, now a standard distance for many pros. However, rather than resorting to a traditional surf reel, they should really take a closer look at the Force Feeder. Never has there been a more uncompromising feeder reel for extreme casting distances. Gear ratio, line capacity, spool design, transmission power – all have been optimised for this precise purpose. Test anglers were immediately impressed.

Standard Technical Equipment:

- Balanced rotor, producing silky smooth action
- Finely adjustable front drag
- Shallow aluminium spool
- Spare spool
- Wormshaft oscillation system
- Continuous anti-reverse
- Bail Release Protection prevents the bail arm from closing prematurely on the cast
- 2 non-twist line rollers and large diameter bail

Backfire II FD

A slick yet functional edition of the most successful Browning match reel in recent years. Its outstanding feature is the large diameter shallow spool which minimises the irritating and tangle causing coiling which often occurs when using thicker lines on small spools. The large spool also adds to casting distances. A compact and perfect reel for pellet waggler, bomb or small method feeder fishing.

Standard Technical Equipment:

- Robust nylon housing
- Powerful multi-disc front drag system
- CNC stainless steel handle
- Deep aluminium spool
- Shallow aluminium spare spool
- S-curve line distribution
- Continuous anti-reverse

Backfire II BF

All features of our Backfire FD reel but with the added benefit of a reliable run control system. Fans of run control reels have a choice of two sizes of Backfire, the larger size being perfect for heavy feeder, method and big waggler fishing. The big spool adds meters to casting distances with thick lines.

Standard Technical Equipment:

- Robust nylon housing
- Powerful multi-disc front drag system
- Finely adjustable run control system
- CNC stainless steel handle
- Deep aluminium spool
- Shallow aluminium spare spool
- S-curve line distribution
- Continuous anti-reverse

Screw fitting compatible with other popular brands

Pole Cup Set

Pole cups are now allowed in matches under CIPS rules making them indispensable in all forms of fishing. Available in a set containing the most common sizes. Marked with mil-litre measures to enable precise measuring of feed. Pole cups are fitted using the supplied adapters or with the special cupping kits (or power kits). Set includes 100ml, 150ml, 250ml.

Code
6789 003
Trade Pack 5 Pieces

Multi Cupper

Innovative cup variant allowing groundbait balls (top) and loose particles or baits (bottom) to be delivered to the swim. The lip of the cup has been designed to ensure the risk of bait tipping out is minimal.

Code	Contents
6789 004	250 ml

Groundbait No. 1

The most versatile groundbait in the Champions Choice line. No. 1 can be used as a base mix with all of our other groundbaits. It is suited for very dry use as an explosive feeder mix or watered down for use on lakes and rivers. This mix has been used successfully for years by the Browning Team, which is a testament to its quality. The dark colour comes solely from the use of natural flours. The slightly bitter aroma of this groundbait holds fish in the swim for long periods. Grain size: medium – fine.

Supplied as: 6 x 1 kg bags of each type in package
Trade Pack 6 Pieces

Groundbait Grand Slam

Brown groundbait for enticing shoals of bream. A sweet groundbait which is both intensively attractive and highly adhesive, making it perfectly suited to mixing with large volumes of bait and/or particles. Grand Slam is particularly successful when used in conjunction with chopped worms and casters. Even large specimen bream are held in the swim for long periods. Grain size: large. Adhesion: strong.

Trade Pack 6 Pieces

Groundbait Etang

As the name suggests, this groundbait is ideal for use on ponds, lakes and slow flowing water. The groundbait is highly active in the water and has a high crushed hemp content, which attracts fish to the swim from long distances. The combination of attractors is irresistible to large bream and roach. Stillwater is perfect for use with bloodworm and joker and mixed on the dry side works in the water for hours. Grain size: small.

Trade Pack 6 Pieces

Groundbait Canal

Canal has a distinctly aromatic scent which is irresistible to large roach, bream and silver bream. The groundbait is made from the finest breadcrumb with a roasted aroma and has a low saturation value. Canal is perfect for use with bloodworm and joker as there are no salty ingredients to damage the bait. This low food content brown coloured groundbait is well suited to all types of canal. Grain size: medium.

Groundbait M7

Legendary Dutch feeder groundbait for use on lakes and rivers. For stillwaters, M7 is soaked an hour before fishing and passed through a medium sized sieve to retain its explosiveness. For rivers, M7 should be soaked the evening before fishing to ensure that it sinks properly without floating particles being carried away. Moisten again slightly before fishing and pass through a medium sized sieve. With M7, even the smallest quantities of groundbait can hold large groups of fish in the swim for long periods. The groundbait is very filling and has a sweet scent and flavour. Grain size: large.

Groundbait River

An allround match fishing groundbait with very strong binding properties and long lasting effect, suitable for all large fish and bream in particular. River is perfect for use on large flowing rivers with plenty of boat traffic. This groundbait can be combined with large quantities of particles to keep fish searching throughout your match. Its unique blend of aromas is virtually unbeatable. With the addition of a little water the groundbait can also be used to good effect at long distances with the match rod. Grain size: medium.

Verbesserte Formel!

Groundbait Big Fish

A heavy, bright yellow groundbait for large fish such as bream, tench and carp. The strong binding properties and long lasting effect ensures that this groundbait holds large groups of fish for sustained periods. This groundbait is best combined with large volumes of particles such as maggots, casters, worms and gravel. The sweet scent of almond is irresistible to huge specimens. Big Fish is suitable for use on large rivers and lakes. This groundbait is best mixed wet to ensure an inert mix favoured by large fish. Grain size: large.

Groundbait Black Magic®

Groundbait for the most difficult conditions! The very dark, almost black colour makes this groundbait perfect for fishing in clear water. The special colouration makes Black Magic® perfectly suited to the lake or river bed, leading the fish straight to the feeding site and keeping them there. Black Magic® has highly active ingredients which roach especially find irresistible. The selected combination of attractors makes the scent and flavour attractive to all types of silver fish. Grain size: medium.

Groundbait Gardons

Specifically developed for targeting larger roach on canals and rivers, Gardons has just the right properties to attract and hold specimen fish in your swim and to keep them feeding. With few active ingredients the fish will concentrate directly on the feeding area. The distinctive aroma of ground spices is irresistible to large roach and bream. Grain size: large. Adhesion: medium.

Trade Pack 6 Pieces

Groundbait Red Roach

A roach groundbait without an equal. The rich red colour of the groundbait provides an unbeatable advantage on coloured waters and in spring. Only the best high quality ingredients are used for Red Roach. The distinctive scent of roasted hemp combined with a special mixture of additives is irresistible to large roach and skimmer bream. Red Roach can be used on slow flowing canals and stillwaters and is perfect for use with bloodworm. Grain size: medium. Adhesion: medium.

Groundbait Friture

When your aim is to net as many small fish as possible in a limited amount of time, you require a groundbait that is both highly attractive and that has a perfect clouding effect. In addition, the ground bait must not be too filling. "Friture" has been specially designed for these requirements. The angler can determine the consistency by regulating the amount of water added. This makes the groundbait suitable for both rivers (wet mix) and stillwaters (relatively dry mix).

Groundbait Tench

This unique Tench mixture from the 'Champions Choice' groundbait range has been specially designed to attract tench, but also holds a magical appeal for huge bream and carp. The binding strength has been formulated to maximise catch rate in lakes and slow flowing rivers. The groundbait receives its dark colouration from the finest fish meal. The fishy aroma with a subtle hint of sweet biscuit attracts large specimens quickly and holds them in the swim for long periods. Grain size: medium, Binding strength: medium.

Groundbait Easy Cheesy

Developed for barbel fishing on large rivers, the distinctive parmesan cheese scent is irresistible to barbel. Easy Cheesy contains large red food particles which are slowly released from the balls of groundbait into the current, attracting fish from large distances. The strong binding properties of the groundbait provide a long lasting effect, holding fish in the feeding area. The groundbait can also carry large quantities of live bait and particles. Grain size: large. Adhesion: very strong.

Groundbait Sweet Breams

A vivid yellow groundbait for attracting shoals of specimen bream. The yellow colour becomes even more intensive when wet. Sweet Breams has a unique almond scent which bream simply cannot resist. Principally for use in the summer months the groundbait has good binding properties making it perfectly suited to attracting and holding large shoals on lakes and large rivers. Grain size: large. Adhesion: strong.

Groundbait England

Three groundbaits were developed specially for the requirements of the English market. To be a successful carp mix in England, all of these groundbaits contain fishmeal and or spirulina (ground algae) and are finely ground. During testing, our test anglers almost always enjoyed better catches than their neighbours. Guess why ?… Make sure you don't miss out on this advantage over the opposition! These three mixes also consist of exclusively natural basic ingredients and flours, meaning that they pose no threat to the environment or the fish.

Groundbait All Seasons

An excellent, versatile groundbait in the Champions-Choice bait range. The intensive aroma of this combination of spices particularly draws roach, bream and silver bream to the swim. The slightly dark colour comes solely from the use of natural feed and spices. These ingredients achieve a successful balance between the needs of winter angling, when the fish are somewhat choosy, and fishing at warmer times of year when they are filling their hungry mouths. A true all-round blend for all types of water. Grain size: medium-fine

Competition Groundbait Range

A groundbait that works equally well in slow currents as it does on stillwaters. The mix is sweet, does not bind too firmly and attracts fish like a magnet. As is traditional from Browning, we only use the highest quality cereals, particles, spices and flavours. With its light-brown colour and blend of flavours and spices, Grand Competition attracts all varieties of large silver fish as if by magic. To mix the groundbait to the correct consistency, we recommend that it is thoroughly dampened around one hour before using and then passed through a medium-sized riddle. Grain size, medium.

Competition Groundbait Range

To ensure groundbait reaches the bottom of rivers with a fast flow or deep water, the mix must be heavy, bind well and not break up on the way to the bottom. It needs to sink quickly and not be swept out of the swim, and also be capable of carrying large quantities of loose feed. These are the exact properties that make our River Competition mix one of the best flowing-water groundbaits on the market. We only use the very best ingredients combined with a sweet mix of flavours and spices. The red particles used give the groundbait that final kick of attraction. Grain: Medium

Groundbait Crispy Carp

When it comes to selectively attracting big fish such as carp and bream, and then holding them in the swim for long periods, a very coarse groundbait with plenty of particles is ideal. Crispy Carp binds well and therefore allows large amounts of additional loose feed to be included in the mix. With its light colour and intensive fruity aroma, the groundbait is perfect when large numbers of big fish are expected. As is traditional from Browning, we only use the highest quality ingredients for our Crispy Carp. The special feature is the cornflakes which give the groundbait an unmistakable appearance.

Groundbait Crispy Big Bream

A genuine all-round groundbait for big fish. Mid-coloured so will not spook wary bream etc. The large cornflakes give the groundbait a striking appearance both in the bucket and on the bottom! The mix is enhanced by sweet vanilla to give extra attraction and to hold inquisitive fish in the swim for long periods. Crispy Big Bream is designed for use on stillwaters or slow flowing rivers. It can carry good quantities of live loose feed without binding too strongly and or breaking up.

Competition Groundbait Range

It's essential that a method feeder groundbait binds sufficiently to hold on the method feeder on long casts, remains in the feeder while sinking, but then release quickly on the bottom to create a cloud without any active particles. We've combined all of these properties in our Method Competition groundbait and have used the highest quality ingredients and flavours. With its light and reddish colour, the combination of shrimp and fish meal, and unique consistency, the groundbait is sure to be immediately effective on even heavily fished waters. Grain: very fine

Code
9963 010

Groundbait Wild Black River

Dark groundbait with a quite special aroma thanks to the use of Copra Melasse and PV 1. When the groundbait is wet, the colourful particles give it a quite unique appearance creating an unmissable feed carpet for the fish. This ensures the fish remain in the swim even after several hours. With no additional aromas, allowing the angler to add his own favourite scents to the groundbait.

Code	Contents
3970 072	1 kg

Trade Pack 6 Pieces

Groundbait Boombastic Bream

Sweet, yellow and extremely attractive! An ideal groundbait when bream, silver bream and orfe are on the menu and you want your keepnet filled to bursting. The pleasant aroma is created by the flours used, without the use of any additives. This leaves the angler free to add his own favourite scents. The use of sweet biscuit makes the groundbait particularly suited to flowing water.

Groundbait B22 Match

The basic groundbait but with extreme attraction. Best used as part of a mix. In clear water include as 10 to 20% of your groundbait mix. In very coloured water the proportion can be increased to more than 50%. The low binding properties, fine grain size and overall low dimensional weight make B22 highly versatile.

Code	Contents
3970 021	850 g

Supplied as: 6 x 1 kg bags of each type in package
Trade Pack 6 Pieces

Groundbait B22 Gardon

In contrast to the standard B22, this groundbait is designed specifically for targeting roach. The hemp and shredded coconut ingredients particularly appeal to roach. The groundbait has low binding properties which rapidly creates a dark carpet of feed on the bottom. The crushed hemp, unique mix of the individual ingredients and magical aroma combine to create a veritable fish magnet in the swim.

Supplied as: 6 x 1 kg bags of each type in package
Trade Pack 6 Pieces

Groundbait B22 Feeder

For the first time, the B22 aroma is available in a special feeder groundbait. The shredded coconut and wheat bran included ensure that B22 Feeder binds for casting but rapidly bursts from the feeder when it hits the bottom. The resulting groundbait carpet has a light brown colour laced with fish-attracting red particles that hold fish in the swim for long periods despite the small amount of feed.

Krazy Sweetner

'Krazy Sweetner' is the ideal solution for sweetening groundbait. Carp, bream, tench and other silver fish love a sweet flavour. Krazy Sweetner is many times sweeter than ordinary sugar and is made from sodium-saccharin (around 300 times sweeter than sugar), NHDC (around 1,500 times sweeter) and purely natural, intensively sweetening plant extracts. In contrast with other sweeteners Krazy Sweetner lacks the customary bitter after taste. Recommended dosage: 1 teaspoon per approx. 1-3 liters of groundbait.

Code	Contents
3935 015	400 ml

Trade Pack 6 Pieces

Krazy Glue

'Krazy Glue' is perfect for forming handfuls of maggots into small balls. Simply remove any sawdust from the maggots and to achieve maximum results preferably clean with Browning Champions Choice 'Krazy Clean'. Then add a little water but do not get the maggots too wet. Then sprinkle Krazy Glue over the top. Slowly mould the maggots together to form the desired ball size. You may want to add in some grit previously to make the balls heavier. Once completed the balls will break up quickly in the water.

Trade Pack 10 Pieces

Pellet Pump

Gone are the days when it took an eternity for pellets to be ready for use. With the Browning Pellet Pump, it takes literally seconds for floating, hard pellets to be saturated with water and become soft and pliable. Simply put pellets and water in the container, close the lid and expel the air from the container with the pump plunger. Then press the valve on the lid and allow the air back in, the pellets are now ready and the lid can be removed. An indispensable tool for all coarse anglers.

8062 001	0,50 l

Trade Pack 6 Pieces

Artificial Sweetcorn

This artificial sweetcorn can be used directly on the hook or on the hair, where it will not be stolen by feeding fish. Amazingly, our tests showed that fish took the artificial corn as eagerly as the real thing. Obviously the appearance is more important than the texture. And if you are still not confident, you could always dip the artificial corn in a flavouring before use. Swells slightly.

Reely Greasy

Reely Greasy protects reel gears from wear, abrasion and corrosion. With its PTFE-based formula, developed during extensive testing, it offers excellent properties at both high and low ambient temperatures and with sudden changes in temperature. In addition, Reely Greasy provides optimal adhesion to gear components.

Super Slippy

Super Slippy is a universal lubricant which, when dry, forms a thin film with an extremely low friction coefficient and provides extreme slippage and excellent anti-stick properties. The barely visible and highly adherent PTFE film contains no grease, oil or silicone and so does not attract dust particles.

CC Competition Seatbox

Browning Maxi-Lite Seatboxes – modern, good looking and very practical. Browning's range of seatboxes have been carefully designed to be compact and light in weight, but still provide plenty of space for rigs and tackle. The main frame of the box is more compact and lower in height than similar designs. This makes easier for a wider range of anglers to find a comfortable seating position. The new style cassette footplate design is compact and light in weight, but keeps the box very stable and secure. The Competition seatbox is supplied with a totally new design of adjustable short leg is available for anglers who mainly fish from platforms. This leg has reduced height adjustment, but keeps the box very low to the ground and is generally more compact than full length legs. Conventional standard height adjustable legs are also available.

The Maxi-Lite Competition Box features::
- Underseat 20mm tray
- 35mm deep, side opening drawer:
- 2x 20mm shallow tray for pole winders
- 80mm deep tray
- Tray lid unit
- The new design of multi-adjustable short leg. Additional trays are available.

Cruiser Trolley

A "Formula 1" trolley! The tricycle design is stable and very easy to push without any lifting. However, on areas of rough ground it can still be lifted and pushed as a conventional "wheelbarrow" trolley. All wheels are fitted with ball bearings for effortless pushing and the handle is height adjustable for comfort. The design is compact and stores nearly flat when taken apart for easy transport. Has a removable "drop" bag that sits between the base frame tubes and is useful for clothing etc. Suitable for Browning and most other similar seatboxes on the market.

Code	Length	Width	Weight

Xitan Compact Seat Box

An alternative Xitan box for anglers looking even lighter weight and greater flexibility. The frame of the Compact box frame is around 25% lighter than other Xitan boxes, The height adjustable top frame allows trays to be "stacked" above the frame, but still allows the distance between the footplate and seat cushion to be adjusted for comfort. The box still has a sliding type footplate to maintain rigidity and to make the box very stable. The Compact Box is fully compatible with all Xitan seatbox parts so additional trays can be added to fully customise the box to your needs.

Code
8017 003

Feeder Chair

A lightweight and practical chair for feeder and stationary fishing. The sturdy backrest with adjustable inclination ensures optimal seating comfort. Each of the four telescopic feet (Ø 25mm) can be adjusted in height. The seat is very comfortably upholstered. There is a shallow fold-out storage compartment underneath the seat. The feeder chair comes with a fabric case.

Code	Weight	Content
8018 001	6,2 kg	1

NEW

Xitan Roto Chair

Flexible, rotating chair for feeder fishing with folding backrest and four height-adjustable legs. All customary 25mm add-on accessories can of course also be used with this chair thanks to the corresponding leg diameter.

Distance Master

A line measuring device that guarantees accurate distance casting every time, especially when multiple rods are set-up to fish the same distance. Much easier and more accurate than counting reel turns or pacing line out along the bank! The set includes poles with line protecting bobbins and a measuring cord.

Code	Length	Content
8204 004	70 cm	1 pcs

Target Board, illuminated

A dream for every feeder angler! Now you can always keep your focus on your bite indicator – the rod tip. Against the white background with vertical black lines, even the slightest twitch will not go unnoticed. In twilight and at night, the energy-saving LED lighting helps you to keep sight of the rod tip. 3 x AAA Batteries not included

Compact Flat Bed Roller

New compact version.

Code	Width	Height	Weight
8201 028	56 cm	50 - 80 cm	1,3 kg

Tripod, tough

Highly robust tripod. Stands extremely firm in all kinds of weather.

Code	Height	Weight
8201 017	55 - 95 cm	1,5 kg

Tripod

On hard, uneven ground a tripod is your best bet for mounting rod rests. Extendable in three places with hook for hanging stabiliser weights. 48cm - 108cm.

Code	Height	Weight
8201 008	42 - 88 cm	1,3 kg

Flat Bed Pole Roller

A traditional and popular design of flat bed roller. The 2 roller sections provide a wide „target" area and effectively act as 2 rollers if breaking a pole down twice. Good quality, light in weight but very stable due to the roller width and wide angled telescopic legs. Supplied in carry bag.

Code	Width	Height	Weight
8201 027	56 cm	50 - 80 cm	1,57 kg

W Pole Roller

A new style of flat bed roller combining the best aspects of flat and V rollers. The unique W shape always moves the pole gently over to the side roller when shipping back. This eliminates the section breaking danger of poles being blown across and out of the flat roller in windy condition. The 2 roller sections provide a wide „target" area and effectively act as 2 rollers if breaking a pole down twice. Has telescopic folding legs and is supplied with carry bag.

Code	Width	Height	Weight
8201 026	56 cm	50 - 80 cm	1,57 kg

Compact Rod Holdall

A compact rod/pole bag for anglers who like to carry less tackle. Will take 3 large tubes, so plenty of space for rods and/or a short pole. Has a long front pocket for an umbrella or banksticks etc., padded shoulder strap and carry handle. Material: 600 D Nylon

Code	Length	Width	Height
8527 015	175 cm	11 cm	8 cm

Black Magic® Match Holdall

A conveniently sized pole/rod holdall big enough for most anglers' needs. The large single compartment will carry 6+ large rod tubes with ease and has two separate front pockets for an umbrella plus banksticks etc. Rubberised base, comfortable padded carry handles and strap.

Code	Length	Tubes/ Capacity
8527 001	1,85 cm	6-8

Black Magic® Compact Holdall

Ideal for the angler who wants, or needs, to carry less. All the same useful features as the Medium holdall but slightly narrower to take 4+ large tubes. Two front pockets will carry an umbrella plus bankstick etc. Rubberised base, comfortable padded carry handles and strap.

Code	Length	Tubes/ Capacity
8527 002	1,85 cm	4-6

NEW

Black Magic® Unhooking Mat/Cushion

Waterproof and fish-friendly unhooking mat with practical dimensions. Folds away, with the help of clips, into a practical, waterproof cushion for the seat box or for sitting directly on the bank. Material: 210 DNylon/Tarpaulin

Code	Length	Width	Content
8517 042	75 cm	45 cm	1 pcs

Black Magic® Match Carryall

A tough, durable carryall with all the features you need. Protective rubberised base with feet, extra large front pocket for keepnets and side trays, plus a zipped side pocket. , comfortable EVA covered carry handles and padded shoulder strap.

Code	Length	Height	Depth
8527 003	50 cm	40 cm	20 cm

Black Magic® Compact Carryall

All the same features as the medium carryall but with the main compartment dimensions scaled down 25% to make a compact, easy to carry bag. Perfect for those who prefer a smaller bag or carry less.

Code	Length	Width	Height
8527 004	40 cm	50 cm	20 cm

Black Magic® Compact Net Carrier

Identical design to the Multi Net Carrier bag but with a single zip-up main keep-net compartment plus separate front pocket with clipped flap for net heads, weigh sling or unhooking mat etc..

Code	Length	Width	Height
8527 005	55 cm	47 cm	10 cm

Black Magic® Multi Net Carrier

Traditional style carry bag for nets in a durable material with rubberised base to resist wear. Two large zip-up main compartments for multiple keepnets, plus a useful separate front pocket, with clipped flap for landing net heads, weigh sling or unhooking mat etc.

Code	Length	Width	Height
8527 006	55 cm	47 cm	19 cm

Black Magic® Accessory/Reel Bag

A multi-purpose zip top bag with 1001 uses. Has moveable internal partitions, so can be adapted for a variety of uses. Large enough for 2 reels or 1 reel plus multiple spare spools.

Code	Length	Height	Depth
8527 007	26 cm	15 cm	10 cm

Xitan Mega Competition Pole Holdall

Smart rod/pole holdalls. Each has been made slightly oversized, so zips are not strained if used with large tubes, and feature a single large and deep front pocket with long zip that will carry long and bulky accessories. A side quiver allows an umbrella to be carried outside the main holdall. The holdalls have a rubber reinforced base to resist wear. This holdall will actually carry more than 12 tubes. The 12 tube "Mega Holdall" has 2 compartments, both with full zips. It has a huge capacity and is the perfect choice for the angler that likes to carry absolutely everything!

Code	Length	Tubes/ Capacity
8526 002	1,85 m	12
8526 005	2,05 m	12

Xitan Large Competition Pole Holdall

Smart rod/pole holdalls. Each has been made slightly oversized, so zips are not strained if used with large tubes, and feature a single large and deep front pocket with long zip that will carry long and bulky accessories. A side quiver allows an umbrella to be carried outside the main holdall. The holdalls have a rubber reinforced base to resist wear. The 6 tube has a single compartment with full length heavy duty zip. This holdall will actually carry more than 6 tubes and is a good choice for the typical angler.

Code	Length	Tubes/ Capacity
8526 001	1,85 m	6
8526 004	2,05 m	6

Xitan Large Competition Rod Carrier

The ultimate match holdall: The Combo Rod Holdall holds up to 6 rigged up rods (two per section) and all accessories. The rod sections are upholstered and offer 100% protection for your tackle. The shoulder straps are attached to the holdall in such a way that the holdall moulds to the back perfectly when carrying

Code	Length	Compartments
8526 003	1,65 m	3

Xitan In-Line

Very rigid, hardcase rod carriers that will completely protect made-up rods. The oversized reel pouches will accommodate large reels, but also allow multiple rods to be stored “in-line” – a much more compact solution than wide traditional multi-rod carriers. The carriers have full-length zips for easy access. The small size takes up to 2 rods, the large size up to 3 rods.

Code	Length	Tubes/ Capacity
8526 008	1,80 m	2
8526 006	1,80 m	3

Xitan Stiffy Single Rod Carrier

A light hardcase carrier for made-up rods. Instead of full length zips, which can damage or cut the line, these rodcases feature a zip-flap arrangement. The rods are simply slid into a protection tube, then a flap with a built in reel pouch is closed over the reel and zipped up. 100% protection for rod, reel and line. Complete with carry strap.

Code	Length	Tubes/ Capacity
8526 022	1,55 m	1
8526 023	1,75 m	1

NEW

Hardshell Multirod Carrier

Complete protection for made-up rods in this zip-up semi-rigid case. Each bag will carry 2 rods with reels "end-to-end". In 3 sizes to suit different section lengths sizes including a special short case for our Commercial King Wands and Micro Waggler. Material: 420 D Polyester

Code	Model	Length	Width
8526 025	mini	140 cm	17 cm
8526 026	medium	165 cm	17 cm

NEW

Xitan Method Bag

Practical bag particularly suited to the requirements of method feeder anglers. Includes 2 plastic boxes plus 2 internal pockets. A total of 4 compartments. Top and bottom in robust material. Material: 420 D Polyester

Code	Length	Width	Height
8526 015	40 cm	30 cm	30 cm

NEW

Xitan Foldout Carryall

A new design of large carryall with 3 separate compartments to keep tackle organised and tidy. The carryall sections open out to give zip top access to the 2 smaller compartments - so no more "searching" in the bottom of a deep bag for those smaller items! A sensible and convenient way of organising and getting the most of this large carryall's internal space. Material: 420 D Polyester

Code	Length	Width	Height	Compartments
8526 024	60 cm	42 cm	45 cm	3

Xitan Mega Competition Carryall

The Xitan Carryalls have been developed for modern match fishing, where large quantities of equipment are generally carried to the water. The robust material and high quality buckles and fasteners ensure that the bags do not let you down even when filled to the brim. Finished with elegant features such as side handles for easier loading and unloading from the car. XL Model: No match carryall offers more space. With hard base to ensure the carryall always retains its shape. Two side pockets and a large keepnet pocket (e.g. for more than one keepnet) to the front.

Code	Length	Height	Depth
8526 009	60 cm	50 cm	45 cm

Xitan Large Competition Carryall

The Xitan Carryalls have been developed for modern match fishing, where large quantities of equipment are generally carried to the water. The robust material and high quality buckles and fasteners ensure that the bags do not let you down even when filled to the brim. Finished with elegant features such as side handles for easier loading and unloading from the car. L Model: Approximately one third smaller, the ultimate carryall for match anglers – neither too small nor too large, for carrying all essential equipment to the water's edge. Also with hard base, two side pockets and a keepnet section.

Code	Length	Height	Depth
8526 010	58 cm	43 cm	36 cm

Xitan Ultra Cool Bait Bag

Indispensable bag for carrying fresh bait to the water, in any kind of weather. Also useful for storing the angler's food of course… Covered with foil for insulation. Takes up to 6 x 1-l bait boxes. Separate top section for separate storage of bloodworm and joker.

Code	Length	Height	Depth
8526 013	38 cm	30 cm	26 cm

Xitan Medium Match Carryall

Average-sized model with deep front section for storing side trays or several keepnets etc. and two side pockets. Also with carry handles and an adjustable carry strap.

Code	Length	Width	Height
8526 011	45 cm	25 cm	55 cm

Xitan Feeder Bag

Large carryall specially designed for feeder anglers. With reinforced bottom, two side pockets, a large front pocket and, of course, a huge main section. Integrated rain protection, large padded carry strap and two handles for lifting out of the car.

Code	Length	Width	Height

Landing Net No-Snag Latex

Landing nets with latex covered mesh . Long lasting, quick drying, kind to fish and resistant to hooks!

Code	Length	Width	Depth	Size	Mesh
7029 042	50 cm	38 cm	28 cm	M	5 x 5 mm
7029 043	60 cm	48 cm	30 cm	L	5 x 5 mm
7029 044	60 cm	48 cm	35 cm	XL	5 x 5 mm

Landing Net Commercial King

Two perfectly sized landing nets ideal for use on commercial carp waters. One with ultra-fine mesh to prevent snagging of hair-rigs, the other with a more open mesh for faster netting.

Code	Model	Width	Height	Depth	Mesh
7029 041	Speed Scooper	55 cm	45 cm	28 cm	6 x 6 mm

Landing Net Commercial King

Good quality strong nets with a fashionable round mesh shape. Mixed mesh sizes on bottom and side panels allows the net to be pushed through water easily. Very distinctive gunmetal colour.

Code	Model	Length	Width	Depth	Mesh
7029 046	Carp Scooper	50 cm	40 cm	28 cm	2 x 4 mm

Landing Net Hypercarp

A net head for big fish. Very strong with a slightly larger frame, but also with a deep mesh than average that will safely engulf the biggest fish without drama. Also good for fishing from high banks when fish can be lost from shallower nets.

Code	Length	Width	Depth	Mesh
7029 049	65 cm	60 cm	40 cm	4 x 4 mm

Landing Net Power Gold

These perfectly sized, strong, light and good-looking net heads all have metal blocks, brass threads and a D profile frame for total reliability. Available in 2 "Power Carp Gold" sizes.

Code	Width	Height	Depth	Mesh
7029 027	55 cm	45 cm	28 cm	4 x 4 mm
7029 028	60 cm	50 cm	25 cm	6 x 6 mm

Landing Net Commercial King

Good quality strong nets with a fashionable round mesh shape. Mixed mesh sizes on bottom and side panels allows the net to be pushed through water easily. Very distinctive gunmetal colour.

Code	Model	Length	Width	Depth	Mesh
7029 047	Silver Scooper	45 cm	35 cm	28 cm	2 x 4 mm

Hybrid Landing Net Head

Strong reliable landing nets. The net mesh is held inside the frame for strength and to minimise line damage when unhooking fish. The frame shape design helps when netting large fish.

Code	Length	Height	Depth	Size	Mesh
7029 021	55 cm	45 cm	40 cm	L	10 x 5 mm

Foldable Landing Net

LEGENDARY TACKLE SINCE 1933
FIN-NOR

LEVER DRAG 2 SPEED

MARQUESA 2 SPEED

The Fin-Nor "Marquesa-2-Speed" multiplier was crowned best new multiplier reel at the EFTTEX European fishing tackle trade fair in Amsterdam in June 2011, where it was also presented to the public for the first time. The reel, which is CNC-machined from an aluminium block, impresses with its high gear ratio but can also be used in its low-gear-ratio second speed for heavy duty requirements. Such requirements are also supported by the CNC-machined, over-sized gears and the drag with carbon discs as found in really large big-game multipliers. Overall, the reel can create up to 50 pounds of drag pressure. At just over 800-950 grams in weight, the Marquesa-2-Speed is best suited to stand-up fishing and can be used for various other sea angling techniques. Packaging this technical marvel in eye-catching silver and gold is sure to assist its popularity. Sizes 40 and 50 also available with T-Bar.

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight
0619 020	MA20II	275 / 0,35	6.1:1 / 3.1:1	135 cm	7	25 lbs	814 g

0618 040	MA40IIT	400 / 0,40	5.2:1 / 2.8:1	130 cm	7	30 lbs	938 g

STANDARD TECHNICAL EQUIPMENT:

- Housing produced in aluminium to be completely distortion-free
- Finely adjustable lever drag with carbon drag discs
- Stainless steel handle
- Gears made from a super-hard stainless steel alloy
- Second power speed with 3.1 : 1 gear ratio
- Continuous anti-reverse

MARQUESA

The ultimate offering of precision, strength and refinement: Marquesa is ideal for fishing the new, thinner braided superlines in a platform design that is lighter, faster, and stronger than anything you've ever seen on the water. Marquesa is precision-machined from 6061-T6 aluminum, and features one of the strongest drag systems ever put into a reel — stronger, in fact, than many "international-type" reels that are much bigger and heavier. The Marquesa series comes in two models types: a topless model for easy spool access and control, and a model with a top bar (T) that kite fishermen will especially appreciate, as well as the dial that allows custom adjustment of clicker tension. The top bar models (MA20T to MA50T) are pefect for challenging sailfish and the techniques needed to catch them. Marquesas are the perfect reels for tournament fishing or stand-up fishing with newer, stronger lines and fishing techniques. Marquesa is big fish stopping power in a very refined package.

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight

LEGENDARY TACKLE SINCE 1933
FIN-NOR

STAR DRAG

LETHAL LTC H

The Fin-Nor Lethal reels are built to carry on the family tradition, but do so in a smaller, faster, lighter and stronger casting reel design. There's no doubt about strength because no other reels have as large of a main gear, anti-reverse or ball bearings.

STANDARD TECHNICAL EQUIPMENT:

- Fully machined one-piece aluminium housing
- MegaDragTM stainless steel and carbon fibre drag system
- Stainless steel handle
- Oversized stainless steel main gear with brass pinion gear
- Continuous anti-reverse
- Highly audible clicker
- MegaShieldTM multi-layer coating

SPORTFISHER TROLLING LD

A functionally attractive Fin-Nor multiplier with a highly robust drag disc system and Level Wind. In use, this rock solid model is practically foolproof. Available in the two most common sizes for trolling and lighter forms of natural bait fishing. With high-performance gears and carbon drag discs that allow the drag system to bring its full strength to bear. Trolling anglers will quickly appreciate the easily audible clicker which acts as a bite indicator.

STANDARD TECHNICAL EQUIPMENT:

- Robust gear housing made from stainless steel reinforced fibre plastic
- Finely adjustable lever drag with carbon drag discs
- CNC stainless steel handle
- Super-hard, oversized brass gear components

FRONT DRAG BIG PIT

OFFSHORE SPINNING

When it comes to landing truly giant fish, delicate reels are not the order of the day. Lightweight reels and smooth gear actions are just not on the shopping list. What the angler needs is a reel that will never let him down. The Fin-Nor Offshore is the fighting machine that ticks all the boxes. This is no fashion accessory, it is a no-frills powerhouse.

STANDARD TECHNICAL EQUIPMENT:

- Aluminium body and sidecovers
- Oversized multi-stack Offshore drag system
- Machined stainless steel drive and pinion gear

LEGENDARY TACKLE SINCE 1933

LETHAL SPINNING

The Fin-Nor Lethal has earned its rightful place in the Fin-Nor range of fixed-spool reels. Available in four sizes, this workhorse covers a range of applications in sea angling. The reel contains no delicate components, and comes with an anti-reverse that cannot be disengaged. Excellently suited to catfish, predator and sea angling.

STANDARD TECHNICAL EQUIPMENT:

- Ultra-strong aluminium housing, sideplates and rotor
- Finely adjustable, protected Magnum CSC™ front drag system (carbon drag discs)
- Oversized handle knob for optimal power
- Continuous anti-reverse
- MegaShieldTM multi-layer coating

LEGENDARY TACKLE SINCE 1933 FIN-NOR

FRONT DRAG SPINNING

NEW

TIDAL

Indestructible reels have always been one of Fin-Nor's hallmarks. The new Fin-Nor Tidal continues this tradition seamlessly. Besides the twist-free aluminium housing and many existing stainless steel components, the gears have now been optimised for power transfer. This makes the Tidal the ultimate fighting machine for catfish, pike and deep-sea anglers, and at a highly attractive price!

STANDARD TECHNICAL EQUIPMENT:

- Rotor produced in aluminium to be completely distortion-free
- Housing produced in aluminium to be completely distortion-free
- Front drag with Magnum carbon drag discs
- CNC stainless steel handle
- Titanium-nitride-coated line roller
- Thick bail arm for optimal balance
- Extra-strong stainless steel main shaft
- Aluminium Long Stroke™ spool
- Aluminium spare spool
- Two-speed oscillation system
- Continuous anti-reverse

20 YEARS OF SEA FISHING EXPERIENCE

RAINER KORN SPORTFISHER FD

I spent a long time looking for an affordable yet ultra-robust fixed-spool reel for intermediate sea angling. In the Rainer Korn Sportfisher, Fin-Nor has introduced just such a reel into its range. Without unnecessary high-tech frills that mostly fail when it comes down to it! A genuine sea reel with ultra-smooth carbon front drag – particularly important for rapid predators such as halibut, coalfish or sailfish. With robust yet light metal spool and CNC-formed metal handle with ergonomic knob for those hard fights. We have omitted the superfluous and fault-prone switch for turning off the anti-reverse from this reel. Who actually backwinds? The Rainer Korn Sportfisher is available in the two most frequently used sizes: as a 640 and 650 model (250 m/0.28 mm and 235 m/0.30 mm). All reels are supplied with a spare spool. The workhorse is equipped with 6 strong ball bearings. The gear ratios (5.2:1 and 4.9:1) have been selected to enable rapid lure retrieval while allowing the full power of the reels to be exerted on the fish during a fight. I am truly proud of this first Rainer Korn fixed-spool reel! I hope it also lands you some outstanding fish.

STANDARD TECHNICAL EQUIPMENT:

- Metal body
- Front drag with Magnum carbon drag discs
- Oversized handle knob for optimal power
- Super-hard brass transmission components
- Continuous anti-reverse

13004 285	Tidal Seacaster	2,85 m	2	100 - 180 g	1,49 m	352 g

TIDAL SEACASTER

Whether from a small boat or cutter – pirking and jigging are widespread. And with this rod series, you have nothing to fear from the large cod, coalfish or pollock. On the contrary, these rods have sufficient power to reliably bring monster specimens to the surface.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
13003 240	Tidal Baycaster	2,40 m	2	60 - 140 g	1,25 m	272 g
13003 285	Tidal Baycaster	2,85 m	2	60 - 140 g	1,47 m	308 g

TIDAL BAYCASTER

Light sea rod with a medium casting weight. Suitable for flatfish, cod and other species. The robust blanks can also tolerate the occasional impacts that go with the territory during boat fishing.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
13002 210	Tidal Deep Seacaster	2,10 m	2	80 - 300 g	1,12 m	411 g
13002 240	Tidal Deep Seacaster	2,40 m	2	80 - 300 g	1,25 m	462 g

TIDAL DEEP SEACASTER

Equipped for big fish such as catfish, large cod and similar, the Hard Work offers all the advantages of a big fish rod. The uncompromising power, durability and naturally light weight of these rods provide all the ingredients to come out on top against large specimens. And the material itself will tame even the biggest monsters!

13005 240	Tidal Deep Sea Lifter	2,40 m	2	600 g	1,26 m	536 g

TIDAL DEEP SEA LIFTER

The rod for extreme deep-sea fishing, e.g. in Norway, where heavy weights are used and a normal boat rod is no longer up to the job. Combine an unbeatable carbon blank with the finest features and the result is an absolute gem for deep-sea fans.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
13006 240	Tidal Traveller	2,40 m	4	400 g	0,65 m	389 g
13006 270	Tidal Traveller	2,70 m	5	180 g	0,60 m	327 g

TIDAL TRAVELLER

Perfect travel rod for the globetrotting sea angler. This 2.4m, four-piece powerhouse will tame even heavy opponents with ease.

NEW

BOAT

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
13000 240	Tidal Braid Jigger	2,40 m	1+1	12 - 20 lbs	1,77 m	511 g
13000 241	Tidal Braid Jigger	2,40 m	1+1	20 - 30 lbs	1,77 m	527 g

TIDAL BRAID JIGGER

Special rods for vertical jigging. Super-light blank with a somewhat longer design than customary speed-jigging rods. Suitable for universal use in a variety of marine regions. The through action is best suited to the use of low-stretch braided lines and prevents pull-outs with saltwater predators.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
13001 170	Tidal Vertical Jigger	1,70 m	1+1	60 - 120 g	1,07 m	336 g
13001 171	Tidal Vertical Jigger	1,70 m	1+1	150 - 300 g	1,07 m	338 g

TIDAL VERTICAL JIGGER

For speed-jigging! Ultra-light, short rods that punch above their weight. Originally only used in warmer climates such as the Mediterranean for tuna and similar, also perfectly suited to Nordic regions.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
13007 170	Tidal Stand Up	1,70 m	1	12 lbs	1,70 m	376 g

13007 172	Tidal Stand Up	1,70 m	1	30 lbs	1,70 m	401 g

TIDAL STAND UP

For light deep sea fishing, e.g. in the Mediterranean, we have developed this range of short stand-up rods. Strong enough to tame even the most ferocious quarry without a fighting chair. Their quality lies not only in their perfect fighting action, but in first class finishing and robust rod rings.

1789 220	Rainer Korn Valhall	2,20 m	2	50 - 300 g	1,15 m	300 g

RAINER KORN VALHALL

I can only bow in reverence before this rod: so much power in such a slender design – it truly is a little masterpiece for large fish. Its casting weight range of 50 to 300 (!) grams has to be seen to be believed. The 2.2-metre Valhall is ultra-light and highly sensitive, meaning even 40-gram jig heads can be retrieved with perfect control. Should a 40-pound halibut come onto the scene, the Valhall displays its hard, raw side: You would scarcely believe that this slim blank could harness so much power. However, that is exactly how I have designed it. You can fish with it all day without tiring. But at the decisive moment, it brings all the strength to bear that you need when a monster cod or halibut is tearing away at the other end of the line. The Valhall is also available in a 4-piece travel format of the same length.

1785 212	Variado	2,10 m	2	1,46 m	1	1	20 - 30 lb	405 g

VARIADO

Very light and thin rod specially developed for light trolling with livebaits in the warm waters of the Mediterranean. Held in the angler's hand, the light and progressive action of the blank allows excellent contact with the bait. Despite the thin blank, the Variado has enough power in reserve to handle a variety of predators with ease. The perfect rod to complement a Fin-Nor Marquesa multiplier. Removable handle for ease of transport.

Code	Model	Length	Sections	Tr.-Length	Testcurve	Weight
1823 165	Bluefin	1,65 m	1	1,65 m	20 - 30 lb	1031 g

1824 166	Bluefin	1,65 m	1+1	1,30 m	50 lb	1125 g

BLUEFIN

The Mediterranean has seen a boom in tuna fishing in recent years as new European regulations turn the sea into the new Eldorado for trolling fanatics from all over the world. The Fin-Nor engineers could not resist the challenge of developing a tailor-made range of rods especially for this purpose. The Blue Fin standup rods are available in the two most popular line classes (30 and 50 lbs). Each model is available either as a one-piece with Pacific Bay roller guides or with removable handle and ALPS wind-on roller guides.

Code	Model	Length	Sections	Tr.-Length	F. Tips	Handles	Testcurve	Weight
1863 030	20/30	2,00 m	2	1,38 m	1	1	20 - 30 lbs	415 g
1863 050	20/30	2,00 m	2	1,38 m	1	1	30 - 50 lbs	463 g
1863 080	50/80	2,00 m	2	1,38 m	1	1	50 - 80 lbs	480 g

TUNA TS

Fantastic, innovative stand-up rods for mid-water angling in the Mediterranean. Equipped with the finest components, these rods have backbone in abundance and a tapered, progressive tip action. The 30 lb version is ideal for targeting big amberjacks and snapper. The two large versions are perfect for hunting big tuna.

JIG HEADS

RAINER KORN JIGGER

The invention of the jigger heralded tough times for bottom feeders such as link, cusk, wolffish, conger, monkfish and halibut. The tantalising action of the phosphorescent floating device and the closely positioned hook (baited with a fish strip) are simply irresistible to the sea predators. An absolutely unbeatable lure that I have used throughout Norway with great success and that always throws up surprise catches. And it's so easy to use! Simply hook on the fish strip, attach the weight and present near the bottom off a moving boat. Available in two versions: with a size 10/0 single hook or size 8/0 double hook.

Code	Ø	Hook Size
4280 001	1,20 mm	10/0
4280 002	1,20 mm	8/0

Trade Pack 5 Pieces

RAINER KORN S(URPRISE)-RIG

A rig that looks simple at first glance but has a certain something extra. The two ultra-sharp single hooks are not tied but looped onto side arms. This presents the hooked fish strips far more attractively than with a "fixed" connection. This rig is my S-system, my surprise rig, because it catches an incredible array of fish. It can be used at all depths of the water. The flashlight provides additional attraction, which fish further away find impossible to resist. Unbeatable for hake!

Code	Ø	Hook Size
4280 006	1,20 mm	8/0
4280 007	1,20 mm	9/0
4280 008	1,20 mm	10/0

Trade Pack 5 Pieces

RAINER KORN HALIBUT LEAD RIG

When halibut are on the lookout for fresh meat, this rig comes into its own. It is based upon the Canadian salmon fishing method of "mooching". The flow-optimised special trolling lead causes the whole deadbait to tantalisingly stagger to and fro. The large single hook is movable allowing it to be adapted to the bait size. The robust treble also keeps a tight grip on "tail biters". When using this system with large coalfish (40 cm), you can always count on a bite from a monster specimen. Also unbeatable for large cod and big coley! The rig comes in 300 g as standard, with separate weights available in red or black at 300, 400 and 500 grams.

Code	Colour	Ø	Hook Size	Weight
4280 009	red	1,20 mm	4/0/9/0	300 g
4280 010	black	1,20 mm	4/0/9/0	300 g

Trade Pack 5 Pieces

LEGENDARY TACKLE SINCE 1933 FIN-NOR

RAINER KORN BIG BAIT RIG

My classic: This rig is so often imitated – proof alone of how incredibly successful it is. However, with the Rainer Korn Fin-Nor version you get none of the shortcomings of those imitations. Ultra-robust design with needle-sharp, robust hooks and 1.20-millimetre monofilament: This is a natural bait leader you can use without restraint. During my first years in Norway, I fished almost exclusively with this rig. Ling, cusk, monkfish, cod, monster haddock, wolffish, halibut – there is barely a fish that will not fall to this system baited with fish pieces. A must-have in any Norway lure box.

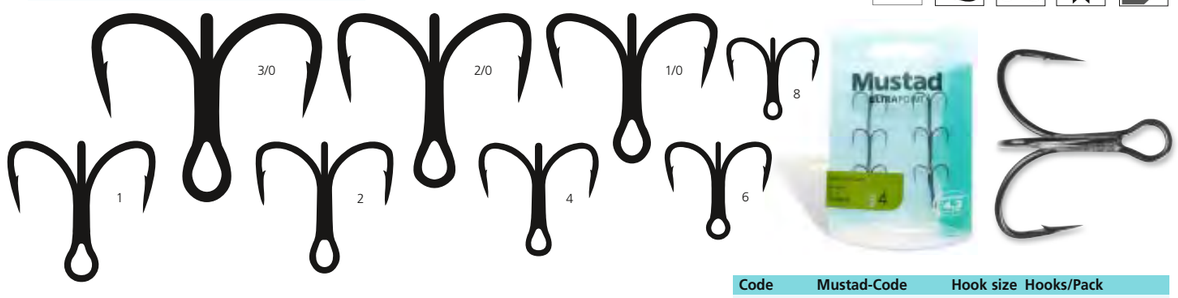
KVD Elite Triple Grip® Treble



Perfect for swapping out hooks on shorter lures where hook tangling may be an issue. Because they are 2X short, this often allows an angler to upsize their hooks by one or even two sizes on a bait. This increased hook gap can result in more hook-ups.

Code	Mustad-Code	Hook size	Hooks/Pack

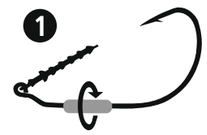
4473 100	91768UB18-1/0-U03	1/0	3

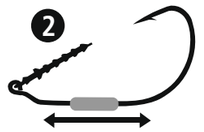
Trade Pack: 10, Color: Black Nickel

To Move

Unique sliding weight lets you easily change presentations.

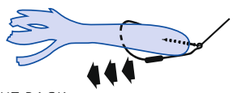
1. Rotate weight several times to heat silicon insert.
2. Move weight to desired location. As insert cools, weight will be held firmly in place.



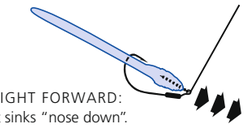


SWIM BAIT PERFECTION

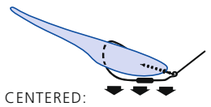
www.mustad.no
for instruction video



WEIGHT BACK:
Pushes bait backwards under structures like docks or logs. Use with tube baits, crawfish, and jerk baits.

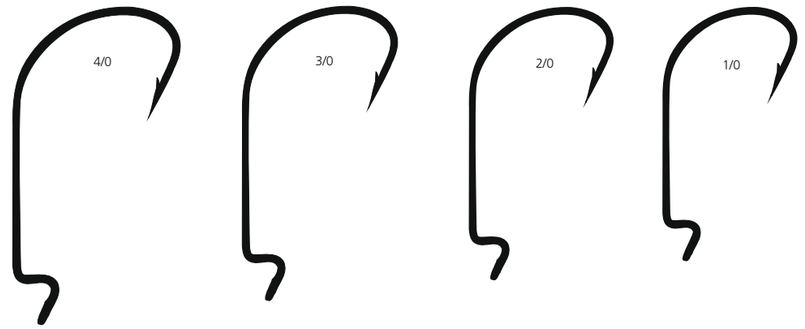


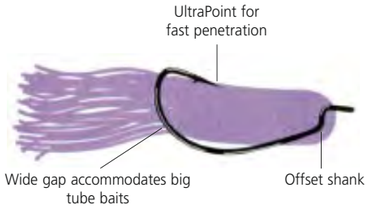
WEIGHT FORWARD:
Bait sinks "nose down". Use with worms, "Gidzit" and tube baits.



WEIGHT CENTERED:
Bait falls horizontally. Use with jerk baits, tube baits, lizards and worms.

Red Dropshot Hook





Best seller for fishing soft plastics for a wide variety of species. This style works best with worm style baits.

Length: 2000 m

Made from super high strength Spectra fibers. An exclusive 4 strand NR braiding process gives the Mustad Thor Braided Lines a thin, round & smooth profile. This makes it more smooth and quiet in the guides. You will achieve longer casts and more easy handling on the reel. Proprietary DuPont™ coating provides excellent abrasion resistance, while maintaining its superior strength and durability. Get improved sensitivity and more efficient hook-sets, try the Mustad Thor™ Braided Lines.

ML026/022 ML025/021 Wish Braid

Increase casting length, accuracy and reduce line vibration with the 100% Honeywell Spectra™ Fiber Mustad Wish Braided lines! Our unique & exclusive 8 strand braiding process produces a rounder, smoother, thinner braided line that handles amazingly effortless and quite. At the same time, ultra abrasion resistant and super-sensitive. A true all around high performance next generation line that might make your wish come true.

MT027 Thor Mono Leader

Sea and deep sea anglers require a special leader material in thick diameters. We have designed the Leader monofilament specifically with them in mind. Stored on a spool, the high diameter leader barely kinks at all. Its stretch properties also offer the sought after absorption effect in the rig either on the cast or while playing the fish. The glass-clear finish minimises suspicion from those wary fish.

Trade Pack = 5, Length: 25 m

MT028 Thor Fluoro Carbon Leader

Special leader material in fluorocarbon. Does not curl permanently when stored on a large diameter spool. Almost invisible thanks to the refraction index that matches that of the water, so that cautious sea dwellers do not suspect a thing.

NEW

Available from January!

EXO TI

Dream high-end spinning reel with breathtakingly light weight. The skeleton design delivers unparalleled rigidity combined with outstanding functionality. Available in the four most popular sizes. From the cute size 20 for trout anglers through to the fully-grown pike and salmon model in size 50. The new edition has been further optimised and impresses with its silky smooth action and indestructible titanium axle.

STANDARD TECHNICAL EQUIPMENT:

- Rotor in C4LF™ Carbon
- Aluminium skeleton housing
- Finely adjustable CSC™ front drag system (carbon drag discs)
- CNC stainless steel handle
- Titanium-nitride-coated line roller with anti-twist system
- Exclusive TiMag™ system: Maintenance-free magnetic bail arm folding system
- Specially hardened Quantum PT gears
- Perforated aluminium Long Stroke™ spool with ceramic front edge
- Aluminium spare spool
- Perfect line distribution
- Continuous anti-reverse
- MegaShieldTM multi-layer coating

STANDARD TECHNICAL EQUIPMENT:

- Rotor in C4LF™ Carbon
- Aluminium skeleton housing
- Finely adjustable CSC™ front drag system (carbon drag discs)
- Ultra-light handle in hardened aluminium and skeleton design with EVA handles
- Titanium nitride line roller
- Exclusive TiMag™ system: Maintenance-free magnetic bail arm folding system
- PT™ gears
- Aluminium spool with hardened front edge for longer casting distances
- Two-speed oscillation system
- Continuous anti-reverse
- Foot Forward™ reel foot for better rod balance

SMOKE SPINNING

The new Smoke is the second generation of the universally popular, high-end spinning reel in skeleton design. An additional ball-bearing has been added to give the new Smoke Spin an even smoother gear action. Now with 10 ball-bearings and a roller bearing, the reel is not significantly different in weight from the first series. The light weight, subtle design changes and an even smoother gear action make the reel the best Smoke of all time.

- Ultra-light handle in hardened aluminium and skeleton design with EVA handles
- Titanium nitride line roller
- Exclusive TiMag™ system: Maintenance-free magnetic bail arm folding system
- PT™ gears
- Aluminium spool with hardened front edge for longer casting distances
- Two-speed oscillation system
- Continuous anti-reverse
- Foot Forward™ reel foot for better rod balance

SMOKE SPEED FREAK

The Smoke Speed Freak is, as the name suggests, a reel with an extremely high gear ratio of 6.2:1. The size-25 model takes up 87 cm of line with just one turn of the handle without feeling in any way sluggish. Particularly in modern zander fishing, it is essential to hook the fish securely and to present baits significantly more easily and yet effectively.

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight

SMOKE INSHORE SPINNING SPEED FREAK

Perfect mid-sized spinning reels for sea anglers – whether for bass, cod or sea trout. The special production methods and materials ensure extreme corrosion resistance even with frequent use in the marine environment. And the angler has a chance to appreciate the renowned combination of lightness and stability offered by Smoke reels. The reel is available in the most popular sizes 30 and 40 with particularly high gear ratios.

- CNC stainless steel handle
- Non-twist line roller supported by ball bearings
- Exclusive TiMag™ system: Maintenance-free magnetic bail arm folding system
- Gears made from a super-hard stainless steel alloy
- Aluminium spool with hardened front edge for longer casting distances
- Two-speed oscillation system with LMS™ line distribution
- with permanent anti-reverse
- Saltguard multi-layer housing coating
- Inner bail arm stop

CABO PT

This legendary sea reel range has undergone a complete redesign. The main objective was to reduce the weight slightly without making any sacrifices when it comes to rigidity. In doing so, the Quantum reel engineers even managed to improve the performance of drag. In internal tests, the reels delivered up to an incredible 70 lb of drag pressure. All the more reason for sea predators to fear users of Cabo reels.

- Titanium-nitride-coated line roller with anti-twist system
- TiMag® magnetic bail arm flip and nickel titanium bail arm
- Spare spool with special Anti-Slip-Core for braids
- Foot Forward™ reel foot for better rod balance

ENERGY PT

The latest Energy is without doubt the best Energy of all time! Extremely lightweight and with ultra-smooth gears – sheer poetry! The reel has also benefited from the evolution in reel design that resulted from development of the Exo and the Smoke. The proven technology on the inside has now been packed into a considerably lighter housing. And when it comes to the Energy, ‚light' also means ‚robust' – as emphatically proven in internal testing! This elegant reel is sure to offer many anglers the ideal compromise between performance, robustness and affordability.

ACCURIST PT

The Accurist has strong genetic links with the Energy. The ultra-soft gear action is sure to impress many an angler. In the size 25 and size 30 Accurist, we offer even demanding and spoilt spinning anglers the two most popular sizes. The black and white design was particularly well received in pre-production tests and is in line with modern trends. However, design is not everything, which is why the reel is also based upon innovative Quantum skeleton housing technology.

IRON PT

A supreme spinning reel tailor-made for using on the sea with salt-water-resistant components throughout. Highly robust design that can withstand use with braided lines for months on end. In a fight, the Inshore's front drag, with Magnum carbon drag discs, means the angler always has control. The spool has a special anti-slip core meaning braid can be directly wound onto the spool.

WORLD CHAMPION SURF FD

Perfection takes time and through constant develop-ment you can really improve a product. Quantum has gone a step further with the World Champion Surf. The perfect fighting machine for the surf angler who is only satisfied with the best of the best. The long cast spool enables maximum casting distances. With an incredible 12 ball bearings the gears are immense in their strength, enabling the angler to fight fish for hours or reel in rigs for bait checks without tiring. The line distribution is also of the highest standard allowing the thinnest braids to be used and flow effortlessly from the spool.

STANDARD TECHNICAL EQUIPMENT:

- Balanced rotor, producing silky smooth action
- Robust power gears
- Flat, perforated surf long cast aluminium spool
- Deep aluminium spare spool
- Continuous anti-reverse
- Inner bail arm stop

- MegaDragTM stainless steel and carbon fibre drag system
- Ultra-light handle in hardened aluminium and skeleton design with EVA handles
- Titanium-nitride-coated line roller
- PT™ gears
- Ultra-light skeleton spool
- Continuous anti-reverse
- ACS casting drag reliably prevents the line from overflowing

EXO BAITCASTER

We set our engineers the challenge of making the Exo Baitcaster as light as they possibly could without compromising on performance. The solution was relatively simple: We called it "metal only where necessary". The finished product is a skeleton design and the lightest Quantum Baitcaster in the company's history. At the same time, the reel is so robust that you can drive a pick-up over it, as you can see on our web site. Available in left and right-hand versions.

TOUR MG PT BAITCASTER

Sensational light baitcaster that opens up new possibilities for the angler. In Magnesium we have used an incredibly light material. However, in the past, it was often essential to treat this special metal since it corrodes more easily than aluminium, for example. That was until the Quantum engineers succeeded in developing a highly durable alloy with a high-strength coating, eliminating any risk of corrosion when used in freshwater. Now the angler can enjoy the unadulterated pleasure of presenting even light artificial lures with precision with the Tour PTi Mag.

SMOKE

Smoke baitcasters are among the most widely used top-end baitcasters in Europe. The sensationally low reel weight in skeleton design makes them the first choice of many ambitious spinning anglers. With a Smoke, the angler can continue fishing with focus when his colleagues using other heavier reels have long since tired. The latest edition is available as a right-handed model or in a left-handed design with two different gear ratios.

STANDARD TECHNICAL EQUIPMENT:

- Ultra-light aluminium body
- MegaDragTM stainless steel and carbon fibre drag system
- CNC stainless steel handle
- Specially hardened Quantum PT gears
- MaxCast ultra-light skeleton spool
- Continuous anti-reverse
- ACS casting drag reliably prevents the line from overflowing

SMOKE SPIN

Visually, the Smoke Spin series is slender and elegant. However, anybody who holds these rods in their hand will appreciate what they are made of – possibly the best spinning rods available on the market! The powerful, super-slim blanks leave nothing to be desired and deliver pure pleasure when fishing. Even long-range strikes and fights with monster specimens are handled masterfully by the Smoke Spin. The Smoke Spin, a spinning rod that may become addictive!

NEW

SMOKE SPIN 55G TRAVELLER

The popular Smoke Spin is now also available as a five-piece travel rod. Despite its many sections, the rod impresses similarly to its two-piece sibling with its lightning-fast blank and light weight. Once you have held the rod in your hand, you would never believe that it actually consisted of five sections. The travel rod is available in the most popular casting weight classes of 5-55g and 10-105g, opening up a wide range of uses to the angler on the next fishing holiday. The rod is supplied in a robust transport case that will easily fit into any suitcase.

14000 220	Accurist Cast	2,20 m	1	12 - 74 g	2,21 m	110 g

ACCURIST CAST

This series has been specially designed for modern spinning. With a tip action for pleasant and precise casting and substantial backbone for setting the hook securely on the strike. The multi-coloured CNC-milled EVA handle moulds perfectly with the angler's hand while the design matches the Accurist Cast reel.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
14002 190	Accurist Vertical	1,88 m	1	10 - 25 g	1,89 m	100 g

ACCURIST VERTICAL

The Accurist Vertical is a specially designed vertical rod for modern angling. Even in strong waves, the tip action enables the angler to present his bait calmly on the bottom, while the stiff backbone ensures a secure, penetrating strike. The multi-coloured CNC-milled EVA handle moulds perfectly with the angler's hand while the design matches the Accurist Cast reel.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
14101 200	Accurist Spin	1,98 m	1	7 - 21 g	1,99 m	100 g

14101 225	Accurist Spin	2,25 m	2	12 - 74 g	1,17 m	130 g

ACCURIST SPIN

The Accurist Spin is a new spinning rod series for the modern spinning angler. The optimal action makes casting easy, even on those long sessions, while the stiff backbone has adequate power in reserve for the strike, even with larger specimens. The multi-coloured CNC-milled EVA handle moulds perfectly with the angler's hand while the design matches the Accurist Cast reel.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1856 185	Specialist Pelagic	1,85 m	1	80 g	1,85 m	162 g

SPECIALIST PELAGIC

Developed by Fredrik Harbort for vertical fishing in open water. Now the prospects of landing a monster zander or pike are better than ever before. Traditional vertical rods are quickly pushed to their limits when it comes to this revolutionary angling technique. That is why we have teamed up with Freddy to produce this rod for extreme requirements.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1856 260	Specialist Pike Shooter	2,60 m	2	135 g	1,35 m	257 g

SPECIALIST PIKE SHOOTER

Developed by Lars Vormelker for use with really large and heavy baits, which are no longer exclusively reserved for the Swedish skerries, German boddens and the polders of the Netherlands. Today, many big fish anglers are no longer afraid of giant baits and now they have the perfect rod to go with them.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1856 280	Specialist Zander Seeker	2,80 m	2	65 g	1,45 m	223 g

SPECIALIST ZANDER SEEKER

Developed by Adrian Prus for fishing from the bank for zander. At 2.8 metres in length and with just a few large rings, the rod is specially designed for casting over large distances into the shipping lanes of Europe's big zander rivers. The length is designed to prevent snags in the stone packing beneath the angler's feet.

13901 241	Cabo Spin	2,40 m	2	250 g	1,76 m	350 g

CABO SPIN

Dozens of seagulls screech above the sea. Thousands of panicking sardines jump out of the water, which seems to be literally boiling. Pure adrenaline! Tuna feed in an insatiable frenzy. In recent years, the Mediterranean has provided this spectacle with increasing frequency, making spinning for hunting tuna one of the most popular angling techniques. These new Blu-Water sea spinning rods have been pushed to the limits in endless rounds of testing. The results are simply fantastic. The extremely powerful high-modulus carbon blanks are reliable partners for breaking the resistance of tuna. At the same time, however, the top section is sufficiently progressive to punch out stickbaits and hard lures effortlessly over long distances.

BLU SPIN

Saltwater spinning is becoming increasingly popular – the combination of surging waves and lively predators offer a fantastic adventure. Quantum is always ready for new challenges and the new Blu Spinning range for saltwater fishing is sure to attract the interest of many ambitious, forward-thinking anglers all over Europe. The range stands out with its ultra-light blanks with fast and medium-fast actions in high-quality carbon fibre and a variety of lengths. All components are carefully selected and corrosion resistant. The rods also impress with their modern look. Yet again, Quantum has proven its expertise when it comes to developing outstanding spinning rods.

SHOTGUN III

The popular Shotgun series enters its third generation. In the Crypton Shotgun III, Quantum presents a completely revised rod series fitted with Seaguide anti-wind loop rings. The CNC-produced EVA handle sits perfectly in the hands. The new series comprises eight rods of 2.10 m, 2.40 m and 2.70 m and corresponding casting weights from 15 g for perch and trout sport to the heaviest at 75 g, which can easily tame large pike and cod.

HYPERCAST POWER JIG

Fast spinning rod series with lively action. Lightning-fast casting, precise bait presentation and an instant strike - with this rod series, everything is child's play. Any angler who has grown tired of his old spinning rod should take a closer look at this series.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1949 265	Zanderkant	2,65 m	2	15 - 90 g	1,37 m	236 g

ZANDERKANT

Zander specialist Sebastian Hänel swears by fast spinning rods for soft lure fishing. He dreamed of a rod with the speed of an arrow, whose springiness could set new standards and reliably convert even the finest drop-back bites. Designed for difficult situations, such as fishing in eddy currents, at long range or at great depths. The Quantum rod engineers have created the perfect rod for these purposes for him.

MAGIC SEA TROUT

Sea trout anglers trying their luck for these sought after coastal gems are an increasingly common sight on beaches today. The key is often to cast the spoon or Sbirolino far enough to reach the fish. What the angler needs is a casting machine like the Magic Sea Trout! Available in two different versions with attractive sea trout design.

ULTREX SPIN

Good rods often cost a lot of money, but beginners and occasional anglers often don't want to dig too deeply into their pockets. And now they don't have to because our developers have succeeded in creating a contemporary rod series that covers all aspects of spinning without breaking the bank. Perch, zander, pike and similar should beware of these rods.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
14118 180	Ultrex Jerk TR	1,80 m	1	100 g	1,81 m	160 g

ULTREX JERK TR

Jerking can often produce brutal bites. And that means pure adrenaline! What the angler needs is uncompromising equipment with optimal quality and functionality. This rod impresses on both counts meaning beginners and pros alike will not want to put these rods down.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
14119 245	Ultrex Big Bait TR	2,45 m	2	120 g	1,88 m	255 g
14120 245	Ultrex Big Bait	2,45 m	2	120 g	1,88 m	243 g

ULTREX BIG BAIT TR

Optimal lure rod for heavy artificial lures, whether hard lures, jerk baits or soft baits. Pike anglers will come to love this rod for active fishing. The power from all parts of the blank on casting is astounding. At the same time, the powerful backbone will quickly break the fighting spirit of even monster specimens. With a trigger handle for use with multiplier reels.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
14122 300	Ultrex Dead Bait	3,00 m	2	3 lb	1,55 m	362 g

ULTREX DEAD BAIT

Special rod for fishing with deadbaits. The substantial backbone will tame even monster specimens. Despite the power of the blank, the rod sits comfortably in the hand.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
14121 210	Ultrex Drop Shot	2,10 m	2	30 g	1,08 m	140 g

ULTREX DROP SHOT

It is no longer a secret that drop shot fishing can produce sensational results. However, this specialist method requires specialist rods. These rods must indicate cautious bites but provide sufficient backbone when the fish has taken the bait. This rod ticks every box.

NEW

Now available in 1,80m.

CENTEX FELCHEN

In the Centex Felchen, there is now a rod in the mid-price segment, which is optimally suited to coregone fishing. The light weight and comfort are sheer poetry. The thin, sensitive blank with two interchangeable tips in light and medium strengths is equipped with a specially designed eye for the lead weight on the rig, which can be safely attached when taking a break from fishing or when moving the fishing boat. The matching Centex reel can be found on page Q12/Q13

Code	Model	Length	Sections		Tr.-Length	Weight
1525 090	L	0,90 m	1	light action	0,90 m	64 g
1526 090	M	0,90 m	1	medium action	0,90 m	59 g

HYPERCAST FREEZER

One-piece rod for ice-fishing. The extremely thin and sensitive blank makes winter angling a pleasure.

TELE TROUT ROD

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight

1572 400	Trema 4	4,00 m	7	4 - 10 g	1,32 m	187 g

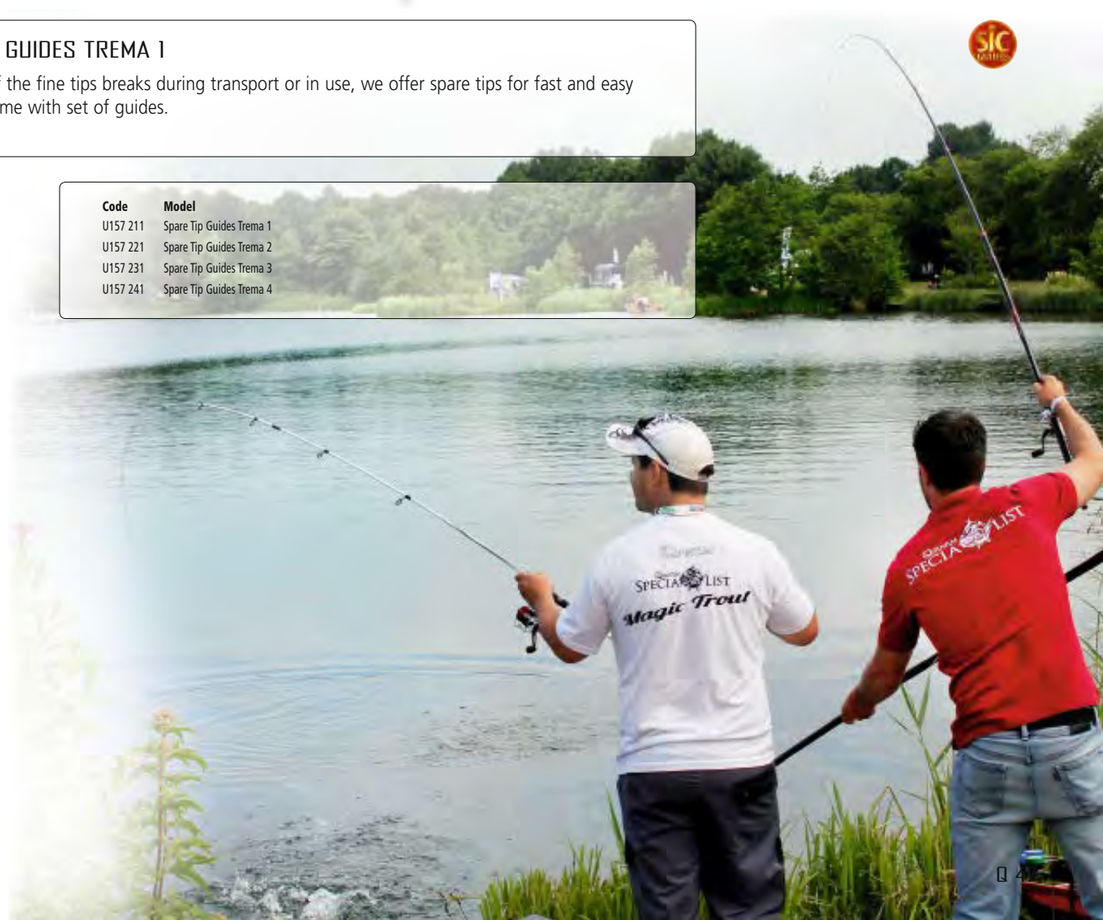
MAGIC TROUT TREMA

These rods are sure to impress fans of tremarella fishing! The range combines modern design with outstanding technology. From class 1 for light strings of lead or glass sinkers to class 4 for heavy bombs and long distances – you will find the right rod here. Thanks to the colour coding, it is extremely simple to distinguish the different classes and maintain a clear overview when there are a number of rods in the stand. Our testers were certainly impressed. Their verdict: By far the best tremarella rods in the price segment!

SPARE TIP GUIDES TREMA 1

In case one of the fine tips breaks during transport or in use, we offer spare tips for fast and easy repair. Tips come with set of guides.

Code	Model
U157 211	Spare Tip Guides Trema 1
U157 221	Spare Tip Guides Trema 2
U157 231	Spare Tip Guides Trema 3
U157 241	Spare Tip Guides Trema 4



Code	Model	Length	Sections	C.W.	Tr.-Length	F. Tips	Weight
1492 330	Magic Trout Bottom	3,30 m	3	12 - 25 g	1,15 m	2	338 g

Code	Model	provided Feeder Tips
1492 330	Magic Trout Bottom	12g, 25g

MAGIC TROUT BOTTOM

The Magic Trout Bottom is the perfect partner when retrieving lures "from the bottom up". The sensitive interchangeable tips in two different degrees of rigidity indicate even the most sensitive bites over long distances. A special bonus feature is the additional third interchangeable tip with large rings. The passive method of presenting a rising bait off the bottom is particularly successful in winter. However, ice can often scupper such plans. The Magic Trout Bottom offers the perfect solution!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1493 270	Magic Trout Shorty	2,70 m	2	1 - 3 g	1,39 m	114 g
1493 300	Magic Trout Shorty	3,00 m	2	2 - 6 g	1,55 m	137 g

MAGIC TROUT SHORTY

On small fisheries, long tremarella rods can be too much of a good thing. This is where the Magic Trout Shorty comes into its own. The rod is the ideal plaything when there are no long casting distances involved and light weights are called for. The sensitive blank transfers vibrations perfectly to the lure and makes for incredible fun during a fight! The Magic Trout Shorty - a rod for addictive fun!

MAGIC TROUT UNIVERS

Fishing with a sbirolino is the key to success on many a trout lake. In the Magic Trout Univers, we present the optimal rod for achieving large casting distances while still being able to detect even cautious twitches. However, the all-rounder can also fish fantastically with other weights. The Magic Trout Univers is a rod that should absolutely be in every trout angler's holdall!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1494 330	Magic Trout Univers	3,30 m	3	5 - 20 g	1,19 m	233 g
1494 360	Magic Trout Univers	3,60 m	3	5 - 30 g	1,29 m	254 g
1494 390	Magic Trout Univers	3,90 m	3	10 - 40 g	1,39 m	325 g

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1494 420	Magic Trout Remote	4,20 m	3	15 - 50 g	1,45 m	296 g

MAGIC TROUT REMOTE

Remote means "far" or "distant", which perfectly sums up the reliable casting range of the Magic Trout Remote. The ultra-strong rod can easily punch out even the largest sbirolinos or trolling floats over record-breaking distances, which is exactly where baits need to be presented on large waters on some days to achieve results. The Magic Trout Remote – are you ready to go further?

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1495 380	Magic Trout Ease	3,80 m	7	15 g	1,22 m	160 g
1495 400	Magic Trout Ease	4,00 m	7	25 g	1,25 m	185 g

MAGIC TROUT EASE

Once you have fished with this dream telescopic rod, you will not want to put it down. The rod is feather-light with a fantastic semi-parabolic action and seamlessly covers all aspects of moderate trout fishing. Thanks to its design, it can also be easily transported in rod stands.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1496 360	Magic Trout Pulse	3,60 m	3	4 - 20 g	1,25 m	163 g

MAGIC TROUT PULSE

The performance and design of the rod leaves nothing to be desired. The Magic Trout Pulse is a trout rod par excellence! So sensitive that you can almost feel your own pulse when holding it, and yet the rod carries sufficient power to tame even large opponents. A true gem that any ambitious trout angler will love!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1399 420	World Champion Surf IV	4,20 m	3	250 g	1,45 m	645 g

WORLD CHAMPION SURF IV

For years, the sea angling scene has sat up and taken notice whenever Quantum launches a new World Champion Surf. The latest Surf Unlimited version was an instant hit, offering even greater performance than its predecessors. The acceleration is sensational while the powerful backbone won over the test anglers immediately. The ring configuration enables "world class" casting distances with both monofilament and the increasingly popular braided lines.

Code	Model	Length	Sections	C.W.	Tr.-Length	F. Tips	Weight
13800 420	Surf Detector	4,20 m	3	220 g	1,45 m	3	652 g

SURF DETECTOR

Top-class surf rod that optimally combines casting power with excellent bite indication. The Energy Surf has two interchangeable full carbon tips with different actions that even indicate cautious bites from flat-fish reliably.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1917 390	Bay Walker Surf	3,90 m	3	250 g	1,36 m	580 g
1917 420	Bay Walker Surf	4,20 m	3	250 g	1,46 m	590 g
1917 450	Bay Walker Surf	4,50 m	3	250 g	1,56 m	602 g

BAY WALKER SURF

Those anglers who want to graduate from the level of "occasional angler" and intend to pursue beach fishing seriously would do well to check out the Bay Walker Surf. The stiff carbon fibre blank is as impressive when casting as it is when playing monster fish. A genuine workhorse for inshore fishing fans. Perfectly suited to weights of up to 200 grams but can accommodate weights up to 250 g.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1383 390	Smart Surf Motion	3,90 m	3	200 g	1,34 m	418 g
1383 420	Smart Surf Motion	4,20 m	3	200 g	1,45 m	462 g
1383 450	Smart Surf Motion	4,50 m	3	200 g	1,54 m	581 g

SMART SURF MOTION

A strong carbon fibre construction and relatively slim blank enable comfortable handling and excellent casting properties. Playing a fish with this rod is absolute child's play.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1400 420	Hypercast Tele Surf M 1	4,20 m	4	120 - 150 g	1,41 m	418 g
1400 450	Hypercast Tele Surf M 1	4,50 m	4	150 - 180 g	1,41 m	479 g

HYPERCAST TELE SURF M 1

A functional telescopic all-round surf rod with an incredible price performance ratio. Very light in the hand, perfectly balanced and with an ambitious design that will give even entrants into this area of angling technology a modern look. Perfect for all forms of surf angling with a reliable blank that will give the angler countless moments of pleasure.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight

Trade Pack 5 Pieces

EXOFIL

Exofil is a High Tech Monoline with a nano fluorocarbon surface coating, which creates an ultra smooth surface and ultimate high abrasion resistance. Highest quality Japanese Polyamid ensures maximum strength linear and knot strength as well. Inside of the line is a molecular compressed core compound copolymer which reduces the stretch. The low stretch of Exofil makes it perfectly suitable for modern spin fishing with soft and hard lures.

QUATTRON PT

Quattron has been a firm favourite with anglers for years. Many thousands trust this monofilament which enjoys an unquestioned place at the top of the line market. Incredibly, our product developers have even managed to improve the formula yet again to produce an even more capable Quattron. The Quattron PT (PT = Performance Tuned) is the ultimate monofilament, without rival in terms of strength, wear resistance, knot strength, durability and so on. You can rely implicitly on Quattron PT. Countless tests testify to that fact. The line has received the EFTTA (European Fishing Tackle Manufacturer Association) seal of approval, which confirms the correctness of the stated performance parameters. Test it for yourself and be amazed.

NEW

ULTREX SUPER 8 BRAID

This line is not just any braid. Ultrex stands for ultra performance. Better performance than even spoiled spinning and sea anglers could dream of. The 8-strand braid produces an incredibly round line that moves extremely softly through the rod rings on casting and retrieval. The elasticity has been reduced to a minimum ensuring the angler always has optimal contact with his bait or opponent, while the sensational strength of the Ultrex makes it an unassailable adversary for any scaled specimen.

QUATTRON SALSA

Transparent red line with outstanding qualities. The red coloration, which makes the line easy to identify and recognise above the water for the angler, disappears at a depth of 1.3m. The line is then invisible to fish. The Salsa is also highly resistant to friction and a true workhorse, especially for sea fishing and trolling. Available in economic 250g spools with high capacity.

CRANK GIPSY DD F

New Crankbait from Quantum. The Crank Gipsy is available in three carefully selected sizes, extending its range of uses from chub and trout to black bass and pike. Eight attractive designs ensure optimal visibility of the lure in any water coloration, any weather and at all times of day. Supplied with ultra-sharp treble hook as well as a single hook with a large eye, giving the angler the option of switching to a single-hook rig. The Crank Gipsy is a floating wobbler, available in two different depths. FD F = Flat Diver Floating and DD F = Deep Diver Floating

MINNOW GIPSY FD SU

New Minnow Wobbler from Quantum. The Minnow Gipsy is available in three sizes, each with three different depths, covering a huge range of modern angling techniques. From fishing on very light tackle in streams for orfe to deep trolling for zander, this series covers it all. Eight attractive designs ensure optimal visibility of the lure in any water colouration, any weather and at all times of day. Supplied with two ultra-sharp treble hooks as well as two single hooks with a large eye, giving the angler the option of switching to a single-hook rig. Equipped with balls for directional stability, the wobbler flies straight and far without rotating on the cast. The Minnow Gipsy is a floating wobbler, available in three different depths. FD SU = Flat Diver SUspending D SU = Diver SUspending DD SU = Deep Diver SUspending

TOP GIPSY F

New two-piece stickbait with two interchangeable tails in soft plastic in colours to match the design. The Top Gipsy dances to light twitches of the rod in a walk-the-dog action across the surface of the water, driving predators wild. The 7.5 cm and 10 cm sizes cover perch, asp and pike sport perfectly. Eight attractive designs ensure optimal visibility of the lure in any water colouration, any weather and at all times of day. Supplied with two ultra-sharp treble hooks as well as two single hooks with a large eye, giving the angler the option of switching to a single-hook rig.

TINY TINCA

The new Tini Tinca is a lure specially developed for those difficult to fish waters. V-shaped limbs give the lure a natural action even with a slow retrieval. Six designs from "realistic" to "trendy" and two sizes cover a range of target species from perch to pike. Ultra-sharp Original MUSTAD hooks ensure an optimal and more importantly long-lasting hooking effect.

JUNKER D S

The Janker is a new realbait in a whitefish design. With a completely natural action and five designs from natural to bright colours, the lure is a true weapon for pike and zander. Both the 18 and 24 cm sizes are perfectly suited to casting as well as trolling from a boat. Fitted with an ultra-sharp treble hook plus a double hook that holds to the body with a magnet but can come away during a fight to prevent the fish from shaking out the lure.

SPINNER BAIT

Spin-bait in two sizes and three weights, specially tailored for European fishing. The smaller size with one spinner blade has been specially developed for perch angling and proved hugely successful for the testers – particularly on difficult waters to fish and for those hard-to-catch prickly predators. The larger spin-bait is equipped with two spinner blades and appeals more to the pike in our waters with its strong pressure waves and shocking colours.

THE THING

The latest creation from our own development team. The wobbler with insertable twister tail impresses with its fantastic swimming behaviour and incredible ease of use, which is primarily aimed at pike anglers. The lure can be retrieved with no variation after casting. The diving blade allows it to quickly sink to a depth of 2-3 metres, where it displays its enticing action that has already produced some fantastic catches in testing. If the pike are a little prudish, the action of the lure can be enhanced by halting the retrieve a couple of times or with a few light jolts of the rod without the wobbler twisting onto its side or turning over. The lure comes with a spare twister tail that can be exchanged quickly and easily on the water thanks to an intelligent system, just in case one becomes unusable after too many pike attacks. To create an abundance of bites and still withstand the sharp teeth of pike, all designs are finished with UV-active and shock-proof lacquer.

SMELT-SHAD

Innovative rubber fish in extremely realistic design to imitate a smelt. Even the fins match the original with the dorsal fin folding up and down tantalisingly with a slight pull, just like a real fish. You might assume that these fins would restrict the lure's casting properties but, in testing, our team anglers found that they actually stabilised the flight. Whether retrieved normally or jigged conventionally, it is fun to see this lure do its work in the water. The Smelt-Shad is available in 4 sizes and 7 designs. Whether perch, zander, pike, catfish or even cod – any predator will fall to the Smelt-Shad!

CRAWLING JACK

Double-tail twister that flounders wildly in the water with two sickle-shaped lateral arms, driving the fish into a frenzy. Our test anglers tried the lure in freshwater for perch, pike and zander as well as in saltwater for bass, cod and pollock. As a result, we agreed upon seven colours with the team anglers. This innovative twister is an incredibly versatile lure, yielding fish on practically any water.

SNEAKY SHAD

The lure developed by Dirk Fastenau and his friends has strengths that you may not notice at first glance. The completely realistic soft lure is ready to use and has an integrated weight head. To ensure that the weight head is completely invisible inside the soft lure, it also does not make a sound under the water when it hits the bottom. The lack of noise prevents the experienced predator from becoming suspicious on heavily fished waters.

JOKER

The revolutionary Joker Lure truly lives up to its name. Like an ace up your sleeve at the poker table, this lure ensures the angler always has a trump card in the tackle box. When retrieving or jigging, the lure genuinely appears to be moving in reverse. With its unique design and weight distribution, the Joker almost moves backwards from its starting position, remaining in the predator's field of vision for far longer. The hazards of hanging branches, tree trunks and overhanging banks are consigned to the past with this predator magnet! Now you can target the swims other lures simply cannot reach!

BATTLE SHAD

Our team angler Lars Vormelker drew upon his many years of experience working as an angling guide to develop this must-have lure: The special paddle tail that folds down in flight and slender body shape create first-class casting properties. Anglers fishing from the bank will particularly appreciate these features. With their intricately devised moulding material, the Battle Shads boast an incredibly alluring swimming action that will quickly strike fear into predators. The interesting lure sizes offer sensible options for the entire market from large pike down to perch.

HAIRY MARY

Innovative fringed jig in three sizes and eight highly attractive designs. The rubber compound impresses with its shimmering colours and extreme softness. At the leading edge of the Hairy Mary is a neat hollowed-out channel designed for optimal hook presentation. Both sizes come with a groove along the stomach for use with offset hooks (e.g. when dropshot fishing). Holographic eyes complete the alluring package. In testing, the Hairy Mary, with its partly contrasting, moving fringes, demonstrated its extreme attraction to perch and zander while the larger of the two designs proved a hit with pike.

DANGLER

Adorable little shad with small fins and excellent running performance even with very light jig heads. Especially during summer, when juvenile fish are on the move, it fits the prey pattern of our indigenous predators perfectly, which has been confirmed by our team anglers time and time again. The seven designs imitate species like a goby, ruffe or a small whiting or come in shock colours, which are successful for trout.

DIGGLER

Extra small hammer tail bait. This type of bait has been popular with Zander and Pike specialists for a long time. Now the Diggler with its 57mm length is also available for Trout, Bass and Chub. Especially in the summer months when the fries are still small these small hammer tails come into their own. Even with light jig heads the tail generates noticeable vibrations, which those predators simply cannot resist. A guaranteed success even in heavily fished waters thanks to the seven new colour patterns.

RASSEL SHAD

The Rassel Shad was the idea of Holger Aderkas and is introduced this year after a long test phase. The waggling tail contains a real glass rattle that drives fish crazy with the noises it creates as the lure is retrieved. The lure is available in three different sizes and seven colours allowing the angler to target any fish from perch and zander to pike with the lure.

SALTY PIN

Word has no doubt spread that salted lures can be an absolute secret weapon on some days. Particularly on heavily fished waters, it can be small details that sets a lure apart from the rest. This is where the Salty Pin and Salty Shat'r come into their own. The lures are supplied in space-saving bags. The 10 cm Pin and 8 cm Shat'r come in packs of ten while the 15 cm Pin and 12 cm Shat'r come in packs of six. This allows the angler to take plenty of lures to the water in his bag and to quickly change these when the fish are biting. With six designs, there really is something for every water colouration and all light conditions.

ARI'S PIN

Pin-Tail in three sizes and seven designs. Contrary to conventional "no action shads", the long and tapering tail emits eratic impulses when pulled or sinking. This has proven very successful not only in rivers but also in still waters and even in the sea. Thanks to the unique shape of the body the hook is unobstructed, so no bites are lost. The Pin Tail is not only ideally suited for jig fishing, but also for all modern methods like Dropshot, Caroliner rig or Texas rig fishing. Where others fail this shad only begins.

GOBY SHAD

Various species of goby are becoming increasingly widespread throughout Europe at present. Since these fish fit perfectly into the prey spectrum of our domestic predators in terms of size, they are now the main prey of pike, perch, zander etc. on many waters. The Quantum Specialist range now offers a completely authentic imitation in lengths of 7.5 cm and 10 cm and in five different designs. The perfect way to adapt to the natural prey of predators when traditional lures fail.

PELAGIC SHAD

The largest predators in our waters, whether monster zander or giant pike, spend the majority of the year living an inconspicuous, shadowy existence in the pelagic water column of our stillwaters. Catching such predators purposefully in mid-water requires expensively produced extreme lures that imitate typical prey down to the last detail. As one of the first manufacturers of „pelagic" vertical lures in Europe, we present the Pelagic Shad from Quantum. Whether jigged vertically in open water or traditionally on the bottom – the Pelagic Shad is the key to your dream fish. During the revolutionary development phase, Fredrik Harbort and his friends outwitted countless open water giants in several countries around Europe with the lure. Besides the realistic design, the ultra-sensitive action also plays an essential role in successful mid-water angling. Those who are familiar with this type of fishing will quickly appreciate the benefits. The rules of open water just changed.

MAGIC TROUT GAMBLER

Leave nothing to chance with the Magic Trout Gambler! The hybrid between a spoon and a gambler is highly versatile and guarantees success when spinning on a trout lake. Whether casting out or fishing vertically through an ice hole in winter, the Magic Trout Gambler always tempts trout to attack. Available with two small trebles or as a single-hook version, allowing it to be used on lakes where trebles are banned.

MAGIC TROUT UL-SPINNER

The spinner has been a top lure for trout fishing since time immemorial. Our ultra-light spinner is a true lightweight and is outstanding when fished behind a Sbirolino. Normal spinners swim diagonally below the Sbirolino due to their own weight. Our UL Spinner, on the other hand, swims in a straight line behind the Sbirolino, significantly reducing missed bites. The low weight means that the UL Spinner does not swing behind the Sbirolino on the cast, allowing it to achieve much larger casting distances than normal spinners. The connection of the treble via a split ring is particularly practical, making it a piece of cake to change over to a single hook.

MAGIC TROUT B-MAGGOT

Bee larvae are one of the most popular and successful baits on trout lakes. It is just a shame these are not always to hand. Our artificial bee maggots owe nothing to their natural equivalents in terms of attraction and stay on the hook much more easily. The longitudinal division of the colours creates an irresistible on-off effect in the B Maggots. Magic Trout B-Maggots – a true ace up your sleeve!

CURLY B-BOBBLES

The Curly B-Bobbles are quite unique twisters. The twisters can be fished with or without bobbles on the twister tail to create different motion patterns. If the tail suffers bite damage, it can be removed and you are left with our popular artificial bee larva. 3 in 1 - simply ingenious!

MAGIC TROUT WORMTAIL DISPLAY

At first glance inconspicuous, at second glance a real trout killer! Our testers call the Wormtail a true catching machine – and not without good reason. The flattened side of the Wormtail allows it to rotate perfectly after hooking or to swim in a zig-zag. The worm is also flavoured with garlic to tempt even the most sluggish trout out of its lair. A MUST in every lure box! Specialist retail display with 5x5 colours (brown/green/white/pink/chartreuse).

MAGIC TROUT PILOT

Our pilots with integrated stoppers are highly versatile. The bright colours are also the perfect choice when bites are cautious, providing an additional bite indicator between bait and trolling float. In addition, the pilots allow the sinking depth of the bait to be varied. Even the inconspicuous version acts as a buoyancy aid when fishing off the bottom and should be a fixture in every tackle box.

3158 007	15,5 g	2 pcs

Trade Pack 10 Pieces

UV TORCH

Ideal for checking the glowing properties of baits or "charging" glow-in-the-dark baits. Batteries: 3xAAA (not included).

Code
9895 005

ROD PROTECTOR

Inflatable protector, specially designed for delicate tremarella or Bolognese rods during transport.

Code	Length
8517 041	30 cm

ROD GUARD SPIN-NING

Rod protector for modern, one-piece rods during transport by car or for storage on the boat or at home.

Code	Length
8403 005	1,65 m
8403 006	1,65 m

SPECIALIST ROD SAVER BAG

Robust rod bag for transporting two or three rigged-up spinning rods. Additional reinforcement in the bottom section for optimal protection. With rucksack carry strap.

Code	Length
8517 032	1,60 m

HOT SAUCE OIL

Obtaining maximum performance from the gears means not just greasing them with a standard lubricant. Hot Sauce™ contains special additives allowing the oil to adhere optimally to the gear components.

Code	Contents
9700 010	10 g

Trade Pack 12 Pieces

HOT SAUCE GREASE

Obtaining maximum performance from the gears means not just greasing them with a standard lubricant. Hot Sauce™ contains special additives allowing the oil to adhere optimally to the gear components.

Code	Contents
9700 011	25 ml

Trade Pack 6 Pieces

FOLDING BUCKET

Practical for scooping water. With cord.

Code	Ø	Height
8401 003	23 cm	22 cm

SEA RIG WALLET

Rig wallet for sea anglers. Developed and tested by the Quantum Sea Team.

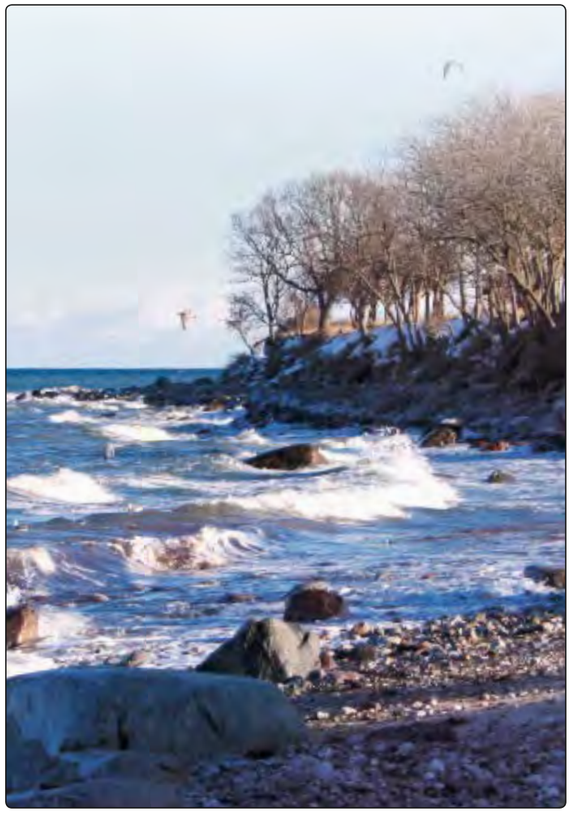
Code	Length	Width	Height
8401 040	27 cm	17 cm	4 cm

Trade Pack 5 Pieces

WATERPROOF CARRYALL

Multifunctional, waterproof bags in three sizes. All round zip fastening, small collapsed size. Ideal for transport of clothing, wet items in the car, various items of equipment, and of course, fish. Never do without again thanks to these highly practical bags! Our testers were thoroughly convinced.

Code	Length	Width	Height
8401 030	40 cm	27 cm	25 cm
8401 033	55 cm	37 cm	30 cm



DRIFT BAG L

Drift Bag for all types of boat fishing on lakes and rivers. Either as an L version when using a "brake parachute" at the bow or stern of the boat or as a smaller design for using a drift bag at either side of the boat. Extremely robust yet easy to store design in nylon with 4 strong hangers. Each two sides of the opening are equipped with buoyancy aids and two with weights meaning the Drift Bag opens in seconds. The outflow funnel can be adjusted to the current conditions using the diameter. Material: 420 D Nylon, PU coated

Code	Width	Height
8524 001	95 cm	95 cm
8524 002	62 cm	57 cm

DRIFT BAG XXL

Extremely effective driftbag working on a similar principle to a paraglider. Packs away to a very compact size and unfurls to its full size underwater to put the brakes on a boat like no other driftbag when drifting. Material: 420 D Nylon, PU coated

Code	Width	Height
8524 003	140 cm	100 cm

PLIER

Special pliers for a variety of applications in Catfish angling. The pliers have an ultra-sharp line cutter especially for monofilament and braided lines. The powerful arms of the forceps allow the angler to firmly grip and remove the hook from the mouth of a Catfish. Particularly important for the Catfish angler is the opener that has been designed for fast and safe opening of snap rings.

Code
6410 008

NEW

BEACH TOWER

Quick-erect surf angling tent that impresses with its small packing dimensions and ample height when erected. Even the taller surf angler will feel at home inside. Material: 210 D Nylon

Code	Width	Height	Depth	Content
9987 001	1,60 m	1,70 m	1,40 m	1 pcs

Small pack size

BEACH SHELTER

Wind and weather protection for surf anglers. Allows the angler to withstand any weather. Easy to erect and folds away just as quickly. Material: 420 D Nylon

Code	Width	Height
9982 020	190 cm	149 cm

WORLD CHAMPION ROD POD, EXCLUSIV

New surf rod pod with an extra touch of class: incredibly robust with a firm footing and, naturally, corrosion-resistant. With one particularly practical feature: the front rod rests and rear rod holders are made from phosphorescent plastic. When held under a torch, these glow for hours on end helping the angler enormously when finding his/her way around in the dark. Material: Alu

Code	Length
8404 003	98 - 160 cm

SMOKER

Practical smoking oven with large capacity and two burners turns your catch into a delicious meal in no time at all. Material: Stainless Steel

Code	Width	Height	Depth

WADING LANDING NET

Sturdy frame, ample size and high quality finish. 8 mm mesh width.

Code	Length	Width	Height	Mesh
7000 001	51 cm	58 cm	100 cm	8 x 8 mm

OUTDOOR JACKET

The days when anglers sat at the water in second hand army clothes are over. Long sessions and inclement weather call for first class clothing. The new Quantum Outdoor clothing more than satisfies the requirements of a comfortable, contemporary design combined with modern materials and intelligently applied reinforcements. Our testers were particularly impressed with the completely wind and waterproof Water-X external material, which is breathable to prevent sweating. Watertightness: 20,000 mm water column. Material: Breathable, 100% Polyester

- Ergonomically designed handle knob for optimal power transfer
- Robust worm shaft power gears
- Deep aluminium spool
- Shallow aluminium spare spool
- Continuous anti-reverse

RADICAL BIG PIT FD

Vast waters and monster fish call for ultimate fighting machines. Now carp anglers can present their baits at remote locations. Also catfish anglers will have enough in reserve on the reel even if they have loaded an ultra thick line on their spool. The incredible line capacity makes anything possible for both sets of anglers. The powerful gears have to be experienced to be believed in the Big Pit – your future partner for extreme conditions.

FRONT DRAG BIG PIT

RADICAL BR II

The sister model to the Radical Big Pit for those who love run control reels. Carp anglers especially will appreciate the facility to switch flexibly between a fight anti reverse setting and a preset run control stoppage. To ensure optimal run control function the gears are equipped with 10 high performance stainless steel ball bearings and 1 needle bearing, which is a unique feature for reels of this size and price band. Countless 40lb+ fish will be caught across Europe next season with this reel.

STANDARD TECHNICAL EQUIPMENT:

- Balanced rotor, producing silky smooth action
- Finely adjustable run control system
- Ergonomically designed handle knob for optimal power transfer
- Robust worm shaft power gears
- Deep aluminium spool
- Continuous anti-reverse

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight	Spare Spool	Model	Material

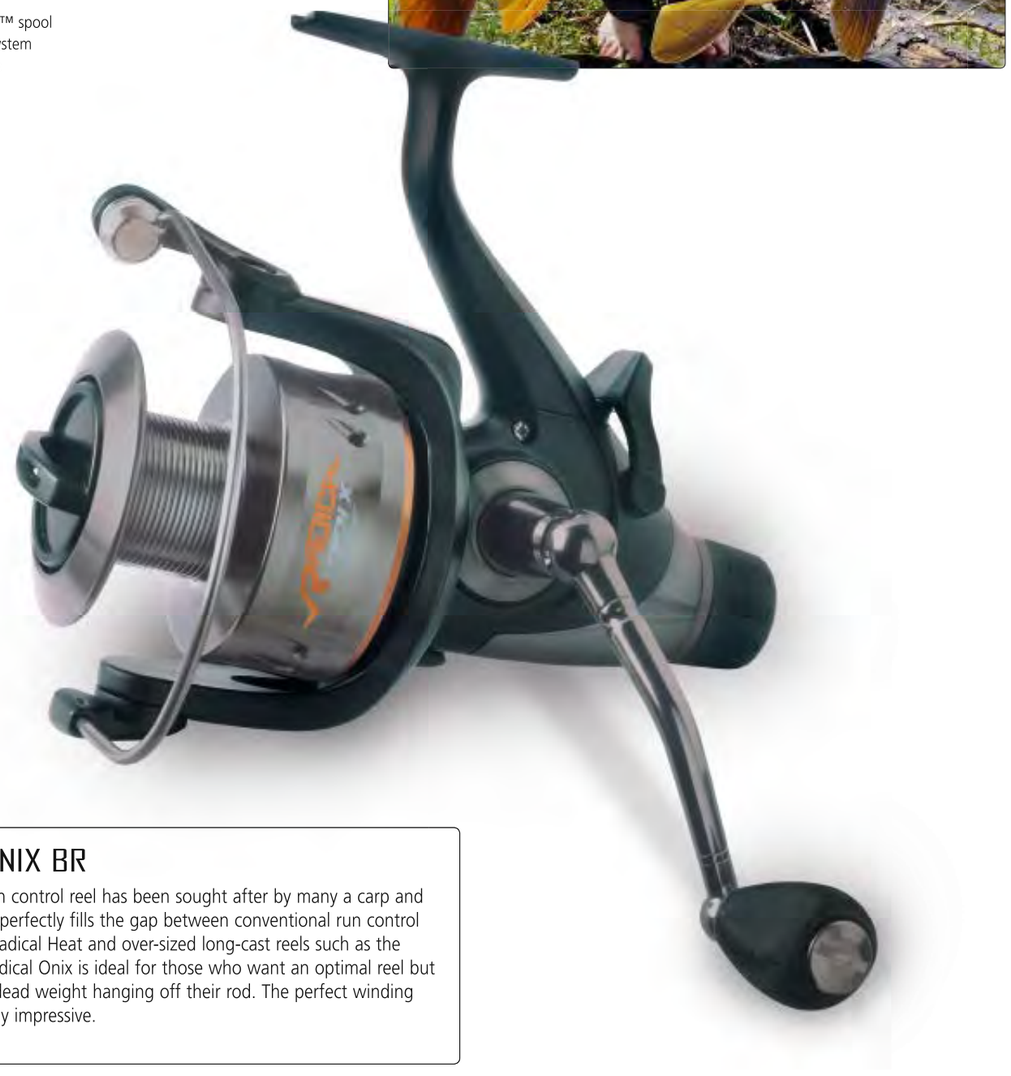
STANDARD TECHNICAL EQUIPMENT:

- Balanced rotor, producing silky smooth action
- Finely adjustable large-surface front drag
- Finely adjustable run control system
- Ergonomic handle knob for optimal power transfer, supplied with optional double handle
- Large line roller with anti-twist system
- Thick bail arm for optimal balance
- Powerful gears
- Aluminium Long Stroke™ spool
- Two-speed oscillation system
- Continuous anti-reverse



RADICAL ONIX BR

This fascinating run control reel has been sought after by many a carp and predator angler. It perfectly fills the gap between conventional run control reels such as the Radical Heat and over-sized long-cast reels such as the Radical BR. The Radical Onix is ideal for those who want an optimal reel but without having a dead weight hanging off their rod. The perfect winding action is particularly impressive.

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight	Spare Spool	Model	Material
0276 060	760	340 / 0,35	4.6:1	90 cm	7	16 lbs	488 g	0987 280	Sp.Spool Radical Onix BR760	Alu

RADICAL CARP TEASER BR

This run control reel has been designed for die-hard angling. We have deliberately dispensed with all of the frills. Whether on the big French reservoirs or the wild rivers of Eastern Europe, this reel impresses with its extreme and unprecedented robustness. The reel has enormous drag strength that will reliably stop even large specimens in their tracks. The drag kicks in reliably and cleanly. A masterpiece among carp reels!

STANDARD TECHNICAL EQUIPMENT:

- Housing produced in aluminium to be completely distortion-free
- Oversized multi-stack drag system
- Finely adjustable run control system
- Non-twist line roller
- Thick bail arm for optimal balance
- Gears made from a super-hard stainless steel alloy
- Continuous anti-reverse

0987 290	Sp.Spool Radical Carp T. BR680	Alu

RADICAL CARP TEASER FD

The Teaser FD is the sister model to the Teaser BR, differing only in that it has no run control function. This makes the gears even stronger. Our team anglers entered the test phase under instructions to push the reel to its limits. None of them managed to do so. During testing, the reels accounted for big carp up to well over 50 pounds and catfish up to 2 metres long. The Teasers are simply professional reels for professional anglers!!

STANDARD TECHNICAL EQUIPMENT:

- Balanced rotor, producing silky smooth action
- Housing produced in aluminium to be completely distortion-free
- Oversized multi-stack drag system
- Non-twist line roller
- Thick bail arm for optimal balance
- Gears made from a super-hard stainless steel alloy

RADICAL RCF

Ultra modern and innovative run control reel range for carp and predator sport fishing, which is available in 5 sizes. Whether for moderate coarse fishing or extreme adventure you will be convinced that you have the right model to suit your requirements. The two largest versions have been fitted with worm shaft transmissions to handle the additional load. Many carp will suffer defeat at the hands of the powerful transmission and refined drag of this reel range.

STANDARD TECHNICAL EQUIPMENT:

- Balanced rotor, producing silky smooth action
- Finely adjustable large-surface front drag
- Finely adjustable run control system
- Ergonomically designed handle knob for optimal power transfer
- Robust power gears
- Deep aluminium spool
- Plastic spare spool
- Continuous anti-reverse

RADICAL HEAT

With an established legendary status, our reel design is often imitated by envious competitors. The smoothness of the gears and run control facility of the current Radical Heat is practically unbeatable. With ten high performance ball bearings, the gears are luxuriantly equipped. All of which will ensure that the "Heat" success story continues in a wide range of uses both in carp fishing and other angling disciplines.

STANDARD TECHNICAL EQUIPMENT:

- Electronically balanced lightweight rotor (LWR)
- Rear-drag system
- Finely adjustable run control system
- Oversized anti twist roller for line protection and reduced friction during fights
- Robust, machine made gears
- Aluminium Long Stroke™ spool
- Aluminium spare spool
- Continuous anti-reverse

RITUAL CARP II

Carp angling is not a hobby but a way of life. The Radical Ritual series is the undisputed flagship in our range. The blank is extremely thin but has immense power and its action is unsurpassed. Casts of over 100 metres are achievable with ease. The blank is made from broad-cross carbon which also makes the rod extremely tough and durable. These rods were tested to their limits by the Radical Team but never failed. This groundbreaking series exceeds all the design aims of a top-quality modern specimen carp rod.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight

16001 390	After Dark	3,90 m / 13,00 '	2	3,50 lb	2,02 m	465 g

AFTER DARK

The new ultra-cool carp rod for fanatics for whom no session is too hard-core. With its fantastic casting action and huge range, the model also boasts sufficient backbone to break the resistance of specimen-size carp.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight

OLD SCHOOL III TRADITIONAL

Top-class fully parabolic rods with incredible power reserves. Finished with elegant cork handle, ALPS rings and FUJI reel holder. The woven-mesh blank was tested by our team angler Robin Illner on waters throughout Europe. The verdict: indestructible!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight

1893 390	Old School III Hard River	3,90 m / 13'	2	3,5 lb	2,03 m	467 g

OLD SCHOOL III HARD RIVER

Hard, harder, Hard River! That is the motto of the dynamic and extremely powerful river rod for taming violent river carp. Robin Illner has tailored the rod to the requirements of river fishing. The result is a parabolic yet highly powerful woven-mesh blank that can withstand the harshest conditions. The rod provides security and fighting pleasure on even the largest rivers in Europe. Additional equipment includes ALPS rings and an FUJI reel holder.

New! Available with 4,5lb test curve.

OLD SCHOOL III BATEAU CARPE

Carp angling from a boat is highly popular at the moment. However, long rods have no place on boats. Short rods offer the ability to tame fish from the boat while making handling far easier. Rigs can also be dropped into wood-filled swims or weed with precision. The elegant rod with cork handle, ALPS rings and FUJI reel holder has been equipped with a powerful 3.5-lb woven-mesh blank.

CARP ROD 2- AND 3 PIECE

Code	Model	Length	Sections	Tr.-Length	Testcurve	Weight
16000 360	Warchild II	3,60 m / 12'	2	1,87 m	2,75 lbs	399 g
16000 361	Warchild II	3,60 m / 12'	2	1,87 m	3 lbs	405 g
16000 390	Warchild II	3,90 m / 13'	2	2,01 m	3 lbs	448 g
16000 391	Warchild II	3,90 m / 13'	2	2,01 m	3,5 lbs	475 g

WARCHILD II

An incredibly slim carp rod for the price segment. The pleasant semi-parabolic action is as well balanced for casting as it is during a fight. Limitless power without compromising on sensitivity. Classic, two-piece design.

Code	Model	Length	Sections	Tr.-Length	Testcurve	Weight
16000 362	Warchild II	3,60 m / 12'	3	1,28 m	3 lbs	403 g
16000 363	Warchild II	3,60 m / 12'	3	1,28 m	3,5 lbs	404 g
16000 392	Warchild II	3,90 m / 13'	3	1,28 m	3,5 lbs	486 g

WARCHILD II

An incredibly slim carp rod for the price segment. The pleasant semi-parabolic action is as well balanced for casting as it is during a fight. Limitless power without compromising on sensitivity. Three-piece design, practical for transport.

Code	Model	Length	Sections	Tr.-Length	Testcurve	Weight
1567 360	Warchild Tele Carp	3,60 m	6	1,22 m	2,75 lb	282 g
1567 390	Warchild Tele Carp	3,90 m	7	1,38 m	3,00 lb	383 g

WARCHILD TELE CARP

Carp angling is becoming ever more global. A few years ago, many carp anglers were content to explore their own country and their closest neighbouring country. Now, tours extend to Morocco, Africa and even Australia. With this in mind, our team has developed an outstanding range of telescopic rods. The action of these telescopic rods is so impressive, it is barely distinguishable from that of traditional rods. The Warchild has enough in its armoury to overcome any opponent!

TIGER'S NUTS BOILIE

The magical effect of tiger nuts on carp is well known all over Europe. The Radical Team has developed a new Top Boilie, the ingredients feature a high proportion of ground tiger nuts as well as large chunks of black tiger nuts. In order to maintain a high protein content and nutritional value, we have added dried whole grasshoppers, soy meal and egg albumin. The boilie releases its aroma quickly under water, but stays on the hook firmly during long sessions. Hold on to your nuts!

RUBBY DUBBY BOILIE

Fishy, natural and coarse – everything a carp could wish for! A bait for the future because naturalness counts and at Radical we only use natural ingredients. The success of our baits proves us right: • Real fish- and shrimp chunks for the „crack and crunch" effect • Real fish oils for aroma and flavour instead of artificial fish flavourings • Bait activates and immediately sets to work in the water since it contains no preservatives • Top quality flours trigger a feeding frenzy in carp and ensure the bait is digested quickly

Code	Ø	Contents

RUBBY DUBBY DIP

Natural ingredients were given top priority with the Rubby Dubby Dip. These ingredients guarantee rapid solubility at all temperatures and strong attraction even when the fish are far away. "Fishy" ingredients make our Rubby Dubby Boilie a bait for all seasons and the bait's attraction is multiplied by using the dip.

PINK TUNA BOILIE

Pink and fishy – those are the attributes of our high-end boilie variety. At times during testing, our team anglers were overrun with carp. Whether in southern France in high temperatures or late autumn in Germany, the Pink Tuna will impress with its incredible attraction in any water temperature. Why is that? The mixture of high-quality, protein-rich basic components is enhanced phenomenally with fish meal. The striking colour also makes carp curious. The result? Continuous buzzing from your bite alarms! Special long-session boilie, high level of attraction despite remaining on the hair rig for long periods.

VAMPIRE GARLIC BOILIE

Garlic has been an absolute secret to success for many years. In this boilie, we have combined the crisp taste of garlic with fresh mint. This combination sends the carp into a frenzy! Just as they did with the Pink Tuna, our field testers also achieved incredible catches with the Vampire Garlic. This boilie would strike fear into Dracula but carp just love it! Protein meal has been used as a base to produce a high-nutrient-value bait. The boilie will tempt large specimens both during short-term sessions and over more pro-longed feeding campaigns.

BLOODY CHICKEN BOILIE

These “Radical Bloody amazing” boilies have been developed over countless hours of trials by Quantum Radical team members during the 2009-10 season. German carp ace Benjamin Gründer played a major role in arriving at the perfect blend of ingredients to catch the huge European carp. The ingredients of Radical Bloody Chicken have instant impact with the rapid release of its unique set of attractants. In tests it was found that big fish immediately recognised its meaty flavour and there was no need to pre-bait or “train” fish onto this boilie! The Radical Bloody Chicken is based around a top quality meat base mix, which both promotes diges-tion, and therefore stimulates more feeding. This contributes to its extremely high levels of attraction. Easily digested and relatively quick to break down in water, the boilie can be used all-year-round and loosefed generously without polluting the water.

BASILISK FORCE LINK

Our team has introduced this extremely durable and yet soft material in the new range. The leader material is perfectly suited to fishing with anti-blow-out rigs and line-aligner rigs. The fish barely stands a chance of shaking the hook out.

Code	Length	BS
2647 015	20 m	6,8 kg / 15 lb
2647 020	20 m	9,1 kg / 20 lb
2647 025	20 m	11,3 kg / 25 lb
2647 035	20 m	15,9 kg / 35 lb

Trade Pack 5 Pieces

BASILISK CARBON HOOKLINE

On clear waters, it is important that the angler is as cautious as the fish! This is where the almost invisible Carbon Hookline comes into its own. The material is also the absolute first choice when making stiff rigs.

Code	Length	BS
2650 025	20 m	11,3 kg / 25 lb
2650 030	20 m	13,6 kg / 30 lb
2650 040	20 m	18,1 kg / 40 lb

Trade Pack 5 Pieces

BASILISK COMBI LINK

Combi-links are practical. Simply peel off a couple of centimetres of the soft coating and you already have a leader soft enough to outwit even the most wary fish without tangling in strong currents or on long casts.

Code	Length	BS
2644 015	15 m	6,8 kg / 15 lb
2644 020	15 m	9,1 kg / 20 lb
2644 025	15 m	11,3 kg / 25 lb

Trade Pack 5 Pieces

BASILISK HOOK LINK

This leader can be used in 99% of all situations. It is made from a braided material with just the right softness that it can be taken by fish without resistance. An absolute all-round talent among carp leaders.

Code	Length	BS
2646 015	20 m	6,8 kg / 15 lb
2646 020	20 m	9,1 kg / 20 lb
2646 025	20 m	11,3 kg / 25 lb
2646 035	20 m	15,9 kg / 35 lb

Trade Pack 5 Pieces

BASILISK POWER KOMBI LINK

A combi-leader with the strength of an ox. Our team developed this leader material for harsh angling conditions on large rivers on stone packing or on large stillwaters with an abundance of deadwood.

Code	Length	BS
2648 025	15 m	11,3 kg / 25 lb
2648 030	15 m	13,6 kg / 30 lb
2648 040	15 m	18,1 kg / 40 lb

Trade Pack 5 Pieces

BASILISK LEAD CORE

When it comes to catching cautious fish, the line has to lie tight to the bottom. Our leadcore sinks reliably to the bottom of the water so that cautious fish are no longer spooked. Leadcore also offers protection from abrasion against mussels, stones and wood.

Code	Length	BS
2649 025	8 m	11,3 kg / 25 lb
2649 030	8 m	13,6 kg / 30 lb

WEEDY LEADER

Low-stock waters often harbour very big carp. However, these are usually difficult to catch. This makes camouflage an utmost priority. Our Radical Weedy Leaders look so amazingly authentic that, for a moment, we were speechless. Tests on the water showed that the material is practically indistinguishable from real foliage and aquatic plants. The material is also extremely durable. Sharp edges from shells or stones have no effect. Our tests showed that bite numbers increased dramatically. Available in 2 colours and with different rig connectors.

RADICAL COMBAT UNIT II

A well designed tackle box for storing a multitude of various smaller boxes and leader dispensers. The box holds everything an experienced carp angler could want at the water's edge. Quick release clips ensure easy opening and closing, particularly of benefit when you have cold hands. To complete the range, there are matching small accessory boxes available. The large basic box comes with 4 big and 2 small accessory boxes.

Trade Pack 5 Pieces

KNOCK OUT CLIPPER

Fishing in front of obstacles always has good potential. Unfortunately, many a carp is lost in such circumstances. The new Knock Out Clipper solves the problem. The line on the clips is connected to the obstacle. The fishing line is placed in the clip and tightened in the swim. When the fish bites, it feels the tension from the obstacle and bolts into open water. A brilliant system!

CYBER CRRX BITE ALARM SET WITH RECEIVER

The bite alarm that sounds in a new era. Cyber CRRx bite alarms are the first to feature optional LED colours. Furthermore, the strategy of our R&D engineers was not only to achieve optimal functionality, but to set a new benchmark for design and presentation. We are more than impressed with the result, which we are sure you will feel the same. The set features 3 radio bite alarms and one receiver (each supplied with batteries). Also provided is a complete set of replacement batteries, the correct size screwdriver and – as a unique bonus – an alternative set of sample cases in camouflage design. The transport case has space for a fourth bite alarm where required for major trips.

Code
6809 999

COMBAT II BITE ALARM SET

Bite alarm set with 3 heads and a radio receiver with an optimal price-performance ratio. Spraywater protected. Receiver range up to 100 m. The transport case provides space for a fourth head, where required for use on French waters, for example.

LINE DIVER

On a drop-back bite, the Line Diver dives down deep and so causes every bite to be indicated. The head incorporates a clip design that holds the line securely without damaging it but releases the line cleanly on every run. The head also has a night-glow function that emits bright colours on even the darkest of nocturnal carp sessions. A 2 oz, continuously adjustable stainless steel cylinder slides along the shaft, ensuring that every bite is seen and heard even when fishing at long range.

CARBON BANK STICK

Completely unique and for true carp anglers. The ultra-light banksticks in extremely robust carbon-fibre material have been tested at the water by our team angler Robin Illner. They were subjected to sharp stones, sand, thick clay, storms, waves and being wet all day. The result: test passed. The carbon-fibre banksticks are also extremely lightweight. Ideal for overnight sessions.

Code

8200 018

CARBON BUZZER BAR. 3 RODS

Completely unique and for true carp anglers. The ultra-light buzzer bars in extremely robust carbon-fibre material have been tested at the water by our team angler Robin Illner. They were subjected to sharp stones, sand, thick clay, storms, waves and being wet all day.

Code	Model	Length
8200 015	3 rods	25 cm
8200 016	2 rods	15 cm

ROD POD GIGANTICA

The name says it all: We have forged our masterpiece. With the flagship from the Radical house, the angler is armed for every situation. The Gigantica pod has been developed for professionals who fish the largest reservoirs in southern Europe and North Africa. However, the pod also shows its prowess on the major rivers of continental Europe, such as the Rhine, the Ebro, the Po and the Rhone. When it comes to using a reliable high pod, the two-metre Gigantica is the optimum choice. Our team and test anglers, such as Stefan Seuß, Benjamin Gründer and Robin Illner tested the pod for over two years on the water and tried everything they could to take it beyond breaking point. They failed! The pod is a machine, standing up to any conditions. Material: Aluminium. Accessories: Rod Pod Bag, extra-long pair of legs.

Code	Length	Height	Weight
8402 025	82 - 160 cm	48 - 85 cm	3,70 kg

ROD POD FREESTYLE

Freestyle means to go your own way, which can often be the key to angling. For those anglers with foresight, who fish on numerous different waters, we have developed the four-legged Freestyle pod. The pod is equally suited to both extreme river fishing and long-range sport. With its simple yet solid screw attachments, the rod pod is ready to roll in no time and packs away just as quickly. A true all-rounder. Material: Aluminium. Accessories: Rod Pod Bag.

Code	Length	Height	Weight
8402 022	75 - 130 cm	40 - 64 cm	1,85 kg

ROD POD GRID CX

A rod pod is indispensable on large lakes and rapid rivers to secure expensive equipment to the bank. The Radical Grid CX Rod will not let you down. The pod has a compact design and stands extremely firm. The length is adjustable and the legs can be removed. Equipped with 4-rod buzzer bars. Material: Aluminium. Accessories: Rod Pod Bag.

Code	Length
8402 031	51 - 81 cm

RADICAL DESPERADO BS HOLDALL

Our Desperado Big Session Holdall provides enough space to transport four rigged up rods to France or Italy. There is even additional room for a further two unrigged rods. The Holdall is a veritable storage miracle. The four rods are no longer packed next to each other but at a 180-degree rotation. This gives the holdall the capacity of a 2+2 holdall, which means it can always fit into even small cars. The robust, thickly-padded side walls and central protective wall ensure your valuable rods are optimally protected. The durable outer pocket also features additional compartments for banksticks, a large umbrella, landing nets and much more besides.

Code	Length
8511 001	2,10 m

RADICAL PROTECTION HOLDALL

High quality rods deserve the best protection. The Radical Protection Holdall offers precisely this: the rods lie cosseted and protected in an extra-thick foam layer as if a precious baby. Thanks to its durable 600D material, the outer skin protects rods completely from rain, dust and dirt. The holdall is finished with super-thick zip fasteners and metal rings. Top quality for top rods! Material: 600 D Nylon

Code	Length	Tubes/ Capacity
8511 002	1,95 m	3
8511 016	1,95 m	4

RADICAL SOLO SLEEVE

Our thick padded solo sleeves protect any rod safely and reliably against damage. Individual bags can be convenient and hugely practical at times. What angler hasn't had the problem of the car being packed up to the roof? Individual holdalls can be easier to find room for than conventional large multi-holdalls. Available in 3 different lengths for all rod sizes. Material: 600 D Nylon

Code	Length
8511 005	2,10 m
8511 003	1,70 m
8511 004	1,90 m

NEW

RADICAL QUICKY QUIVER

Short, one-night sessions are becoming increasingly popular with many carp anglers. Long-winded packing and unpacking of rods, umbrella, landing net, etc. is not what the angler wants during a short session. The new Quicky Quiver caters specifically for the requirements of the "quick" carp angler without making any compromises. The holdall can accommodate up to four rigged-up rods while also offering room for an umbrella, banksticks and a landing net. A robust mesh side-pocket allows wet items in the holdall to dry out. The Quiver also has ultra-robust eyes and carabiners as well as an individually adjustable strap for highly comfortable carrying.

Code	Length	Width	Height
8511 014	120 cm	35 cm	15 cm

RADICAL COMBAT BAG

With this bag, the carp angler is fully prepared to go into "combat" with the carp. The metal shoulder strap rings guarantee a long life. The bag's base is 100% waterproof while the zips are heavy-duty. One pocket on the front and three on the side complement the amply large main section to provide enough storage space for long trips. • Includes free large tackle box Material: 600 D Nylon

Code	Width	Height	Depth
8511 006	60 cm	30 cm	30 cm

RADICAL CUBE BAG

The Cube Bag is the little brother of the Gigantica Bag, but no less strong. This bag has metal fittings throughout and the base incorporates a waterproof floor. The Cube Bag is ideal for terminal tackle, clothing and accessories as well as scales and baits. For added storage space we've added two side pockets and an extra front pocket. The Cube Bag is the ideal travel companion for both short and long sessions and also looks pretty cool! • 2 free terminal tackle boxes Material: 600 D Nylon

Code	Width	Height	Depth
8511 007	30 cm	30 cm	30 cm

RADICAL GIGANTICA BAG

Big, bigger, Gigantica! That is the best way we can describe our "monster" from the Radical bag range. Designed to take anything and everything you need to the water whether gas cookers, sleeping bags, tackle bags, rig cases, food or an umbrella overwrap... The Gigantica is not just big, it's also incredibly strong. The metal shoulder strap rings guarantee a long life. The base is 100% waterproof while the zips are all heavy-duty. Complete with two side pockets, two front pockets and an overlap to protect the zip from rain. • Includes free tackle box and rig board!! Material: 600 D Nylon

Code	Width	Height	Depth
8511 008	70 cm	30 cm	40 cm

RADICAL BAIT BOWL

Method feeder fishing continues to grow in popularity. Our Radical Bait Bowl for groundbait folds to a small size but is 100% waterproof and is ideal for short sessions. The bowl is designed not just for method groundbait but also particles or boilies to be fed from the boat.

Code	Ø	Size
8511 011	20 cm	M
8511 012	35 cm	L

RADICAL BUCKET

Leaky buckets are a moderate disaster in the tent or car. The super-tight Radical Bait-Bucket with a 20-litre capacity is not only perfectly suited to transporting baits. Food and clothing can also be stored safe and dry and the bucket is perfectly shaped for storage in the boat and car. Material: 100% Polypropylene

Code	Length	Height	Depth	Colour
8514 002	38 cm	29 cm	29 cm	black

Trade Pack 5 Pieces

RADICAL DRY BAG

Carp fishing in extreme conditions is not unusual for hard-core specimen anglers. Whether at home or on the big lakes and rivers of Europe and beyond whether in a tent during rain or in a boat, the Dry Bag keeps everything dry. Clothing, expensive video and photography equipment and food are literally kept as "dry as a bone". No avid carp angler's equipment is complete without a 100% waterproof bag. Material: Nylon PVC coated

Code	Contents
8511 009	60 l

RADICAL BOLT BAG

Bolt rigs are the number one method for targeting specimen carp. But where should you store those heavy weights and backleads? A solution has arrived in the shape of our new heavy-duty Radical Bolt Bags that can be subdivided into two compartments. Material: 600 D Nylon

Code	Width	Height	Depth
8511 015	20 cm	15 cm	10 cm

RADICAL DIP BAG

We all like a dip! Where would modern carp fishing be without the right selection of bait dips, such as our Bloody Chicken or Yellow Zombie. Our Dip Bag ensures all dips are carried safely. Never again will a dip leak and ruin the contents of a carryall. We have filled the Dip Bag with 6 containers that can accommodate dips, pop-ups or both according to needs. Extremely practical. Material: 600 D Nylon

Code	Width	Height	Depth
8511 013	30 cm	20 cm	10 cm

RADICAL MONKEY BAG

The Radical Monkey Bag is as strong as an ….. Ape. Small items such as carp tools, wallets, car keys or head torches can all be kept safe and sound. The bag can be attached to any bedchair, chair or rod pod and can also be used as a waist bag, e.g. if mobile or on a boat. Material: 600 D Nylon

Code	Width	Height	Depth
8511 010	30 cm	12 cm	12 cm

RADICAL BACK PACK

Carp anglers the world over spend anything from short overnight sessions to week-long trips at the water. The Back-Packer-System is ideal for solo anglers and can be carried on the back during long walks while offering all the benefits of a modern carp angling bag. Equipped with reinforced front and side walls, a waterproof floor and thick zip fasteners. Material: 600 D Nylon

Code	Length	Width	Height
8511 017	50 cm	29 cm	48 cm

SPRING SCALE. CARP

RADICAL BIVVY

After a long development project, we are proud to offer session anglers a truly remarkable tent,
which stands out above the competition with a number of outstanding features:
· 140 cm x 240 cm x 180 cm (H/W/D)
· 420 Denier Nylon
· 100% waterproof and wind-proof material
· sealed seams
· easy and quick to erect
· robust glass-fibre rods
· removable groundsheet
· transparent window in entry door
· front part can be rolled up to the side so that the tent becomes a half-open storm shield (important on waters where enclosed tents are prohibited)
· various options for pegging down, standard tent pegs supplied Material: 420 D Nylon

Code

RADICAL MEGA BROLLY

When time is of the essence or luggage space is limited, a conventional brolly is not always the best choice. And yet it must be large and robust enough to offer the angler the right protection. The Radical Mega Brolly strikes the perfect balance. Nubrollie system, 3 m diameter, 420D nylon, PU-coated, sealed seams, stainless steel shaft and ground spike, complete with tether and pegs, plus two threaded connections for attaching Storm Poles (not included). Material: 420 D Nylon PU coated

Code	Ø
9975 300	3,00 m

RADICAL SAMBA BROLLY

Night sessions are not meant to be spent beneath a cramped umbrella. The new Samba Brolly provides enough room to dance and erects in seconds. Our team angler Robin Illner designed the new model with fibreglass spokes, breathable tent fabric, height adjustment, a back-door window, mosquito and rain fronts and many more extras. The Samba Brolly is supplied with storm poles and a groundsheet. Internally, there is sufficient room for a bedchair, a small chair and all the tackle you will need for a night session. Material: 100% Polyurethane 2100 PU

Code	Length	Width	Height	Weight
9982 032	160 cm	280 cm	230 cm	8,54 kg

RADICAL WARCHILD BIVVY

A tent that extends into a bivvy in seconds. The highly robust material is completely waterproof and windproof. The spacious interior provides space for up to two anglers. The bivvy is equipped with thick zip fasteners, robust tent peg eyelets and strong tent poles. To the front are two windows with mosquito nets and transparent film. The doors can be opened from both sides, with mosquito protection and windows. At the rear of the tent is a large window for optimal ventilation in summer. Supplied with a groundsheet and tent pegs as well as a large bag. Material: 100% Polyurethane 2100 PU

Code	Length	Width	Height	Weight
9982 033	133 cm	270 cm	250 cm	11,14 kg

RADICAL TARP

Flexible pop-up tent or simply a shelter for your tackle. Also ideal protection from strong sunshine and searing heat. Our Tarp can be tied between trees in no time at all or erected with the two poles and lines supplied. Material: 100% Polyurethane 2100 PU

Code	Length	Width	Height	Weight
9982 034	280 cm	280 cm	200 cm	2,00 kg

RADICAL CARP TRUCK

Has an ultra-strong metal frame that refuses to buckle even under the heaviest loads. Transports the tackle needed for long sessions effortlessly to the water. Two wheels distribute the heavy load perfectly. The metal frame also accommodates rigid, very versatile, bags (supplied). There is enough room for shoes, clothes and tackle with no wasted space. With its relatively small folded size the truck fits in the boot of even smaller cars.

Code	Length	Width	Height	Weight
8705 006	1,54 m	58 cm	30 cm	9,6 kg

RADICAL SESSION CHILLER CHAIR MARK 2

Our Radical Carp Chair "Session Chiller" has special breathable cushioning which moulds to the body shape thanks to its special foam composition. Now you can really enjoy long or "slow" sessions. Armrests add to the comfort. The legs are continuously adjustable to adapt perfectly to every terrain. With special ratchet system for adjusting the backrest and ultra-light aluminium frame. Material: 600 D Polyester

Code	Length	Width	Height
9980 022	52 cm	55 cm	92 cm

RADICAL WARCHILD CHAIR

Affordable chair - ideal for the carp angler to relax comfortably between bites. In modern Radical design. Material: 600 PVC Oxford

Code	Length	Width	Height	Weight
9980 031	62 cm	48 cm	84 cm	4,18 kg

RADICAL SESSION CHILLER BED CHAIR MARK 2

Backache from sleeping? No longer with our Carp Couch "Session Chiller" which has special breathable cushioning and moulds to the body shape thanks to its special foam composition. Sweating is reduced significantly, while in winter the cushioning provides extra insulation. The bedchair has 3 pairs of legs for a secure footing. Now you can sleep as if you were on cloud nine. With special ratchet system for adjusting the backrest and ultra-light aluminium frame. Material: 600 D Polyester

Code	Length	Width	Height
9980 023	2,1 m	82 cm	40 cm

RADICAL WARCHILD BED CHAIR

Affordable bedchair - indispensable for overnight sessions. In modern Radical design. Material: 600 D Nylon

Code	Length	Width	Height	Weight
9980 030	198 cm	80 cm	52 cm	8,84 kg

RADICAL WARCHILD BED CHAIR COVER

The Bedchair Cover guarantees that summer feeling! A light yet warm blanket for the sunnier months in central and southern Europe. You can sleep as though you were on the beach, looking up at the stars. Finished with robust zip fasteners! Fits any bedchair. Material: 100% Polyurethane 2100 PU

Code	Width	Height	Weight
9980 033	148 cm	210 cm	1,74 kg

BED CHAIR SUPPORT LEG

This double-leg system can be attached to the foot section of a bedchair in just a few seconds. This way, the foot section acts as both a storage area and seat. The support legs are extremely light yet robust.

Code	Length	Weight
9980 032	32 cm	335 g

CARP LANDING NET HEAD

Fish of 40kg and above are now caught on a number of waters throughout Europe. And 20kg fish are commonplace. This means a large, robust landing net and professional carp equipment are now essential. The unsinkable landing net is not only extremely robust but is buoyant and, therefore, cannot sink. Perfect for fishing from a boat. An complete innovation for carp anglers.

Code	Length	Width	Depth	Mesh
7155 001	1,00 m	1,00 m	0,80 m	10 x 16 mm

BAZINGA CARPNET

Classic landing nets with a triangular design run into problems when landing fish in weed or lilies since the frame folds together. Robin Illner has developed a new oval-shaped landing net for fishing from the bank or boat, which has an all-round fixed metal frame. This allows the fish to be skimmed neatly from the obstacle in a matter of seconds. With its oval shape, the landing net fits easily into a small boat while still offering ample room for fish up to 30 kg. The landing net fits perfectly onto the Radical landing net handle.

Code	Width	Height	Mesh
7155 002	73 cm	100 cm	15 x 9 mm

NET SAFE

Buoyancy aid for landing net handles. Also allows easier handling of larger nets in the water.

Code
8517 018
Trade Pack 5 Pieces

RADICAL CARP LANDING NET HANDLE

The Slim-Stick is one of the thinnest and most robust landing net handles on the European carp market. And it is no thicker than a ring finger at the handle. Made from the finest carbon fibre, the handle is almost unbreakable. In testing, our team angler Robin Illner not only netted huge carp but also used the handle for launching heavy balls of groundbait with the bait scoop. In his own words, he tried to destroy the Slim Stick under normal angling conditions. The mission failed!

Code	Length	Sections
7158 180	1,80 m	1

RADICAL ULTRA STICK LANDING NET HANDLE

Versatile landing net handle: This ultra-strong handle is the normal 1.8 metre length but can be extended to 3 metres using the additional handle section supplied. This extra length can make a big difference in certain situations. As a special bonus feature, the additional section can be used as a throwing stick for particle baits. With screw-thread fitting.

Code	Length	Sections
7164 300	3,00 m	2

CARP CRADLE

The huge canyon lakes and big rivers of France are often strewn with sharp stones. This means carp need special protection from the responsible carp angler. The Carp Cradle was developed by Rapahel Biagini, one of France's most renowned carp anglers. The bedchair for carp can be set up in no time, has small packing dimensions and offers the best possible protection for the fish.

Code	Length	Width
8508 001	1,20 m	0,70 m

NEW

RELAX UNHOOKING MAT

With our Relax Unhooking Mat, carp feel as though they are lying on cotton wool. The mat comprises a self-inflating floor while the surface material safely protects the carp's delicate mucous membrane. Material: Nylon

Code	Height	Width	Height	Colour
8517 051	30 - cm	70 cm	120 cm	black/orange

NEW

INFLATABLE UNHOOKING MAT

Upholstered, oval unhooking mat with inflatable outer ring to prevent carp from sliding off. Material: 100% Polyurethane 2100 PU

Code	Length	Width	Height
8517 024	110 cm	70 cm	14 cm

UNHHOKING MAT

DELUXE UNHOOKING MAT

This unhooking mat is specially designed for stony and other hard bank surfaces. A thick, gel-type ball filling guarantees the best possible protection for the fish. The filling adapts perfectly to the shape of the fish, without any possibility of a protruding stone. With side panel for the angler to kneel on when removing the hook.

RHINO

Rhino is definitely the brand for serious anglers. Particularly those who look for that extra performance in their products and an assurance of constant quality from their tackle. Extreme performance for a fair price.

BOAT

BALTIC TROLLING RIGGER

Shorter downrigger rods take up less space, meaning easier storage and more room on the boat when a fight is on. Mike Luner (two-time European Trolling Championship runner-up) developed the range, with a central focus on providing sufficient power – even for big salmon – balanced with enough softness to ensure the right amount of action.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1457 210	Baltic Trolling Rigger	2,10 m	2	10 - 20 lb	1,13 m	340 g
1457 240	Baltic Trolling Rigger	2,40 m	2	10 - 20 lb	1,28 m	380 g

BALTIC TROLLING PLANER BOARD

Powerful yet sensitive rod for planer board angling. Whether you are fishing with inline boards or larger planer boards, this rod offers the necessary length to hold the line above the water and can take large paravanes or small diving discs without compromising its positive fight qualities.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1458 260	Baltic Trolling Planer Board	2,60 m	2	10 - 20 lb	1,35 m	418 g

BALTIC TROLLING DIVER

To satisfy widespread demand, a diver rod in the high-quality Rhino DF design. In contrast to the hugely successful Dive Master, the Diver has more of a through action. Now the trolling angler has a choice of which action he prefers.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1459 285	Baltic Trolling Diver	2,85 m	2	15 - 25 lb	1,50 m	450 g

BALTIC TROLLING INLINE

An innovation for inline fans. These rods make line tangling around the rings a thing of the past. The rods' hallmark is their sensitive through action that leaves nothing to be desired when it comes to power. Also a good choice for light pirking. Threader included.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1456 210	Baltic Trolling Inline	2,10 m	2	10 - 20 lb	1,13 m	280 g
1456 240	Baltic Trolling Inline	2,40 m	2	15 - 25 lb	1,24 m	305 g
NEW 1456 270	Baltic Trolling Inline	2,70 m	2	20 - 30 lb	1,41 m	294 g

RHINO TROLLING TEAM RIGGER WITCH II

This special downrigger rod makes trolling a magical experience. With its trendy design to match the Dive Master this rod will soon find many friends. The tough blank will take all the strain that occurs when trolling.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1825 210	Rhino Trolling Team Rigger Witch II	2,10 m	2	10 - 20 lbs	1,10 m	340 g
1825 240	Rhino Trolling Team Rigger Witch II	2,40 m	2	10 - 20 lbs	1,30 m	380 g

RHINO TROLLING TEAM DIVE MASTER II

Outstanding for pike and salmon trolling. When it comes to the crunch with divers the rod stands the test with the necessary stiff backbone. The sensitive tip will subdue even lightly hooked opponents during the fight. Perhaps the best rod ever to come to market for this area of angling. Also excellent for pirking with a multiplier reel.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1826 285	Rhino Trolling Team Dive Master II	2,85 m	2	15 - 25 lbs	1,50 m	394 g

TELE RODS

RHINO EPOXY MASTER BIG FISH

A two-piece boat rod for when heavy-duty power is needed. A true work-horse for sea, catfish or sturgeon anglers who want to exploit the full strength of the exclusive material mix of fibreglass and epoxy.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1832 240	Rhino Epoxy Master Big Fish	2,40 m	2	300 g	1,25 m	523 g
1832 270	Rhino Epoxy Master Big Fish	2,70 m	2	300 g	1,40 m	582 g
1832 300	Rhino Epoxy Master Big Fish	3,00 m	2	300 g	1,54 m	647 g

RHINO EPOXY MASTER PILK

An all-round rod for intermediate sea angling with an increasingly sensitive tip. The blank has limitless reserves of power. A dream both for pirking as well as various forms of natural bait angling.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1843 240	Rhino Epoxy Master Pilk	2,40 m	2	175 g	1,25 m	472 g
1843 270	Rhino Epoxy Master Pilk	2,70 m	2	175 g	1,40 m	493 g

RHINO EPOXY MASTER LIGHT PILK

When sea fishing from a small boat, a classic pirking rod is normally just too powerful. This is where the Light Pirk comes into its own. Sensitive yet almost indestructible thanks to the exclusive material mix of fibreglass and epoxy.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1844 240	Rhino Epoxy Master Light Pilk	2,40 m	2	125 g	1,25 m	395 g
1844 270	Rhino Epoxy Master Light Pilk	2,70 m	2	125 g	1,40 m	435 g

RHINO EPOXY MASTER SPIN

Two-piece spinning rod in extremely resilient fibreglass in conjunction with epoxy. Despite its low weight and balanced action, this makes the rod a robust partner when it comes to serious spinning.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1845 240	Rhino Epoxy Master Spin	2,40 m	2	40 - 80 g	1,25 m	342 g
1845 270	Rhino Epoxy Master Spin	2,70 m	2	40 - 80 g	1,40 m	383 g

RHINO TROLLING SPOONS I

You want to catch big fish, right? And you want to troll medium and large lures with the same speed? This is where Rhino Trolling Spoons really come into their own category. The lures have been specially designed by our trolling experts for trolling in the Baltic Sea. In open water and during the herring run, salmon and sea trout often prefer larger baits. We have put together an optimum range of colours for you whether you are fishing off Rügen, Fehmarn, Bornholm, Simrishamn or the Gulf of Finland – you will always be well prepared. The agile, almost aggressive swim action also attracts predators to take the bait at a trolling speed to match that used by most boats.

RHINO TROUT KILLER I

At last, we can offer the alluring Rhino spoon in a size specially designed for sea trout, which prefer a smaller lure fished close to the shore. In the new Trout Killer Spoon range, we are offering a tailor-made spoon and colour concept specially designed for sea trout sport. The retrieve action of the spoons ranges from agile to aggressive while the speed has been optimally matched to the other spoons in the Rhino range. Don't forget to try this lure for salmon at depth when small sprats are on the menu for the fish! Many a 10-kg salmon has already given in to the temptation.

TROLLING INSIDE FOILS

The intelligent solution to tuning your trolling lures. Often it is the inner side that decides whether a lure is taken – ultimately, it is this that reflects the light. As most lures are supplied with a silver inner side, we have provided gold, copper and white to vary your options. Available in two sizes, suitable for Rhino Trolling Spoons in large Mag and Xtra Mag sizes. Highly adhesive and scratchproof.

RHINO BAIT HOLDER

We have added a natural bait system into the Rhino Bait Holder range that immediately convinced us in practical testing on the Baltic Sea: The range comprises natural bait heads in two sizes and ten colours: The heads were developed by Mika Kampmann and are based upon real fish. It is the combination of accuracy and alluring bait action that makes this system so exceptional.No effort is required when it comes to set-up in almost all cases. The large head has been tailor made for herring and the smaller model for roach and similar species. Using both heads allows a broad range of various deadbaits (10 - 28cm) to be brought to bear. When it came to selecting colours, we called upon both the tried and trusted Rhino colours as well as recommendations from experience with natural bait systems.Ideal bait sizes: Rhino Bait Holder Medium: e.g. Roach from 10-13 cmRhino Bait Holder Large: e.g. Herring from 18-23 cm

SIDE PLANER

SALMON TRACKER

Perfectly functioning planer in aluminium and with a stainless steel arm. The EVA foam body reliably prevents unwanted diving in the waves. The clip holds the line securely in position but releases on the bite so that the planer does not create any more pressure during the fight. Extensive testing was performed to achieve an optimal shearing effect. Sold as a pair with one planer for the port side and another for the starboard side. A piece of cake to set up. 2 Pcs (right and left version) in Box.

PRO STOW BOX

A revival of the hugely successful lure box, specially designed for trolling anglers: much demanded, designed in collaboration with Mike Luner and capable of accommodating all types of lure – whether spoons, wobblers or pirkers – in separate compartments. The box combines a range of benefits: • Numerous lures (up to 20 cm long) can be transported together. • Clearly arranged storage. • Prevents lures from tangling • Lures are not thrown together, even if the box is tipped over. • Lures are no longer left in wet compartments the water drips down below. The box dries out when the lid is left open and the inserts can be removed where required

RHINO PARAVAN

Head weights deliver the bait to the desired depth, enabling effective angling at a variety of water depths. Customary paravanes, however, have a distinct disadvantage. They require a leader and the leader is dependent on the length of the rod to enable you to still land the fish. Not so with the Rhino Paravan. This clip-on weight can attach anywhere to the line without causing damage. It neither affects the agile behaviour of the bait, nor alarms the fish because seaweed has become tangled up with it etc. All of this means less time with the rod in your hand than without the Rhino Paravan.

BOAT ROD HOLDER

RHINO XTRA ROD HOLDER

Made from robust plastic and designed to produce the lowest of production tolerances. Can be attached to the deck and has 12 rest positions with 360° rotation. Thanks to a built-in notch, the rod can only be set in one position and cannot shift into the other positions unwanted through shaking. The tilt mechanism is securely attached via fixed snap-in points and a robust adjuster bolt. The rod can be secured against jumping out via a rubber clamp. Weight: 400 g.

Code	Weight
8207 001	400 g

DECK HOLDER

Made from highly robust plastic with the lowest of production tolerances, with 12 rest positions and 360° rotation. Can be installed from above or sideways since the actual rod holder can receive the rod in one of two ways. Weight: 140 g.

Code	Weight
8207 990	140 g

RAIL MOUNT

Made from highly robust plastic. Complement to the deck holder when it needs to be mounted on a railing. Includes 4 bolts with self-locking nuts in stainless steel. Weight: 70 g.

Code	Weight
8207 992	70 g

RHINO XTRA TUBE ROD HOLDER

Deck holder as with the Standard Xtra Rod Holder 8207 001, but with a fitted tube rod holder in polished aluminium. Rods can be taken out at great speed. The upper tube edge is designed to protect the rod handle with a soft plastic sleeve. With anti-twist device for rods with cross slots. The tilt mechanism is securely attached via fixed snap-in points and a robust adjuster bolt. Height: 30 cm. Weight: 530 g.

Code	Height	Weight
8207 002	30 cm	530 g

RHINO ALU TURN&TILT RAILING ROD HOLDER

Fixed tube rod holder in polished aluminium. Rods can be taken out at great speed. The upper tube edge is designed to protect the rod handle with a soft plastic sleeve. With anti-twist device for rods with cross slots. For horizontal railing mounting via a super robust railing adapter (4 bolts, supplied). Suitable for 25 mm / 1" railing bars. Height: 30 cm. Weight: 740 g.

Code	Height	Weight
8208 003	30 cm	740 g

RHINO ALU TURN&TILT RAILING ROD HOLDER

Like 8208 001, only for rail mounting via a super robust railing adapter (4 bolts, supplied). Suitable for 25 mm / 1" railing bars. Height: 30 cm. Weight: 1,080 g.

Code	Height	Weight
8208 002	30 cm	1080 g

RHINO XTRA ROD RACK, 3 RODS

Three rod holder in shock resistant white plastic. Mounted with 6 stainless steel bolts (supplied). The bracket has additional storage capacity, e.g. for forceps and fishing knives. Dimensions: 45 x 30 cm. Weight: 830 g

Code	Width	Height	Weight
8209 001	45 cm	30 cm	830 g

World Exclusive: Now with 65lb thrust!

RHINO VX ELECTRIC OUTBOARD MOTOR

Strong, stronger, Rhino VX! Introducing one of the most powerful electric outboard motors on the market. The Rhino VX is outstanding in its low power consumption, allowing it to be used for longer periods with regular battery capacity. The motor is operated and steered with a telescopic tiller (except Rhino VX 28) offering 5 forward and 2 reverse speeds. The motor can be tilted up by pushing a button and the depth of the prop as well as steering counterforce are continuously adjustable. With battery indication (except Rhino VX 28) to prevent any loss of power scenarios. The Rhino VX features exceptionally simple, comfortable and safe overall handling. This electric outboard motor has become a reliable companion to thousands of boat anglers.

Code	Model	Weight	Speeds	Max. weight of boat	Shaft Length	Length of Battery cable	Volt
9925 028	Rhino VX 28	6,25 kg	5V/2R	800 kg	0,78 m	1,45 m	12
9925 034	Rhino VX 34	6,70 kg	5V/2R	1100 kg	0,78 m	1,45 m	12
9925 044	Rhino VX 44	9,55 kg	5V/2R	1350 kg	0,91 m	1,6 m	12
9925 054	Rhino VX 54	10,00 kg	5V/2R	1750 kg	0,91 m	1,6 m	12
9925 065	Rhino VX 65	10,00 kg	5V/2R	2100 kg	0,91 m	1,70 m	12

The length of the motor shaft is equal to the distance between the control head and the submerged drive unit.

RHINO COBOLD OUTBOARD MOTOR

Small and manageable but effective. With its 18 lb of thrust the Cobold is designed for use with dinghies or canoes. Like its big brother, the Cobold boasts optimal power consumption enabling longer operation for the same battery capacity. Features a switch for 'forwards', 'off' and 'backwards', also offers a choice of two speeds. The propeller depth in the water and steering pressure are continuously adjustable via screws. The tiller can be lowered into the motor head to save space during transport. Finally, the shaft comes with an ingenious fastener allowing the motor to fold up should it come up against any obstacles. Overall the Rhino Cobold handles easily, comfortably and safely.

BLACK CAT – THE BEST WAY TO CATCH

Modern cat fishing is booming and is currently more popular than ever. For years, Zebco Europe has offered the catfish angler innovative new products, practical small accessories and ultra-strong, high-quality rods and reels.

Stefan Seuß, one of the world's most successful and renowned catfish experts, invests all of his know-how and experience in the product range, delivering new products and methods every year to guarantee targeted catches of large catfish. Following the principle that 'to stand still is to move backwards', Black Cat strives to improve every year, to move with current trends and to meet the demanding requirements of the European catfish scene.

To do so, Stefan Seuß is supported by a staff of the most successful and innovative catfish anglers from all over Europe. The Black Cat team sets standards at the water every day, whether in Germany, France, Spain or Italy. Black Cat equipment has accounted for more than 25 catfish over the 100-kilo mark in recent years; a benchmark unrivalled by any other tackle manufacturer.

Black Cat - What Else ;-)

Catfish angling is a fascinating adventure and calls for extraordinary equipment that must withstand heavy-duty use on the water at all times. Stefan Seuß is on the water more than 200 nights per year, testing our equipment to its limits. No angler in recent years has landed more 100-kilo fish than Stefan, who has also logged the largest and heaviest catfish from the Po. The current record of 127 kg is just one statistic that underlines the potential of the "Black Cat" product range.

Today, even beyond European borders, anglers of all age groups identify with Black Cat, because good products guarantee successful angling. No other manufacturer to date has offered the catfish angler a better range of products for all applications in catfish sport. From light tackle to the heaviest equipment for true giants, from the spinning reel to the indestructible big catfish reel – the Black Cat range covers all of these items, tailoring them specifically to the individual applications.

The range of methods in catfish angling continues to grow every year and Black Cat strives to keep up with this trend. Thanks to our numerous team anglers from all over Europe, Black Cat is always up to speed! 'Success is no coincidence' is our motto on the water.

Black Cat – The Best Way to Catch

Stefan Seuß

BLACK CAT EXTREME FD

The workhorse for catfish anglers. If you want to mix it with giant fish, you are going to need extreme equipment. The Black Cat Extreme offers a huge line capacity, an indestructible stainless steel axle and a power handle for optimal power transfer combined with an ultra-strong drag. As a catfish angler, this reel will equip you for every situation, whether you want to present your bait over 300 metres away when fishing long-range or even directly among obstacles for "no holds barred" angling. A fighting machine for every application.

STANDARD TECHNICAL EQUIPMENT:

- Rotor produced in aluminium to be completely distortion-free
- Aluminium body and sidecovers
- Oversized multi-stack drag system
- Aluminium spool

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight
0273 095	495	540 / 0,45	4.4:1	108 cm	4	60 lbs	1084 g

Spare Spool	Model	Material
0986 031	Sp.Spool BC Extreme FD495	Alu

BLACK CAT SHADOW SPIN FD

Specialist angling with artificial lures for catfish is now highly popular. For the active angler, Black Cat has introduced a spinning reel that leaves nothing to be desired. Four sizes cover a range of applications, such as long-cast angling with heavy lures over long distances, fishing at mid-range for bank wanderers, short-range fishing for boat anglers who want to present their bait close to hot spots from a moving boat or jigging close to the bottom with heavy weights for vertical angling fans. The reel is built to last forever and is specially equipped for use with braided lines. The axle, gears and bail are as good as indestructible. The heat-dissipating drag system will give even the biggest catfish a good fight.

STANDARD TECHNICAL EQUIPMENT:

- Ultra-strong aluminium housing, sideplates and rotor
- Finely adjustable, protected Magnum CSC™ front drag system (carbon drag discs)
- Oversized handle knob for optimal power
- MegaShieldTM multi-layer coating

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight

BLACK CAT PASSION FD

For newcomers to catfish sport and young anglers in particular, Black Cat offers a reel that stands up to the harsh requirements of catfish angling in every department. The high line capacity combined with twist-free axle and power handle make the Black Cat Passion reel a perfect partner to the catfish rod.

STANDARD TECHNICAL EQUIPMENT:

- Balanced rotor, producing silky smooth action
- Ergonomically designed handle knob for optimal power transfer
- Robust power gears
- Deep aluminium spool
- Continuous anti-reverse

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight

0986 045	Sp.Spool BC Passion FD880	Alu

BC²

Baitcaster reels are the latest trend in active catfish fishing. Black Cat challenged itself to bring a robust, practically indestructible baitcaster to the market, which is up to the task of heavy bait retrieval and taming the incredible strength of a catfish. The BC Baitcaster is ideal for vertical fishing, spinning and jigging on the bottom. The benefits of a baitcaster reel when cat fishing are obvious. At the push of a button, the angler can drop his bait to the bottom in the blink of an eye or take it to a depth where the catfish are actively hunting. With its perfect balance of a robust skeleton design combined with low weight, the reel enables hours of comfortable fishing.

STANDARD TECHNICAL EQUIPMENT:

- Housing produced in aluminium to be completely distortion-free
- Powerful handle
- Titanium-nitride-coated line roller
- Robust power gears
- Aluminium spool
- Continuous anti-reverse
- ACS casting drag reliably prevents the line from overflowing

Code	Model	m / mm	Gear Ratio	Retrieve	BB	Drag F.	Weight
0631 301	301 LH	210 / 0,26	5,4:1	66 cm	7	24 lbs	273 g

0984 090	Sp.Spool BC BC² LH	Alu

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16405 200	Fireball II	2,00 m	1	180 - 280 g	2,01 m	235 g

FIREBALL II

The successor to the legendary Fireball, specially designed for Fireball fishing with heavy weight heads and large baits.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16407 185	Vertical LS II	1,85 m	1	100 - 220 g	1,86 m	205 g

VERTICAL LS II

Vertical fishing in particular calls for sensitive power-blanks. For this successful angling method, the Black Cat team has developed a special one-piece Jig rod that guarantees perfect bait retrieval and high-impact fighting fun. The tip area is highly sensitive allowing the angler to detect even tentative bites.

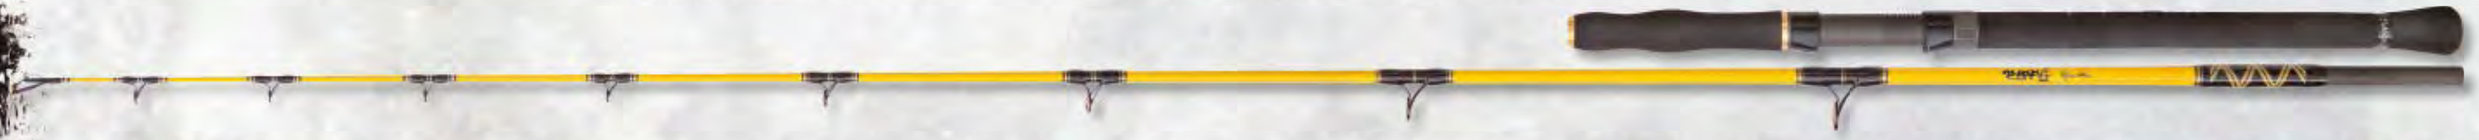
NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16408 210	Fun Stick Collector 2	2,10 m	2	120 - 300 g	1,59 m	285 g

FUN STICK COLLECTOR 2

The Fun Stick Collector 2 has been developed in close collaboration with our French team anglers Lionel Luketa and Damien Modrak. The action of the light rod has simply incredible power reserves, making it a universal rod for spinning and active fishing with soft lures whether from the boat or the bank.

NEW



Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16409 220	Spin Mix	2,20 m	2	60 - 120 g	1,69 m	290 g

SPIN MIX

Special rod for light spinning with small wobblers, soft lures and spoons. The light blank allows hours of casting while the fast action and relatively stiff rod tip perfectly transmits the retrieve action of small lures via the blanks to the angler's arm. The fast action of the blank provides for powerful strikes and secure fighting properties with sufficient power reserves, even with large catfish.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16415 190	Verticalmania J/C	1,90 m	1	180 - 240 g	1,91 m	215 g

VERTICALMANIA J/C

The Verticalmania J/C is a special rod - developed by our team anglers Jérémy Dizdarevic and Cédric Rinaudo. Specially designed for modern active fishing with a deadbait rig or jigging deadbait rigs for large catfish.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16400 220	Battle Cat Fun	2,20 m	1+1	200 g	1,64 m	309 g

BATTLE CAT FUN

The magic wand in the Battle Cat Range. The Fun is a universal talent suited to light and medium spinning and clonking and jigging with small to medium-sized soft lures on the bottom. Thanks to the Uptide handle design, the blank can withstand the highest stresses, yet remains light and sensitive. Fighting fun is guaranteed.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16401 270	Battle Cat Spin	2,70 m	2	80 - 180 g	1,39 m	348 g

BATTLE CAT SPIN

The all-rounder when it comes to modern spinning for monster specimens. With a length of 270 cm and a casting weight of 80-180 g, the Battle Cat Spin covers all bases in modern spinning. The rod is equally suited to sensitively retrieving small wobblers as it is to punching out large and heavy spoons. The components used for this high-end spinning rod leave nothing to be desired and guarantee the catfish angler high standards in quality and strength.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16403 200	Battle Cat V-Twist	2,00 m	1	200 g	2,00 m	348 g

BATTLE CAT V-TWIST

The vertical weapon par excellence, designed for use with small multiplier reels. The one-piece power blank guarantees perfect lure retrieval and die-hard fighting fun. The special features include the rings on top of the blank, which guarantee optimal line guidance and loading on the blank.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16403 290	Battle Cat Multi Style	2,90 m	2	500 g	1,50 m	473 g

BATTLE CAT MULTI STYLE

Special rod for use with multiplier reels whether from the bank or the boat. This rod is designed for die-hard angling in conjunction with a multiplier reel and has an optimal test curve during a fight thanks to the high number of rings. Even long-range fishing is easily mastered with the Multi Style.

NEW

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16404 200	Battle Cat Vertical	2,00 m	1	200 g	2,00 m	312 g

BATTLE CAT VERTICAL

NEW

The workhorse for active fishing. The Battle Cat Vertical combines a light yet indestructible blank with immense power. The speed and sensitivity of this rod are incredible. Every knock on the vertical bait is felt right down the rod blank. Continuous raising of even heavy lures is effortless thanks to the sophisticated arrangement of the handle, reel holder and rings. The rod reacts instantly to a bite, transmitting the angler's strike brutally and directly to the fish with no cushioning. The Battle Cat Vertical can be fished with a fixed-spool or multiplier reel.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16406 270	Battle Cat Boat	2,70 m	1+1	400 g	2,03 m	508 g

BATTLE CAT BOAT

NEW

The Battle Cat Boat has been specially designed for modern boat fishing. The rod is equally suited to drifting or fishing taut rigs from an anchored boat. The balanced blank parabolics allow the angler to reliably fight large catfish and has extreme power in reserve without troubling the angler when fighting from a boat. The Battle Cat Boat can be used with either a multiplier or fixed-spool reel.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16414 220	Battle Cat Inline	2,20 m	1+1	150 - 250 g	1,59 m	354 g

BATTLE CAT INLINE

NEW

Inline rods have been the preferred choice of many French and Italian catfish anglers for many years. This rod type is ideally suited to active vertical angling, clonking and jigging. The carbon inline blank offers a fantastic and almost indestructible action. Line tangling in the rings is a thing of the past thanks to line guide. Excellent for freestyle catfish fishing where the angler holds the line in his hand and strikes by hand. The true strength in this rod is particularly evident during the fight, but for the catfish their efforts are in vain. Threader included.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight

16402 300	Battle Cat Buster	3,00 m	2	500 g	1,55 m	497 g

BATTLE CAT BUSTER

NEW

The cult rod. No other rod has landed more 100-kilo catfish than the Buster. However, the Battle Cat Buster has been yet further upgraded compared with its predecessors to achieve incredible balance in terms of power and parabolics. Big Game rings and a Fuji reel holder make the Battle Cat Buster a universal rod for the catfish angler. Wherever you are in the world, with a Battle Cat Buster, you are ideally equipped to take on a monster catfish.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
16416 320	Battle Cat Godzilla	3,20 m	2	800 - 1000 g	1,66 m	684 g

BATTLE CAT GODZILLA

NEW

The name says it all. With a length of 320cm and casting weight of 1,000 g, the Battle Cat Godzilla is the ultimate weapon for defeating boss monsters. When a swim is lined with the kind of obstacles that form the habitat of Europe's largest catfish, when there are brutal fights to be won without compromise and when the conditions require you to fish at distances of more than 300 metres... - the Battle Cat Godzilla comes into its own.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1861 200	Silu Spin	2,00 m	1	180 g	2,00 m	255 g

SILU SPIN

The Silu Spin was developed in cooperation with Thomas Bula. Not only a feast for the eyes but also the ideal rod for modern short spinning. This involves fishing at short distances from the boat or overgrown banks and flicking your lure straight in front of the catfish mouth. The one-piece blank guarantees perfect lure control and an abundance of power in close-range fights. This light yet fast rod produced with only the best materials takes all of the effort out of active sessions from a canoe or belly boat over several hours. The ultimate fun factor is guaranteed.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1861 201	Silu Cast	2,00 m	1	180 g	2,00 m	279 g

SILU CAST

The Silu Cast is a special rod fitted with a trigger handle for light and intermediate catfish angling. With its stylish BC design and indestructible blank, the well-balanced rod provides for sensitive bait retrieval during active fishing for catfish. The parabolic action with soft-touch tip enables the smallest lures to be cast out with control and jigged on the bottom yet has sufficient power to attractively present vertical rigs of over 120 grams in a strong current.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1889 260	Cat Light Spin	2,60 m	2	10 - 150 g	1,34 m	263 g
1889 280	Cat Light Spin	2,80 m	2	10 - 150 g	1,45 m	380 g

CAT LIGHT SPIN

Targeted spinning for catfish is highly successful and increasingly popular. Our latest findings and our experiences on the water show that the smaller lures in particular can often yield better results than XXL spoons. The new Cat Light Spin is specially designed for use with small plugs, light soft lures and spinnerbaits. The slender DF blank guarantees excellent casting and fighting properties. The Light Spin is available in two lengths. The 2.6 m version is particularly suited to boat anglers and short-range fishing from the bank while the 2.8 m version is designed for long-range casting from the bank.

Code	Model	Length	Sections	C.W.	Tr.-Length	F. Tips	Weight

Code	Model	provided Feeder Tips
1130 360	Bait Maker Feeder	1,5oz, 3oz, 4oz

BAIT MAKER FEEDER

Successful catfish fishing requires a wide selection of lures. On the Po, the catfish like mullet while on the Rhone they prefer XXL bream and on the Ebro, carp are on the menu. A good catfish angler needs the perfect equipment for catching baitfish on every tour. It is precisely for this reason that we have developed a universal rod equipped for all situations from hard-core river fishing to light stillwater sport. With the BC Bait Maker, you are always on safe ground, with the opportunity to use three interchangeable tips, each with different casting weights. The BC Bait Maker is produced in the proven and robust Black Cat quality, impressing with two-legged rings and a design to satisfy the toughest demands of a catfish angler.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1827 260	DF Joy Stick III	2,60 m	2	120 - 200 g	1,35 m	325 g
1827 280	DF Joy Stick III	2,80 m	2	120 - 200 g	1,45 m	345 g

DF JOY STICK III

The Joy Stick is a workhorse for the lure angler. The powerful blank can carry soft lures and spoons wherever Catfish may lurk or hide. Whether from the bank or the boat, the Joy Stick is sure to impress. The slim Rhino-DF blank guarantees outstanding quality when casting and during a fight.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1170 280	DF Freestyle Cat	2,80 m	2	300 g	1,46 m	510 g
1170 300	DF Freestyle Cat	3,00 m	2	300 - 400 g	1,54 m	527 g

DF FREESTYLE CAT

The Freestyle sees Stefan Seuß inject a little colour into angling. Stefan on the Freestyle: "The coolest plaything ever. The blank is indestructible!" The black metallic ALPS reel holder and matching black metallic special big Big-Game rings provide both fantastic visuals and a deluxe finish. The Freestyle is suited to all angling methods and had already created a storm in Europe's Catfish scene during testing. The durafibre content in the blank makes the Freestyle indestructible.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1170 301	DF Freestyle Cat Black Edition	3,00 m	2	300 - 400 g	1,54 m	527 g

DF FREESTYLE CAT BLACK EDITION

Inconspicuous freestyle fishing with the Black Edition by Stefan Seuß. The Freestyle is the biggest selling catfish rod worldwide. No other rod has accounted for more 100-kilo catfish than this magic wand combining optimal production, an indestructible blank and deluxe ring and reel holder fittings. Now also available in the Black Edition for anglers who prefer a more inconspicuous rod when hunting catfish without sacrificing the advantages of the Black Cat Freestyle.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1831 300	The Cat II	3,00 m	2	300 - 400 g	1,54 m	593 g

THE CAT II

This rod has been specially designed by Stefan Seuß and finished in the finest materials a catfish angler could wish for their equipment: The fast, firm blank, parabolic action, big-game rings for all aspects of catfish sport and an indestructible ALPS reel holder make this rod a prized possession for any catfish angler. At 3 metres in length and with a casting weight of 300-400 grams, "The Cat" is ready for any situation.

The Pellet was developed in cooperation with Raphaël Biagini.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1829 350	The Pellet	3,50 m	2	5 lbs	1,82 m	465 g

THE PELLET

The Pellet was developed in cooperation with Raphaël Biagini. Fishing with catfish boilies and pellets is becoming increasingly popular and recognised as a success, particularly in France and Spain as well as in Germany. Many catfish live as foragers and are hard-wired for bottom baits. The Pellet has been developed precisely for bottom fishing with catfish boilies, pellets, fish strips and bunches of lobworm and tested on the water for several months. The result is a delicate rod that also does not look out of place on a rod pod and fulfills all requirements of big catfish sport. Carp anglers who also like to fish for catfish will love this rod.

NEW

BATTLE CAT LINE VERTICAL

Specially developed high-performance line for vertical fishing. The tight braid and low water absorption of almost 0% enable perfect lure retrieval with incredible strength and durability.

Code	Ø	Length	BS	Content	Colour
2350 050	0,50 mm	300 m	60 kg / 132 lb	1 pcs	yellow

CATLINE SPIN/CLONK

A line specially designed for spinning and clonking for big Catfish. The tight braid combined with high durability and a minimal water intake of almost 0% enables longer casts and results in fewer tangles on the cast. The orange colour makes the line highly visible to the angler even in poor weather and enables bait movements to be perfectly controlled. The low water resistance pays off when clonking and means even tentative bites are immediately transmitted to the rod.

Code	Ø	Length	BS
2348 038	0,38 mm	200 m	27,5 kg / 61 lb

CATLINE XH-0

A line specially designed for spinning and clonking for big Catfish. The tight braid combined with high durability and a minimal water intake of almost 0% enables longer casts and results in fewer tangles on the cast. The orange colour makes the line highly visible to the angler even in poor weather and enables bait movements to be perfectly controlled. The low water resistance pays off when clonking and means even tentative bites are immediately transmitted to the rod.

2349 070	0,70 mm	250 m	70,0 kg / 155 lb

spliceable

NEW

BATTLE CAT LINE BAITFISH

High-performance catfish line for all methods of uncompromising catfish sport. The yellow colour provides extremely good visibility in all weather conditions and in the beam of a head-torch at night. Particularly tight, round braid with no water absorption and extreme resistance to repeated contact with the bottom are the hallmarks of this line endorsed by Stefan Seuß.

Code	Ø	Length	BS	Content	Colour
2350 155	0,55 mm	1000 m	80 kg / 176 lb	1 pcs	yellow

BLACK CAT MONO

Ultra-robust line for monofilament fans. Highly visible above the water and easy to tie, providing an excellent price-performance ratio. High breaking strain thanks to surface engineering and optimal pre-stretching.

Code	Ø	Length	BS
2045 045	0,45 mm	300 m	14,3 kg / 31 lb
2045 050	0,50 mm	300 m	15,8 kg / 34 lb

2045 070	0,70 mm	300 m	28,0 kg / 60 lb

Trade Pack 5 Pieces

BLACK CAT MONO LINE

Monofilament leaders are one of the secrets of the success of Catfish specialists. Incredibly friction resistant, invisible, self-hooking due to the stiff rig characteristics and anti-twist, to mention only a few selling points. Mono Leader is suitable for clonk angling, legering and buoy fishing. This leader material is indestructible and Stefan's first choice for large Catfish sport.

Code	Ø	Length	BS
2345 120	1,00 mm	50 m	54 kg / 120 lb
2345 150	1,20 mm	50 m	68 kg / 150 lb
2345 170	1,30 mm	50 m	77 kg / 170 lb

Trade Pack 10 Pieces

WEEDY LEADER

Weedy Leader is a sensation in modern catfish leaders. Many manufacturers still rely on thick leader materials, without knowing that this will automatically hinder their customers' catching prospects. We have identified the trend towards thin and very soft leader materials and now even offer camouflaged materials. Catfish are very wary of lines and recognise the unrealistic swimming behaviour of baitfish on thick lines. In the Black Cat Team, we have often painstakingly camouflaged our leaders with algae and leaves in the past and achieved ridiculous results. The BC Weedy Leader, covered in an artificial yet natural-looking layer of vegetation, now opens up new possibilities in bait presentation.

Code	Length	BS	Colour
2387 070	10 m	70 kg / 154 lbs	brown/green
2387 100	10 m	100 kg / 220,5 lbs	brown/green

Trade Pack 5 Pieces

LEAD CORE

Black Cat introduces the first lead core compatible with catfish angling, which impresses with its outstanding durability and resistance to sharp stones and mussels. The lead core is used above the leader, eliminating contact between the main line and swimming catfish when legering. The lead core lies perfectly on the bottom, reducing build-up of flotsam on the taut main line, preventing line noise in the wind from being transferred to the bait and making line breakages near the terminal tackle on sharp obstacles a thing of the past.

Code	Length	BS	Colour
2398 070	20 m	70 kg	brown/camou
2398 100	20 m	100 kg	brown/camou

Trade Pack 5 Pieces

RUBBER COATED LEADER

The Black Cat Rubber Coated Leader provides catfish anglers with numerous sophisticated rig options. The core of the leader is a soft yet highly durable braid while the outer layer is rigid and very smooth. Parts of the outer layer can be removed to make the leader rigid and tangle-free towards the top of the rig and soft and flexible towards the bait to retain optimal bait movement. It is also possible to use the Rubber Coated Leader as a stiff rig, which is advantageous in a strong current and reduces twisting of the leader through heavy bait movement.

Code	Length	BS	Colour
2399 070	20 m	70 kg	grey
2399 100	20 m	100 kg	grey

Trade Pack 5 Pieces

BLACK CAT POWER LEADER

The leader is the link between catfish and angler and makes the difference between success or defeat. That is why Black Cat uses only the best materials and a tight interlacing of countless individual strands. The Power Leader is incredibly durable yet soft and supple so that the catfish does not suspect a thing when taking the bait. The leader is suitable for all conceivable types of bait presentation and is Stefan's first choice when it comes to using braided leaders. In 2012 and 2013, the leader accounted for several 100-kilo catfish including two record fish on the Po of 122.5 and 127 kg.

Trade Pack 10 Pieces

TRIPOD GODZILLA

It took Stefan Seuß and his team more than twelve months to get this special pod for big-game fishing just right. The pod can be set up to hold rods securely at an enormous height (over 250cm) and allows the angler to hold lines out of the water over extreme distances, especially when river fishing, guaranteeing perfect contact with the bait. The Pod Deluxe can be fixed on muddy and sandy ground as special locking pins keep the legs from sinking or slipping. The pod can also be used on concrete surfaces, with weights attached to a hook in the middle of the tripod ensuring a firm footing. The rod butt ends are held securely in aluminum sleeves, keeping the rods in place when a catfish takes the bait violently. Special bite indicator fittings allow usage of all common models and are fixed to an especially warp resistant and extremely strong power bar. The rod fittings are adjustable in height on the slide bar to accommodate any rod length.

BLACK CAT BITE ALARM SET

Vibrating bite indicator set, consisting of two bite detectors and a radio receiver.

Code	Content
6801 999	2+1 pcs

BLACK CAT RECEIVER

Radio receiver for the Black Cat vibrating bite indicator, powered by a 9V block battery (not included). Maximum range, depending on conditions: 50 m. For up to 4 individual bite indicators.

Code	Content
6801 002	1 pcs

BLACK CAT BITE ALARM

Vibrating bite indicator, powered by 2 AAA batteries (not included). Attaches to the rod via a sturdy clip with ratchet fixing, can be fitted to rods with a wide range of diameters. Bite indication by alarm tone and flashing LEDs. Pitch, volume and sensitivity adjustable via three buttons on the front. Responds equally well to sudden jerks and to slow, but sustained rod bending.

Trade Pack 5 Pieces

SIDE PLANER

Planers in two different sizes with release clip. Enables rigs to be held out in the current away from the shore. After a bite it releases and slides up underneath the leader knot so it does not interfere in the fight.

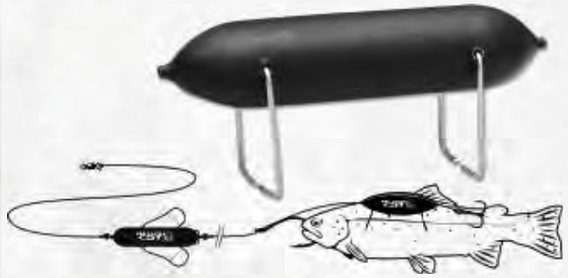
Code	Length
6329 001	15 cm
6329 002	20 cm

Trade Pack 5 Pieces

ADJUSTABLE OUTRIGGER

Special outrigger system with line clip in signature yellow colour. The Adjustable Outrigger can be quickly and flexibly adapted to a variety of casting distances to an obstacle or buoy. The clip system enables fast and durable fixing of the release line.

Code	Content	Colour
5529 999	1	yellow



DEAD FLOAT

This special U-float system brings deadbaits to life and produced fantastic catches during testing and development on waters where livebaiting is banned. The floating body is positioned just behind the head on the back of the deadbait and the clips are pushed into the sides of the fish. This restores the deadbait's realistic behaviour in the water and starts to produce a tantalising swimming motion in the current without twisting. Ideal in flowing water with slender deadbaits, such as trout, chub and asp.

BIG SPINNER BAIT

The BC Big Spinner Bait is best suited to shallow and weedy waters. The spinner blade creates enormous pressure while the wire frame of the spinner is designed to withstand the strongest opponents. A second rotating element on the spinner blade sends predators into a frenzy. This explains why the lure has already accounted for such good catches during the test phase as the wels do not recognise such a lure. The rubber tentacles on the high-quality single hook pulsate under water on the retrieve, stirring wels on the bottom into a frenzy.

SPIN JIG

The BC Spin Jig is a true revolution where modern jig hooks for catfish angling are concerned. There is a spinner blade on the hook itself, which acts as a further attraction beneath the soft lure and creates additional pressure waves. The range of applications of the Spin Jig is enormous. It can be trolled or retrieved along the bottom, in mid-water or near the surface. On the Po in Italy, the Rhine and the Rhone in France in particular, the Spin Jig was highly impressive compared with standard jig hooks. All standard soft lures can be mounted on the hook itself.

WORMBALL JIG HEAD

Light jigging along the bottom with lobworm is one of the most effective angling methods for catfish In France in particular, the Black Cat catfish pros have caught countless catfish using this system. The Wormball Jig Head was used to win Europe's largest catfish competition on the Rhone. Up to 10 lobworms can be threaded onto the ring on the Jig Head, which can then be twitched along the bottom or retrieved in open water. The additional use of a catfish clonk while the Worm Jig Head is retrieved through the water is particularly effective.

BATTLE TEASER

The Battle Teaser, equipped with glass beads, is a catching machine for active anglers. The Teaser can be used as a lure when fishing with a catfish clonk or can also be jigged closely along the bottom as a vertical lure. The rubber tentacles pulsate tantalisingly in the water while the glass beads emit a loud, clanking sound in the water, which ramps up the aggression of the catfish.

BABY CAT SHAD

The Baby Cat Shad is a Black Cat invention that perfectly imitates a small catfish. Big catfish have a penchant for snacking on their lively smaller comrades and, even in testing, this rubber catfish with rear blade accounted for outstanding catches both when fishing vertically and casting. A top lure for all-year round because catfish just love snacking on their own young.

BLACK CAT BOAT ORGANIZER BAG

Water proof and dirt-repellent small parts box with clear lid. Ideally suited as tackle organizer for use on a boat or outdoor camp. The clever arrangement of compartments allows for perfect organization of pliers, scissors, break lights, bite indicators and other tackle. The clear lid allows you to find immediately what you need.

Code	Length	Width	Height
8400044	27,5 cm	33,5 cm	8 cm

BLACK CAT ACCESSORY KEEPER

Small shoulder bag for transporting various accessories. The Velcro fasteners can be used for attachment to a belt or railing. Material: 420 D Nylon

Code	Length	Width	Height
8515 001	23 cm	7 cm	7,5 cm

BLACK CAT COOLER BAG

Round cooler bag for storing baits of all kinds as well as ice or cooling elements. With two carry handles and a zip-fastening cover.

Code	Ø	Height
8515 011	30 cm	38 cm

BLACK CAT HOLDALL

Special rod holdall for three made up Catfish rods with ample reel space. The side pockets are ideal for storing gloves, forceps and small tackle. Material: 420 D Nylon

Code	Length	Width	Height
8515 004	1,77 m	25 cm	27 cm

ROD GUARD BAG

The Rod Guard Bag fills an important gap for Catfish anglers when it comes to transporting rigged-up rods to the water. Up to three rigged-up rods and reels are stored separately from each other well protected and always ready to hand. Incl. 3 Rod Sleeves. Material: Tarpaulin & Neoprene

Code	Model	Length
8521 040	Rod Guard Bag	2,05 m
8521 041	Rod Sleeve	1,20 m

BLACK CAT DUO ROD BAG

Special rod bag for rapid transport and use of two rigged-up catfish rods. The rod bag can accommodate two rigged-up catfish rods fitted with big-game reels, such as the Black Cat Extreme FD. The zip fasteners are indestructible and will easily stand up to mud and sand. The seams on the carry straps are triple strength and enable safe transport and comfortable carrying during long walks to the water. Material: 600 D Polyester

Code	Length	Width	Height
8515 012	1,85 m	36 cm	10 cm

BLACK CAT SINGLE ROD BAG

Transport bag for rigged catfish rods. Available in three lengths. Zip fastener opens along the full length. Equipped with carry handles and sufficiently large mounting to hold even large reels. Material: 420 D Nylon

Code	Length	Width
8515 006	1,55 m	30 cm
8515 007	1,80 m	30 cm
8515 008	2,05 m	30 cm

BLACK CAT CARRYALL

Special bag with sufficient space for everything you need for a multi day Catfish trip and enough storage for clothes and reels. The universal carryall for any Catfish angler, highly multifunctional. Material: 420 D Nylon

Code	Length	Width	Height
8515 003	68 cm	41 cm	35 cm

BLACK CAT T&A BAG

Specialist bag for ready-made monofilament and braid leaders. The leaders can be stored stretched out in the bag, keeping them to hand whatever the situation. Spinners and XXL wobblers can also fit in the bag and can be fixed securely. Material: 420 D Nylon

Code	Length	Width	Height
8515 009	61 cm	26,5 cm	11,5 cm

BLACK CAT RIG WALLET

Special protective wallet for Catfish rigs. All rigs are stored in a plastic sleeve, protected against dirt and water. Material: 420 D Nylon

Code	Length	Width
8515 002	19 cm	30 cm

BLACK CAT PAPER BAG

The Paper Bag is the perfect storage bag for toilet paper, offering protection against dirt and moisture. Material: 420 D Nylon

Code	Length	Width	Height
8515 010	15 cm	12 cm	12 cm

BLACK CAT BAIT KEEPER

Small, compact keepnet for keeping live bait etc. fresh and close to your boat. With buoyancy ring to keep it upright and swimming. Can be closed from the top.

Code	Ø	Width	Height	Mesh
7049 001	55 cm	39 cm	70 cm	8 x 2 mm

NEW

BLACK CAT BAITFISH TUNNEL

Special keepnet for boat and bank anglers. A wire spiral on the interior prevents the keepnet from collapsing and provides an optimal and protective holder for baitfish whether on stillwaters or in strong currents. The keepnet folds away economically for transport.

Code	Length	Ø	Mesh
7049 002	0,75 m	55 cm	2 x 8 mm

WATERPROOF BAG

Special folding bag for boat anglers. This bag is waterproof and offers protection for camera equipment, valuables, fishfinders and clothes. Material: 100% Nylon PVC coated

Code	Height	Depth
8521 008	25 cm	26 cm

LIVE BAIT BAG

Optimal storage for live baits, which folds comfortably for easy transport. Features a removable internal net bag which keeps the bait fresh on the boat and raised in the container during transport. On the outside is a retaining plate for the oxygen pump, while the lid enables sufficient access to remove even substantial baits. Material: 100% Nylon PVC coated

Code	Ø	Width	Height
8521 009	40 cm	55 cm	40 cm

DRIFT BAG L

Drift Bag for all types of boat fishing on lakes and rivers. Either as an L version when using a "brake parachute" at the bow or stern of the boat or as a smaller design for using a drift bag at either side of the boat. Extremely robust yet easy to store design in nylon with 4 strong hangers. Each two sides of the opening are equipped with buoyancy aids and two with weights meaning the Drift Bag opens in seconds. The outflow funnel can be adjusted to the current conditions using the diameter. Material: 420 D Nylon, PU coated

Code	Width	Height
8524 001	95 cm	95 cm
8524 002	62 cm	57 cm

DRIFT BAG XXL

Extremely effective driftbag working on a similar principle to a paraglider. Packs away to a very compact size and unfurls to its full size underwater to put the brakes on a boat like no other driftbag when drifting. Material: 420 D Nylon, PU coated

Code	Width	Height
8524 003	140 cm	100 cm

HARD CORE CAT BAG

The special weigh- and transport bag for Catfish Anglers. Eight carrying loops ensure safe and gentle transport for large catfish even in rough terrain. The Catfish rests securely in the bag and is protected from slipping out by accident, the bag can be carried by two persons. Perfectly suited for safely weighing specimens of more than 100kg. Special drainage holes made from mucous membrane friendly material are located at the underside of the bag. Especially boat anglers can take care of the catch directly on board while protecting the boat from dirt and mucus. Material: 210 DNylon/Tarpaulin

Code	Length	Width
8503 001	210 cm	156 cm

BLACK CAT UNHOOKING AND WEIGHING MAT

Hard-wearing unhooking mat that can also be used as a weighing mat. Can comfortably hold fish up to 100 kg. Material: 210 D + 300 D PVC

Code	Length	Width
8517 025	2,30 m	1,00 m

BLACK CAT UNHOOKING MAT

Large, robust cover in Black Cat design, protects catfish from stoney and hard surfaces. Material: 100% Polyurethane 2100 PU

Code	Length	Width
8517 022	110 cm	70 cm

Trade Pack 2 Pieces

BLACK CAT BED CHAIR COVER

Fleece cover with water and dirt-resistant surface. The cover can be used either as a sleeping bag cover or, in the warmer months, as a blanket at the water's edge. A particular highlight is the integrated mosquito net in the upper ceiling area, which can be pulled across above the angler's head in the event of a mosquito invasion and offer protection. Material: 100% Polyurethane 2100 PU

Code	Length	Width	Weight
9980 034	2,10 m	148 cm	1,7 kg

5000 mm water restistance

SPECIAL BOAT CAVE

Innovative boat tent from Black Cat in robust, double-arch tunnel design. Thanks to the individual fixing points, the 3.6-m-long Special Boat Cave can be erected on almost any conventional catfish boat. Thanks to the robust tent material with a water column of 10,000 mm and a centrally split entrance door that reaches down to the floor of the boat, the catfish angler is protected on his boat in any weather. Large transparent windows allow a clear view of your rods. The supplied zippable mosquito front section also offers protection from insects on mild summer nights. The three frame supports hold the tent as solid as a rock when moving and during a storm. An adequate number of tent peg eyelets also provide flexible fixing options. The bow door enables the anchor to be dropped/lifted and simply entry/exit when erected. The front tent arch is also lower by design to create less drag and more aerodynamics when moving. Material: 100% Polyurethane 2100 PU

Code	Length	Width	Height	Weight	Content
9982 036	335 cm	220 cm	105 cm	7,34 kg	1 pcs

GUEST CHAIR II

Ingenious solution for boat and bank anglers. A space-saving folding chair with reinforced adjustable backrest and comfortable, water-resistant seat. Material: 600 D Polyester

Code	Width	Height	Depth	Content
9980 017	47 cm	48 cm	48 cm	1 pcs

10000 mm water restistance

BLACK CAT GREEN HOLE

The tent for the catfish angler who is at the water all year round. Thanks to the special rod design, the tent can be easily set up higher or lower in any weather conditions. The tent offers an abundance of space for one angler. With its elongated front section, it can also be left open at the front during rain without the angler inside getting wet. The Black Cat Team has developed the tent specially for anglers who want effective protection at the water while also remaining highly mobile. Material: 210 D Nylon

Code	Model	Width	Height	Depth
9985 001	Black Cat Green Hole	260 cm	270 cm	127 cm

2000 mm water restistance

BLACK CAT BLACK HOLE

Special umbrella for catfish anglers, completely sealable with a mosquito front. The interior of the umbrella offers ample space for one bed chair and angling equipment. The umbrella can be set up either open or closed with the mosquito net. Material: 210 D Nylon, 2000 mm water resistance

Van Staal spiral gears

Huge, machined stainless steel spiral-bevel gears are used in all Van Staal spin reels. Individually cut out of hardened stainless steel, their design creates tremendous gear tooth contact between the main gear and the pinion. No gear works better under load.

Van Staal Braid-Rated Clutch

This extra-large anti-reverse clutch offers rock-solid hooksets and the ability to use heavy braided lines with unyielding strength.

VM 150/275

Never before has the strength and power of a Van Staal machined reel been offered in such a versatile and affordable option. The VM150 features a changeable left- or right-hand retrieve, holds 350 yards of 30-pound braided line and can handle up to 30 pounds of drag stopping power. The aluminum and stainless steel construction of the VM150 create more than enough strength to tackle big and exotic fish and the precision gears and smooth drag performance make it the perfect go-to reel from boat or from shore.

New size: At last, we can present the big brother to the VM150. The entire reel concept is designed around extreme performance data. 106 cm of line retrieval per handle turn (gear ratio 4.44 :1) makes the reel an ideal partner, even for speed-jigging. 7 ball bearings and 1 needle bearing provide incomparably smooth gears for a reel in this segment. The weight of just 837 grams is also absolutely right for an all-metal reel. In addition, the multi-stack carbon drag generates pressures of up to more than 45lb, which tends to push the angler to his limits in practice rather than the reel.

Code		Model	LINE CAPACITY MONO	LINE CAPACITY BRAID	GEAR RATIO	WEIGHT	LINE RETRIEVE	Ball Bearings
0682 150	Van Staal VM150	right/left	350 yds / 30 lb	285 yds / 12 lb	4.9:1	633 g	84 cm	6

FP6000 Set

FP7000 Set

VAN STAAL® PLIERS

No rust, no wear. Corrosion-free in the worst saltwater conditions. Van Staal pliers are built to perform and built to last. FP7000 and FP6000 pliers are titanium making each pair remarkably lightweight and extremely strong. The spring-loaded ergonomic handles and unique line-cutter with replaceable tungsten cutters and anvils are features you won't find on ordinary fishing pliers.

Quality sheaths and lanyards help you keep your Van Staal pliers secure and quickly available.

Code	Model	Construction
6405 002	Van Staal Plier 15.0 cm, FP6000	Titanium
6405 003	Van Staal Plier 17.5 cm, FP7000	Titanium

Pliers include lanyard and sheath.

Van Staal pliers feature replaceable tungsten cutters designed specifically to cut both monofilament and tough braided lines with ease. No other pliers are built this solidly, or cut this cleanly.

ZEBCO®

Top quality equipment for spinning, sea fishing, general coarse angling and specimen fishing with probably the best price performance ratio the market has to offer.

NEW

Avalanche FD

This reel series has strong genetic links with absolute top class equipment. The ultra-soft gear action is sure to impress many an angler. The white and gold design was particularly well received in pre-production tests and is in line with modern trends. Another technical highlight is without doubt the good waterproofing of this reel. No water will enter the housing even if the reel is held beneath the surface for several minutes.

Standard Technical Equipment:
- CarbonGraphite rotor
- Graphite body
- Finely adjustable front drag
- Folding aluminium handle
- Anti-twist line roller
- Thick bail arm for optimal balance
- Powerful gears
- Aluminium Long Stroke™ spool
- Spare spool
- S-curve line distribution
- Continuous anti-reverse

Trophy Carver FD

At last, there is another Zebco Trophy high-end reel range with front drag. Spinning anglers in particular will appreciate the large multi-disc drag system in the spool, which runs incredibly smoothly and remains cool and controlled even in critical fight situations. Our engineers have used only the finest components in constructing the reels, which have high-quality fittings across the range.

Standard Technical Equipment:

- Electronically balanced lightweight rotor (LWR)
- Finely adjustable front drag
- Folding aluminium handle
- Non-twist line roller
- Aluminium Long Stroke™ spool
- ABS Nylon spare spool
- S-curve line distribution
- Continuous anti-reverse

S-RAY BR

Run control reels remain highly popular. Whether for carp or pike sport, eel or feeder fishing, the run control function provides compelling options for a range of fishing techniques. In this highly modern range, Zebco presents a flagship in the affordable segment, whose equipment stands up to comparison with its own high-end models.

Standard Technical Equipment:

- Finely adjustable front drag
- Finely adjustable run control system
- Folding aluminium handle
- Anti-twist line roller
- Thick bail arm for optimal balance
- ABS Nylon spare spool
- S-curve line distribution
- Continuous anti-reverse

S-RAY BRN

Run control reel specially designed for novices and occasional anglers who want maximum fishing pleasure for a minimum investment. No compromises have been made on the essential features of a quality fishing reel. The reel has three ball bearings and also impresses with the smoothness of its run control function. Beginner carp anglers will particularly appreciate the fantastic price-performance ratio and contemporary visuals.

Standard Technical Equipment:

- CarbonGraphite rotor
- Finely adjustable front drag
- Finely adjustable run control system
- Anti-twist line roller
- Spare spool
- Continuous anti-reverse

Topic Chaser RD

Up-to-date front and rear drag reels, designed to meet the requirements of the market. The smooth gears with 5 ball bearings and continuous anti reverse speak for themselves. Everything is packaged in an extremely sleek design that suggests a far higher price than the actual cost of the reel. Perfectly suited to all forms of light to moderate legering and spinning.

Standard Technical Equipment:

- Balanced rotor, producing silky smooth action
- Finely adjustable rear drag
- Smooth gears with even line distribution
- Aluminium spool
- Continuous anti-reverse

14110 270	Topic Z Cast 80	2,70 m	2	80 g	1,41 m	225 g

Topic Z Cast Shad

Soft lures can be cast and retrieved perfectly with this rod. While heavy and stiff rods lack the necessary sensitivity, this balanced rod series ticks every box. Pike, zander, perch, as well as many a sea predator, will come to fear this rod.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
14111 235	Topic Z Cast Shad	2,35 m	2	28 g	1,21 m	189 g
14111 265	Topic Z Cast Shad	2,65 m	2	43 g	1,36 m	222 g

Topic Z Cast Aal

If you want your eel sessions to run smoothly, you need a reliable rod capable of bringing even the thicker specimens safely to the net. This special model was designed for precisely this purpose. Uncompromisingly good!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
14112 270	Topic Z Cast Aal	2,70 m	2	90 g	1,41 m	225 g

Cool Spin DX- S Manie

The three-piece Cool Spin DX-S Manie is a true all-rounder when it comes to spinning. Small, medium and large weights can all be cast fantastically. Once you've tried this all-purpose rod you will never want to be without it.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1741 275	Cool Spin DX- S Manie	2,75 m	2	75 g	1,43 m	310 g

Cool Spin DX-S Zander

Few other rod series offer so much performance for so little expense, and the Spin DX-S Zander is no exception. The sensitive blank ensures you will never miss a take while the rod's strong backbone will control even monster prickly predators during a fight.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1730 275	Cool Spin DX-S Zander	2,75 m	2	55 g	1,43 m	295 g

Cool Spin DX-S Pike

This heavy version of the Cool Spin DX-S has been specially tailored to pike sport and performs well even with heavy rubber fish and spoons. Need accurate and long-range casts? A piece of cake with the Cool DX-S Pike.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1729 275	Cool Spin DX-S Pike	2,75 m	2	85 g	1,43 m	320 g

Cool Spin DX-S

Spinning Rods with a powerful blank. The luxurious design with cork handle and SIC rings is a top piece of equipment for the ambitious yet price conscious spinning enthusiast.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1721 180	Cool Spin DX-S	1,80 m	2	15 g	0,94 m	160 g
1721 210	Cool Spin DX-S	2,10 m	2	20 g	1,10 m	185 g
1721 240	Cool Spin DX-S	2,40 m	2	25 g	1,27 m	200 g
1722 210	Cool Spin DX-S	2,10 m	2	40 g	1,10 m	200 g
1722 240	Cool Spin DX-S	2,40 m	2	40 g	1,27 m	223 g
1722 270	Cool Spin DX-S	2,70 m	2	40 g	1,41 m	247 g

1728 270	Cool Spin DX-S	2,70 m	2	70 g	1,41 m	286 g
1728 300	Cool Spin DX-S	3,00 m	2	70 g	1,58 m	368 g

Cool X Series: X-tra strong and X-tra reliable does not have to mean X-tra expensive - that was Zebco's engineers' mission statement when designing the X-Series. High-quality aesthetics and sufficient power to tame the strongest specimens are just two of the qualities you will discover in this fantastic range!

Cool X Pack Pro

With their compact transport length, the Pack Pro rods offer tremendous flexibility to the angler. No matter where or when, the Pack Pro is always quickly to hand and can be set up in seconds. With a casting weight of up to 40 grams, you will be ideally equipped for any situation!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1960 180	Cool X Pack Pro	1,80 m	6	15 - 40 g	0,44 m	134 g
1960 210	Cool X Pack Pro	2,10 m	6	15 - 40 g	0,49 m	160 g
1960 240	Cool X Pack Pro	2,40 m	7	15 - 40 g	0,51 m	185 g
1960 270	Cool X Pack Pro	2,70 m	8	15 - 40 g	0,47 m	220 g

Cool X Tele Pro

Light to mid-range telescopic rods with casting weights between 10 and 50 grams. These rods are optimally suited to use with mid-sized shads and small to mid-sized lures.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1961 240	Cool X Tele Pro	2,40 m	4	10 - 30 g	0,85 m	167 g
1961 270	Cool X Tele Pro	2,70 m	5	10 - 30 g	0,87 m	248 g
1961 300	Cool X Tele Pro	3,00 m	6	10 - 30 g	0,89 m	210 g
1962 270	Cool X Tele Pro	2,70 m	5	20 - 50 g	0,87 m	210 g
1962 300	Cool X Tele Pro	3,00 m	6	20 - 50 g	0,89 m	353 g
1962 360	Cool X Tele Pro	3,60 m	7	20 - 50 g	0,90 m	325 g
1963 240	Cool X Tele Pro	2,40 m	4	30 - 75 g	0,87 m	200 g
1963 270	Cool X Tele Pro	2,70 m	5	30 - 75 g	0,87 m	212 g
1963 300	Cool X Tele Pro	3,00 m	6	30 - 75 g	0,89 m	240 g
1963 360	Cool X Tele Pro	3,60 m	6	30 - 75 g	0,96 m	300 g
1964 270	Cool X Tele Pro	2,70 m	5	50 - 100 g	0,94 m	220 g
1964 300	Cool X Tele Pro	3,00 m	6	50 - 100 g	0,96 m	265 g
1964 360	Cool X Tele Pro	3,60 m	6	50 - 100 g	0,96 m	320 g

Cool X Tele Pro

Finally, a telescopic carp rod with an action that compares favourably with two-piece rods! The robustness and compact transport length of these rods mean you can use them just about anywhere!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1968 360	Carp	3,60 m	6	2,75 lbs	0,96 m	468 g

Cool X Tele Pro

An outstanding pike rod that does not break the bank. With a pleasantly balanced action and optimally suited to bait sizes typically used in pike fishing. The rods' adequate backbone allows hooks to be set home perfectly and securely even over long distances.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1969 350	Pike	3,50 m	6	40 - 90 g	0,96 m	469 g

Cool X Tele Pro

Trout fishing continues to enjoy massive popularity. Reason enough to launch this range of trout rods. The rods have a sensitive tip action coupled with sufficient power to safely land even monster trout.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1970 300	Trout	3,00 m	5	35 g	0,96 m	245 g

Cool X Boat

The two-piece boat rod when heavy-duty power is needed. The Cool X Boat is a true workhorse for sea, catfish or sturgeon anglers and is made exclusively from E-Glass making full use of the material's incredible strength.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1965 210	Cool X Boat	2,10 m	2	100 - 250 g	1,10 m	310 g
1965 240	Cool X Boat	2,40 m	2	100 - 250 g	1,25 m	359 g
1965 270	Cool X Boat	2,70 m	2	100 - 250 g	1,40 m	408 g

Cool X Pilk

Classic pirking rod made from the popular and indestructible E-Glass. Combines sensitive bite indication with a powerful backbone for heavy pumping - all in a single rod. What more could pirking fans want?

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1966 210	Cool X Pilk	2,10 m	2	100 - 200 g	1,10 m	234 g
1966 240	Cool X Pilk	2,40 m	2	100 - 200 g	1,25 m	318 g
1966 270	Cool X Pilk	2,70 m	2	100 - 200 g	1,40 m	352 g

Cool X Pro Allround

An outstanding all-round rod that will provide limitless fighting fun at the water's edge! Light, easy to handle and yet equipped with sufficient backbone and tip action to bring aggressive opponents quickly and safely to the net.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1967 300	Cool X Pro Allround	3,00 m	3	20 - 60 g	1,05 m	325 g
1967 360	Cool X Pro Allround	3,60 m	3	20 - 60 g	1,25 m	355 g

Topic Master Feeder

This is what novices and entrants to feeder fishing have been waiting for. A budget-friendly feeder rod range in three lengths.

Code	Model	Length	Sections	C.W.	Tr.-Length	F. Tips	Weight
1089 300	Topic Master Feeder	3,00 m	2	100 g	1,05 m	2	230 g
1089 330	Topic Master Feeder	3,30 m	3	100 g	1,15 m	2	279 g
1089 360	Topic Master Feeder	3,60 m	3	100 g	1,25 m	2	317 g

Atac Match

How can a quality match rod be so price perfect? Take a look at these quality rods.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1482 360	Atac Match	3,60 m	3	15 g	1,25 m	318 g

Atac Feeder

A range of rods designed for fishing successful and easy, even longer ranges. With perfectly designed actions, these rods can launch even large swimfeeders over very long distances on stillwaters or powerful rivers.

Code	Model	Length	Sections	C.W.	Tr.-Length	F. Tips	Weight
1483 300	Atac Feeder	3,00 m	3	80 g	1,05 m	2	213 g

Cool Carp

Superb value carp rods in a choice of 2 or 3 piece blanks. The 3 piece model is made of carbon composite material while the 2 piece rods consist of particularly strong glass fibre.

Code	Model	Length	Sections	Tr.-Length	Testcurve	Weight
1444 361	Cool Carp	3,60 m	2	1,84 m	2,75 lb	472 g
1445 361	Cool Carp	3,60 m	3	1,26 m	2,75 lb	485 g
1447 360	Cool Carp	3,60 m	2	1,84 m	3,00 lb	460 g
1447 361	Cool Carp	3,60 m	2	1,84 m	3,50 lb	472 g

Topic Salty Jigger

Light sea rod with average casting weight. Suitable for light plaice and cod angling. The robust blanks will also withstand the occasional knocks that inevitably happen when boat fishing.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1957 240	Topic Salty Jigger	2,40 m	2	135 g	1,30 m	212 g
1957 270	Topic Salty Jigger	2,70 m	2	135 g	1,45 m	224 g
1957 300	Topic Salty Jigger	3,00 m	2	145 g	1,57 m	311 g

Cool Red Surf

Made of tough glass fibre, these rods are designed specifically for surf fishing. They have a stiff action and very good casting qualities. The largest guide can be folded for easy transportation.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
13801 390	Cool Red Surf	3,90 m	3	100 - 200 g	1,40 m	720 g
13801 420	Cool Red Surf	4,20 m	3	100 - 200 g	1,50 m	810 g
13801 450	Cool Red Surf	4,50 m	3	100 - 200 g	1,60 m	890 g
13801 500	Cool Red Surf	5,00 m	3	100 - 200 g	1,77 m	1050 g

Cool Power Red Surf

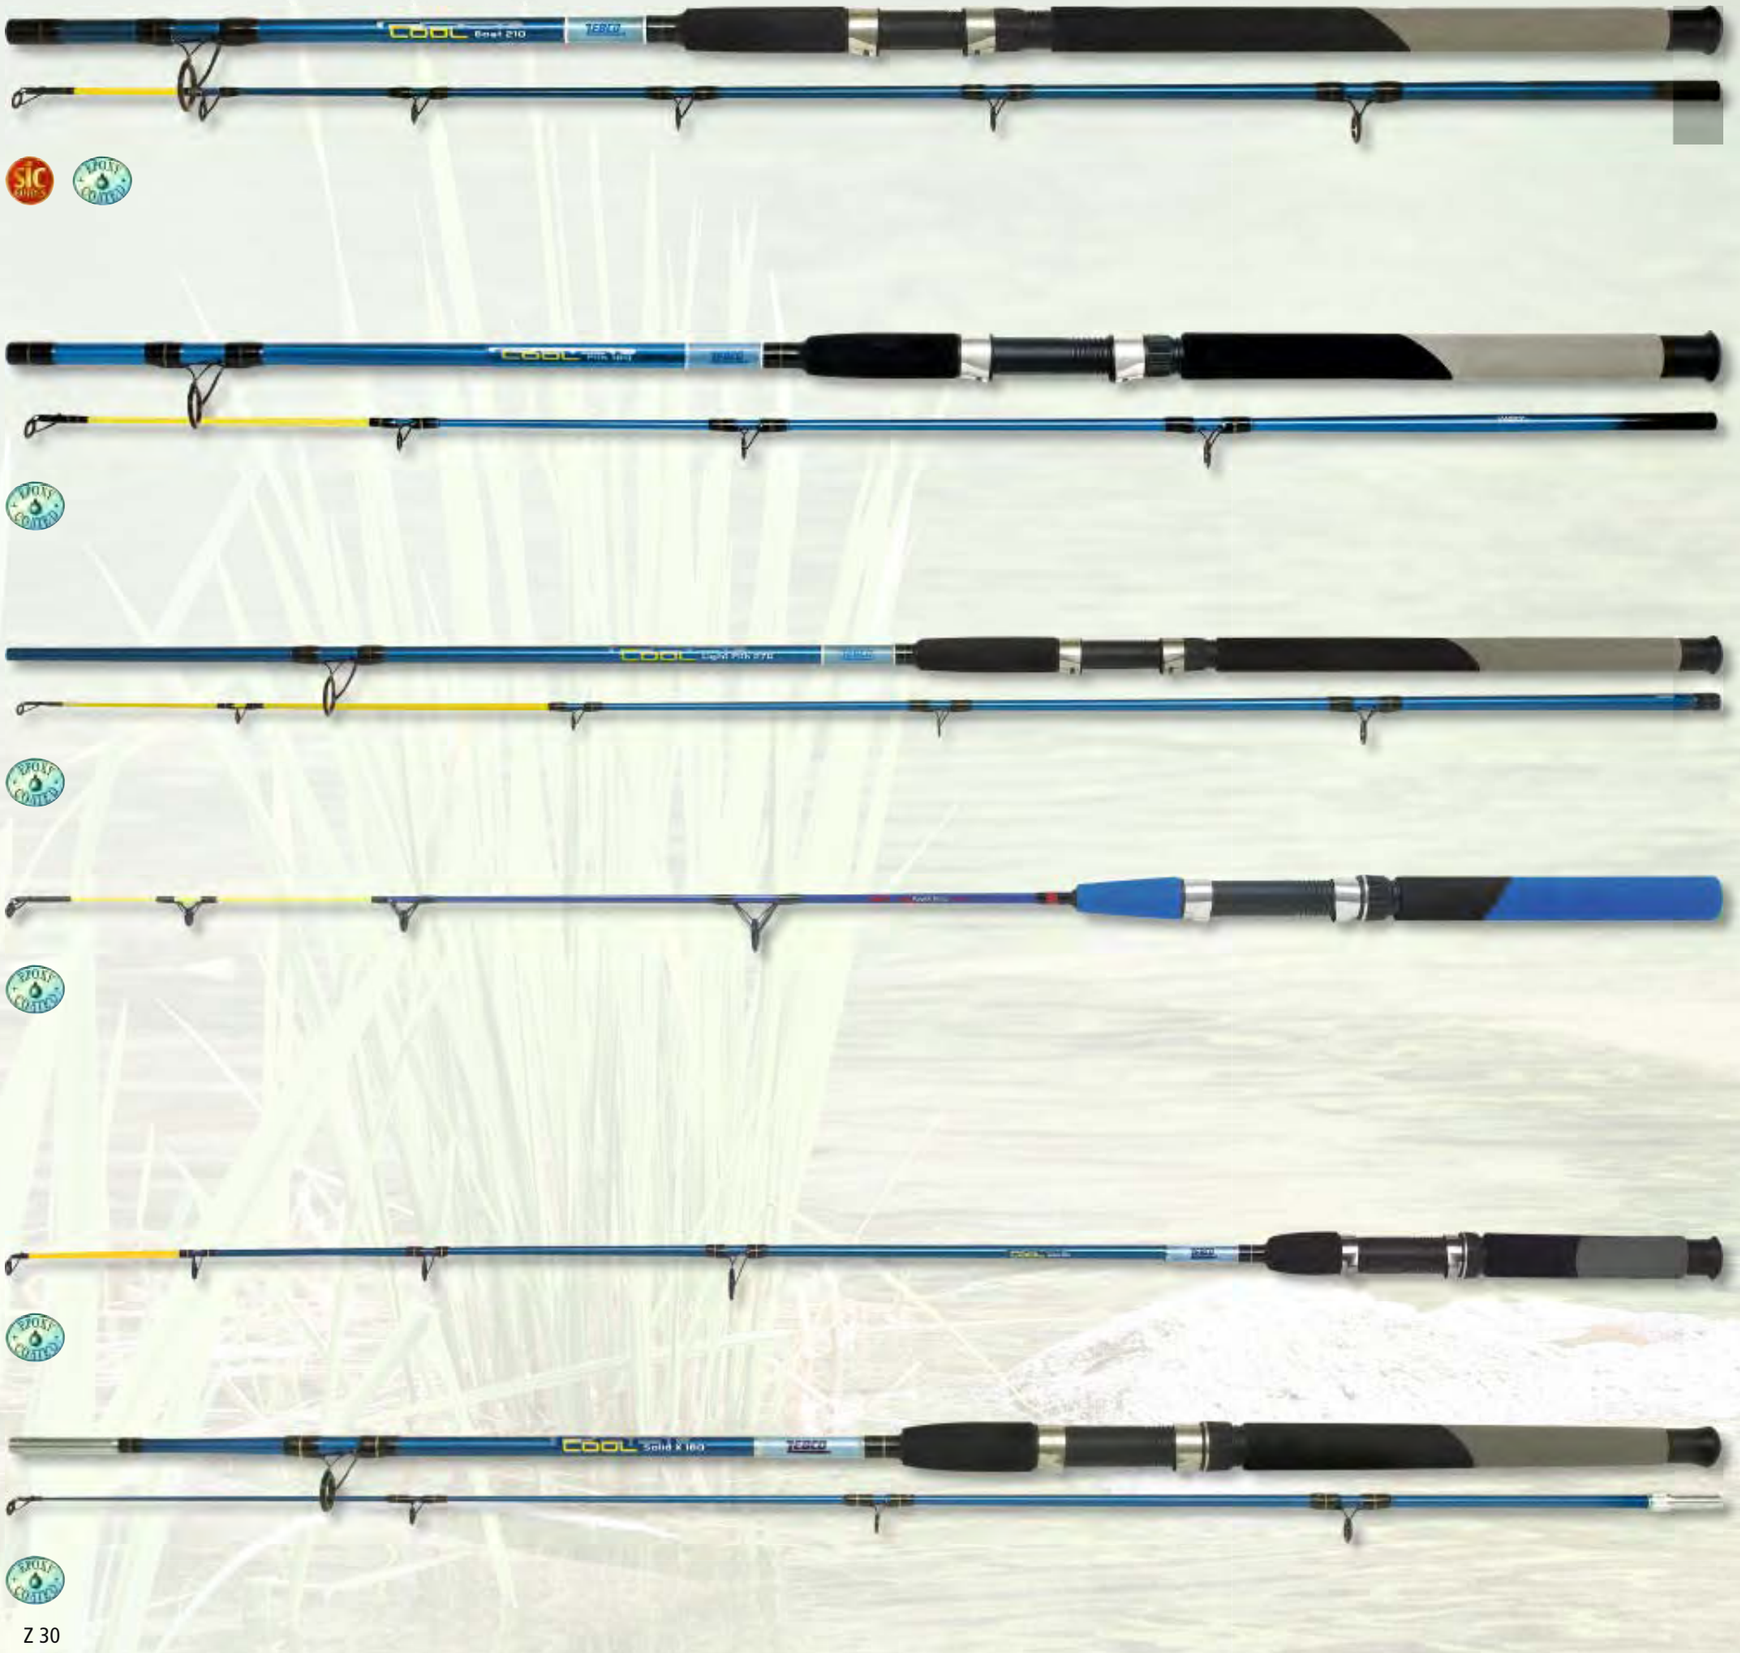
This two-piece surf rod in indestructible fibreglass material will ensure you always come out on top in the surf. The ideal partner for long-range casting and powerful fighting.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
13802 360	Cool Power Red Surf	3,60 m	2	120 - 200 g	1,85 m	695 g

Cool Surf SL

Made of tough glass fibre, these rods are designed specifically for surf fishing. They have a stiff action and very good casting qualities. The largest guide can be folded for easy transportation.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1424 390	Cool Surf SL	3,90 m	3	100 - 200 g	1,40 m	784 g
1424 420	Cool Surf SL	4,20 m	3	100 - 200 g	1,50 m	822 g
1424 450	Cool Surf SL	4,50 m	3	100 - 200 g	1,60 m	929 g
1424 500	Cool Surf SL	5,00 m	3	100 - 200 g	1,80 m	1082 g



Cool Boat

A series of competitively priced boat rods with casting weights of up to 500 grams. Whether fishing the Yellow Reef or the Fjords of Norway, the Cool Boat is the most reliable companion for your trip. It is perfectly designed for handling even the hardest fighting fish.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1426 180	Cool Boat	1,80 m	2	100 - 250 g	0,95 m	290 g
1426 210	Cool Boat	2,10 m	2	100 - 250 g	1,10 m	330 g
1426 240	Cool Boat	2,40 m	2	100 - 250 g	1,25 m	370 g
1426 270	Cool Boat	2,70 m	2	100 - 250 g	1,40 m	410 g

Cool Pilk

A range of good value lure fishing rods made the way the angler likes them: light and easy to handle and yet powerful and responsive. They cover a comprehensive range of uses when fishing for cod and mackerel.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1428 140	Cool Pilk	1,40 m	2	100 - 200 g	0,75 m	190 g
1428 165	Cool Pilk	1,65 m	2	100 - 200 g	0,85 m	215 g
1428 180	Cool Pilk	1,80 m	2	100 - 200 g	0,95 m	230 g
1428 210	Cool Pilk	2,10 m	2	100 - 200 g	1,10 m	265 g
1428 240	Cool Pilk	2,40 m	2	100 - 200 g	1,25 m	300 g
1428 270	Cool Pilk	2,70 m	2	100 - 200 g	1,40 m	360 g

Cool Light Pilk

Word gets around: Lighter is normally better when it comes to pirking. When heavy weights are not required, the Cool Light Pilk comes into its own element. Also ideal with braided lines.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1429 180	Cool Light Pilk	1,80 m	2	50 - 130 g	0,95 m	200 g
1429 210	Cool Light Pilk	2,10 m	2	50 - 130 g	1,10 m	250 g
1429 240	Cool Light Pilk	2,40 m	2	50 - 130 g	1,25 m	310 g
1429 270	Cool Light Pilk	2,70 m	2	50 - 130 g	1,40 m	370 g

King Kayak

Short specialist rods with a robust fibreglass blank for fishing from a kayak. With a short length, the relatively soft action is essential to guarantee sufficient cushioning during the fight. The ultra-powerful tip of the King Kayak allows baits to be cast out over long distances despite the short rod length. The low test curve should therefore cause little concern: this rod will tame powerful predators such as pike or bass. Available in blue and black or pink and black.

Code	Model	Length	Sections	Tr.-Length	Testcurve	Weight
1050 075	King Kayak	0,75 m	1	0,75 m	12 oz	92 g
1050 100	King Kayak	1,00 m	1	1,00 m	12 oz	110 g
1051 075	King Kayak	0,75 m	1	0,75 m	1,25 lbs	96 g
1051 100	King Kayak	1,00 m	1	1,00 m	1,25 lbs	116 g

Cool Solid

A great value solid glass rod for boat fishing - unbreakable!!!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1430 100	Cool Solid	1,00 m	1	100 - 200 g	1,00 m	120 g
1430 120	Cool Solid	1,20 m	1	100 - 200 g	1,20 m	150 g
1430 150	Cool Solid	1,50 m	1	100 - 200 g	1,50 m	201 g

Cool Solid X

Finally, these popular blue glass rods are now available in longer lengths. For easier transport they come in a two-piece design.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1431 180	Cool Solid X	1,80 m	2	100 - 200 g	0,92 m	320 g
1431 210	Cool Solid X	2,10 m	2	100 - 200 g	1,10 m	471 g

Amazing Value for Money!

Triton Traveller

Short sectioned travel rod, ideal for taking with you on holiday for light to heavy spinning and basic line fishing.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight

1479 360	Triton Tele	3,60 m	6	150 g	67,00 cm	315 g

Amazing Value for Money!

Triton Tele

The heaviest of the series made for the toughest kind of fishing. Even big fish do not pose a problem for the Triton rods.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1481 300	Triton Tele	3,00 m	5	300 g	67,00 cm	285 g
1481 360	Triton Tele	3,60 m	6	300 g	68,00 cm	345 g

Trophy MPX

The ultimate in telescopic rods. Unbeatable when it comes to easy transport! The Trophy MPX is in no way inferior to comparable sectioned rods. With harmonious fighting and casting action, highly protruding rings to prevent the line from sticking to the blank and an ergonomic cork handle. Our test anglers spent quite some time refining the details before the Trophy could be presented.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1467 300	Trophy MPX	3,00 m	6	20 - 40 g	0,80 m	219 g
1467 330	Trophy MPX	3,30 m	7	20 - 40 g	0,85 m	226 g
1467 360	Trophy MPX	3,60 m	7	20 - 40 g	0,90 m	274 g
1468 300	Trophy MPX	3,00 m	6	30 - 60 g	0,80 m	233 g
1468 330	Trophy MPX	3,30 m	7	30 - 60 g	0,85 m	240 g
1468 360	Trophy MPX	3,60 m	7	30 - 60 g	0,90 m	285 g
1469 240	Trophy MPX	2,40 m	5	40 - 80 g	0,75 m	200 g
1469 270	Trophy MPX	2,70 m	6	40 - 80 g	0,80 m	220 g
1469 300	Trophy MPX	3,00 m	6	40 - 80 g	0,80 m	238 g

Trophy MPX Adjust

Finally, continuously adjustable telescopic rods are now offered at affordable prices to cater for the occasional anglers. The Trophy MPX Adjust 30g offers trout fans a balanced rod in various lengths with a sensitive tip which is particularly popular with our test anglers.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1756 380	Trophy MPX Adjust	3,80 m	6	30 g	0,95 m	220 g
1756 450	Trophy MPX Adjust	4,50 m	7	30 g	0,96 m	315 g

Trophy Tele Float

A real price-crusher in the Bolo rod segment. Beginners in particular will love the phenomenal performance-for-price.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1763 380	Trophy Tele Float	3,80 m	4	35 g	1,20 m	175 g
1763 480	Trophy Tele Float	4,80 m	5	35 g	1,22 m	312 g
1763 580	Trophy Tele Float	5,80 m	6	35 g	1,25 m	332 g
1763 680	Trophy Tele Float	6,80 m	7	35 g	1,26 m	400 g

Cool Trout

Value for money telescopic rod, especially designed for trout angling on still waters but also a fantastic all-round rod on account of its higher casting weight. Attractive design at an attractive price.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1719 360	Cool Trout	3,60 m	4	50 g	1,10 m	254 g

Cool DX Tele Trout

This trout rod with short sections will be popular with beginners in particular and is ideal for light to medium casting weights. The Cool DX Tele Trout is available in three lengths.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1742 240	Cool DX Tele Trout	2,40 m	6	30 g	0,55 m	198 g
1742 270	Cool DX Tele Trout	2,70 m	7	30 g	0,63 m	240 g
1742 300	Cool DX Tele Trout	3,00 m	6	30 g	0,65 m	265 g

Cool DX Tele Zander

Baitfish still remain a top bait for predators. Zander in particular love to take small and slender fish presented near the bottom – the optimal method for the Cool DX Tele Zander!

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1743 300	Cool DX Tele Zander	3,00 m	6	45 g	0,63 m	295 g
1743 360	Cool DX Tele Zander	3,60 m	7	50 g	0,68 m	320 g

Cool Gigant

Made for the giants: The rod's glass fibre material is highly resistant to strain. Suitable for pike and large zander fishing with large baits.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1509 450	Cool Gigant	4,50 m	6	150 g	1,05 m	639 g
1509 550	Cool Gigant	5,50 m	7	150 g	1,15 m	820 g
1509 650	Cool Gigant	6,50 m	8	150 g	1,15 m	1015 g

Cool Tele Adjust

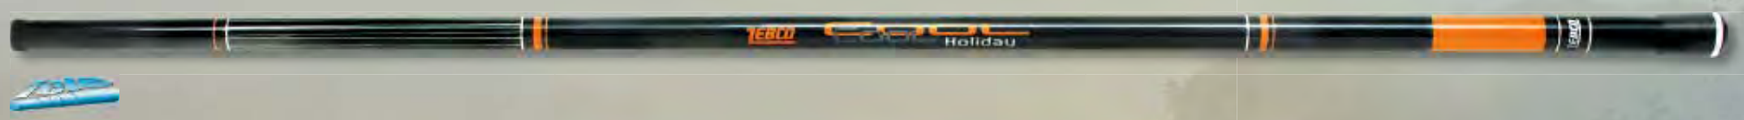
Inexpensive version of the adjustable telescopic rod for trout fishing.

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1720 400	Cool Tele Adjust	4,00 m	4	30 g	1,08 m	252 g

Cool Mini Tele

The telescopic COOL MINI rod was especially designed for travelling, back-packs and bike bags. You can pack 'em, but whether you can haul in the big fish with them is another question! Maybe if you keep a cool head...

Code	Model	Length	Sections	C.W.	Tr.-Length	Weight
1530 165	Cool Mini Tele	1,65 m	5	5 - 15 g	0,42 m	100 g
1530 180	Cool Mini Tele	1,80 m	6	10 - 25 g	0,42 m	130 g
1530 210	Cool Mini Tele	2,10 m	6	10 - 25 g	0,45 m	150 g
1530 240	Cool Mini Tele	2,40 m	6	20 - 30 g	0,56 m	170 g
1530 270	Cool Mini Tele	2,70 m	6	20 - 30 g	0,62 m	220 g



Cool Holiday

The rod that gets you hooked on fishing! Hundreds of thousands of anglers have taken their first steps in the sport with a simple telescopic whip, and generations more are sure to continue the tradition. A must for all tackle shops, available in all the most popular lengths.

Code	Model	Length	Sections	Tr.-Length	Weight
1914 300	Cool Holiday	3,00 m	3	1,15 m	280 g
1914 400	Cool Holiday	4,00 m	4	1,15 m	310 g
1914 500	Cool Holiday	5,00 m	5	1,15 m	340 g
1914 600	Cool Holiday	6,00 m	6	1,15 m	525 g
1914 700	Cool Holiday	7,00 m	7	1,15 m	685 g

2039 032	0,32 mm	450 m	7,5 kg

Trade Pack 10 Pieces

Trophy Trout

A trout line must cope with all situations. It provides the best bait control through its softness and suppleness. Absolute flexibility is essential for these jumping and powerful salmonides. The smoke grey colour of the TOPIC TROUT means that it is adapted to any type of water.

Code	Ø	Length	BS
2038 018	0,18 mm	540 m	2,9 kg
2038 020	0,20 mm	540 m	3,6 kg

2038 028	0,28 mm	500 m	5,9 kg
2038 030	0,30 mm	450 m	7,5 kg

Trade Pack 10 Pieces

Trophy Livebait

A fluorescent yellow line which will allow you permanent direct sight of the line whilst playing the finest pike, zander and perch.

Code	Ø	Length	BS
2027 025	0,25 mm	540 m	5,0 kg
2027 028	0,28 mm	450 m	5,9 kg
2027 030	0,30 mm	315 m	6,9 kg
2027 035	0,35 mm	245 m	9,2 kg

Trade Pack 10 Pieces

Gilt Head

With its brilliant florescent colours its high visibility is perfect for fishing either in fresh water or on the shore. Its special coating will allow you to cast greater distances.

Code	Ø	Length	BS
2026 030	0,30 mm	450 m	6,9 kg
2026 035	0,35 mm	315 m	9,2 kg
2026 040	0,40 mm	240 m	12,7 kg

Trade Pack 10 Pieces

Trophy Cod

In order to raise cod from the deep, the line must have optimum characteristics with respect to stretch, breaking strain, knot strength and abrasion resistance. The lure guide is now even more visible because of the yellow colouring.

Code	Ø	Length	BS
2035 040	0,40 mm	245 m	12,7 kg
2035 045	0,45 mm	180 m	14,9 kg
2035 050	0,50 mm	180 m	17,9 kg

Trade Pack 10 Pieces

Trophy Catfish

The greyish green camouflage has been tuned to the habitat of these large beasts. In order to be sure of landing these large fish the line must have maximum breaking strain, an abrasion resistant surface, maximum knot strength and still remain flexible.

Code	Ø	Length	BS
2032 045	0,45 mm	180 m	14,9 kg
2032 050	0,50 mm	180 m	18,1 kg
2032 055	0,55 mm	150 m	21,5 kg
2032 060	0,60 mm	130 m	23,4 kg

Trade Pack 10 Pieces

Trophy Sea Bass

This line had to be designed tough, with a low elasticity coefficient in order to absorb the very powerful movements of the bass during the fight. Features extremely high knot strength. Its light blue colouring makes it practically invisible in the water.

Code	Ø	Length	BS
2025 030	0,30 mm	450 m	6,9 kg
2025 035	0,35 mm	315 m	9,2 kg

Trade Pack 10 Pieces

Trophy Surf

A pearly effect line with all the characteristics required for sea fishing. It is almost totally invisible in the water - a real advantage when preparing rigs with multiple knots which are generally fairly visible to the prey.

Code	Ø	Length	BS
2023 030	0,30 mm	450 m	6,9 kg
2023 035	0,35 mm	315 m	9,2 kg
2023 040	0,40 mm	245 m	12,7 kg
2023 045	0,45 mm	225 m	14,9 kg

Trade Pack 10 Pieces

Trophy Boat

Special sea fishing line whose transparency makes it almost invisible to fish when underwater. The line is also abrasion resistant and protected against the effects of UV rays. Its excellent stretch qualities minimise losing fish while bringing them to the bank.

Code	Ø	Length	BS
2040 040	0,40 mm	300 m	12,7 kg
2040 045	0,45 mm	300 m	14,9 kg
2040 050	0,50 mm	300 m	17,9 kg
2040 060	0,60 mm	300 m	23,4 kg

Trade Pack 10 Pieces

Trophy Universal

Allround line at value for money on 100m spools, in grey and green colour and available in the most common diameters. Sure to be a mega seller in every angling community with the traditional Trophy qualities such as high breaking strain and optimum abrasion resistance.

Code	Ø	Length	BS
2041 014	0,14 mm	100 m	1,6 kg
2041 016	0,16 mm	100 m	2,0 kg

OMX Braid

Interwoven braid that has been extremely tight knitted, made of UHM polyethylene. With demanding load capacities and super elongation this braid can easily be mistaken for products of much higher price. Ideal for the many disciplines of modern day spin fishing or sea angling. The braid colour provides excellent camouflage to unsuspecting fish, that can only be an advantage to an angler. Topic OMX Braid - The line for the ambitious angler.

Trade Pack 6 Pieces

Transparent Tackle Box

This tackle box leaves nothing to chance, with space to accommodate small accessories such as hooks, weights, floats and more. The transparent lid and three removable compartments mean the angler can always have the tackle he needs to hand.

Code	Width	Height	Depth
8023 003	36,8 cm	21,4 cm	20 cm

Tough Case Tackle Box

With its strong carry handle and shock-proof outer walls, this tackle box is a durable companion for every fishing trip. Has four fixed, sealable sections beneath the lid and a separate removable compartment. This box will provide ample space for your small accessories.

Code	Width	Height	Depth
8023 002	37 cm	22 cm	23 cm

Tackle Boxes

To keep all your accessories neat and readily available. Hooks, rigs, floats and artificial bait – there is a place for everything in this box. The robust housing is very strong, yet flexible.

Code	Width	Height	Depth
8020 000	30 cm	15 cm	15 cm
8021 000	37 cm	18 cm	16 cm

Tackle Boxes

To keep all your accessories neat and readily available. Hooks, rigs, floats and artificial bait – there is a place for everything in this box. The robust housing is very strong, yet flexible.

Code	Width	Height	Depth
8022 000	42 cm	22 cm	20 cm

Allround Seat Box

Compact Design so it always fits in the car, but still has the capacity to hold all the essentials. Extremely robust finish with latches and carry strap, a top storage section and large storage compartment at the bottom.

Code	Width	Height	Depth
8023 001	34 cm	17 cm	37 cm

Trade Pack 2 Pieces

Mega Storer Tackle Box

A practical partner for fishing trips. The box provides sufficient space for storing baits and tackle and also makes an ideal seat. Made from shock-resistant plastic.

Code	Length	Width	Height
8023 010	42 cm	33 cm	38 cm

Trade Pack 5 Pieces

Organizer

As the name suggests, this is the ideal solution for keeping those small accessories nice and tidy, and of course safe and dry.

Code	Width	Height	Depth	Size	Colour
8034 001	3,5 cm	15 cm	19 cm	S	red/black

Trade Pack 5 Pieces

Lure Box XXL

Changing lures just got easier! The Lure Box XXL offers enough space to take a comprehensive, well-arranged assortment of lures on every trip. Even large wobblers and jerkbaits are comfortably swallowed up by this tackle box. The innovative design has two connected but separate boxes which can be split allowing you to take only one half of the box where this will suffice.

Code	Width	Height	Depth	Size	Colour
8035 001	13 cm	29 cm	39 cm	XXL	red/black

Trade Pack 4 Pieces

Universal Accessories Box

A smoke coloured transport box for lures and other accessories. With vertical partitions, and numerous options for horizontal divisions. The housing is shock proof, resistant to soft plastic lures and fitted with strong latches.

Code	Width	Height	Depth

Baitfish & Bait bucket, round

Versatile bucket for holding baitfish. Can also be used with extra sieve insert or as a bait bowl.

Code	Model	Contents
8126 005	Baitfish & Bait bucket, round	12 l
8126 006	Baitfish & Bait bucket, round	18 l
8126 998	12l cover	
8126 999	18l cover	

Grid insert. Filleting board with rubber feet

Angling Bucket

With filleting board and drip mesh. Clever inventions for clever anglers: Your can either put your catch straight into the bucket or simply fillet it immediately on the lid board. The mesh in the bucket allows the fish or fillet to drip without it lying in its own juice. At 51x25x27 cm the bucket has a big capacity to cope with most fish. With filleting board and drip mesh.

Code	Width	Height	Depth
8514 006	51 cm	25 cm	27 cm

Bait Fish Kettle

With mesh insert

Zebco Vacuum Pump + 1 Liter Bag

In conjunction with Cofresco (Toppits, Albal), Zebco presents the Zebco Vacuum System, exclusively for the fishing tackle market. The range comprises of three different-sized Zip-Loc bags that can be vacuumed. Air is extracted from the bag without the need for expensive special equipment that often requires an electrical connection, and the vacuum is maintained without welding the bag. Every bag is fitted with a patented valve in one corner to which the ergonomic hand pump is attached. Once the bag is filled, the air is removed by a few strokes of the pump. Besides the user-friendliness, the bag's re-usability gives it a massive advantage over standard vacuum products. Suitable for freezing fish as well as keeping boilies fresh for significantly longer without freezing. Items that need to be kept dry, such as fishing licences, can also be vacuumed packed in an instant.

1. NEW ACCOUNTS
Zebco Europe Ltd (the "Company") will at its sole discretion open new accounts with bona fide purchasers subject to our investigations and you (the "Purchaser") providing satisfactory bank and trade references. Terms will be on a cash with order basis unless reliable trading has been established and the Company agrees to defer payment.

2. ORDERING OF GOODS
2.1 The Purchaser shall state the following when ordering:
2.1.1 full item numbers and correct descriptions;
2.1.2 the name and address where the goods are to be sent;
2.1.3 the name and status of the persons ordering; and
2.1.4 the full name and address of the company or firm to be invoiced.
2.2 Unless the Company has agreed alternative payment terms in accordance with clause 1, the Purchaser shall include with its order a cheque or banker's draft for full payment of the goods ordered.

3. PRICES
3.1 Prices invoiced will be those prevailing at the date of despatch of the goods unless previously agreed otherwise in writing.
3.2 The Company reserves the right to change the prevailing prices from time to time or withdraw products from its product catalogue without notice to the Purchaser.

4. DELIVERY & EXPRESS DELIVERY
4.1 Delivery will be made by our appointed carriers or by post.
4.2 Carriage costs will be paid by us on all orders over the value of £300 (excluding VAT). Orders below £300 will be subject to a delivery charge of £8 plus VAT. Carriage will be charged at cost for shipments to the Channel Islands, Isle of Man, Shetlands and any other areas where additional transport costs have been incurred.
4.3 All orders with a value of less than £300 net will be subject to £8 transport cost.
4.4 Every effort will be made to execute orders in one consignment. In the event of incomplete despatches subsequent deliveries will be made carriage paid by us until completion of the order, unless you notify us to the contrary. Any balance of orders which has not become available and been despatched after 3 months from the date of order will automatically be cancelled unless an earlier date for cancellation has been specified by you.
4.5 We reserve the right to withhold shipment of orders, if the account status is not within the agreed payment terms or if the Purchaser has breached these Terms and Conditions.
4.6 C.O.D. deliveries are available by prior arrangement and at the Company's sole discretion.

5. DAMAGES, SHORTAGES AND NON-DELIVERY
5.1 Upon receipt by the Purchaser, all parcels and containers should be checked for damage or broken seals and the delivery note countersigned to acknowledge receipt.
5.2 The Company will not accept any claim in respect of damage in transit, shortage or non-delivery unless written notice is given to the Company and the carrier by the consignee as follows:
5.2.1 for damage in transit - within 3 days of receipt of the goods;
5.2.2 for shortages - within 3 days of receipt of the goods; or
5.2.3 for non-delivery - within 10 days of the date of invoice.

6. LIABILITY
6.1 Subject to clause 6.3, the Company shall be under no liability for any loss or damage howsoever arising resulting from the use or conversion of the goods supplied.
6.2 The Purchaser will indemnify the Company in respect of any claim brought by a third party against the Company in respect of such loss or damage.
6.3 Nothing in these Terms and Conditions shall operate or be construed to operate so as to exclude or restrict the liability of the Company for death or personal injury caused by reason of the negligence of the Company or of its servants, employees or agents.

7. RETENTION OF TITLE
7.1 Notwithstanding clause 8.1, ownership of all goods supplied by the Company shall remain vested in the Company and the Company reserves the right of repossession of the same until all monies due from the Purchaser to the Company are paid in full.
7.2 The Purchaser shall keep and separately store all such goods in such a manner that they can be readily identified as items belonging to the Company.
7.3 The Purchaser hereby irrevocably grants permission to the Company, or its representatives, to enter upon any premises owned or under the control of the Purchaser and to remove any and if necessary detach the goods from such premises or from any other goods or property.
7.4 The Purchaser may sell the goods at full market value for the account of the Company. Any such sale shall be a sale or use of the Company's property by the Purchaser on the Company's own behalf and the Purchaser shall deal as principal when making such sales. Until property in the goods passes from the Company the entire proceeds of sale of the goods shall be held in trust for the Company and shall not be mixed with other money or paid into any overdrawn bank account and shall be at all material times identified as the Company's money.

8. INSURANCE
8.1 All goods supplied to the Purchaser shall be at the Purchaser's risk until full payment is received for them.
8.2 The Purchaser shall at his own expense insure the goods to their full replacement value. The Purchaser shall hold all proceeds of any insurance claim relating to goods supplied by the Company but not yet paid for, in trust for the Company.

9. RETURN OF GOODS
9.1 Goods returned to the Company because of delivery in a damaged condition will only be accepted if proper notice in writing has been given in accordance with clause 5.
9.2 Goods properly returned to the Company because of incorrect despatch of the Purchaser's order by the Company must be returned carriage paid (refundable by the Company) and in good condition within 14 days of receipt, otherwise they will be deemed to have been accepted and the invoice will be adjusted in accordance with clause 10.5. Any other returned goods will only be accepted if their return has been previously authorised in writing by the Company and then must be returned in good condition carriage paid.
9.3 On goods returned otherwise than because of damage in transit or incorrect despatch, the Company reserves the right to make a re-stocking charge of 15% of the net value to cover the original transport cost plus packing and handling and will not refund any carriage costs. A minimum re-stocking charge of £10 will be incurred on any item returned no matter of its original trade value.
9.4 A return note listing the goods returned and the original invoice numbers to which the goods refer must accompany all returned goods.
9.5 Faulty or damaged goods may be replaced within 14 days of the receipt of the returned goods or the purchase price refunded/credited at the Company's sole discretion.

10. SETTLEMENT TERMS
10.1 Invoices are due for payment on the Purchaser's receipt of the goods or on receipt of the invoice, whichever is the sooner.
10.2 For payment received by the company within 10 days of the date of the invoice, a discount of 2% of the net value excluding VAT and carriage when charged can be deducted. All customers who are set up with the direct debit facility will automatically receive 3% settlement discount if the total value of the invoice is paid within 30 days from invoice date. No settlement discount is applicable on stock orders.
10.3 All credit card transactions will incur a surcharge of 3% on the amount processed.
10.4 Payment will only be deemed to have been made when it has been received by the Company at its current office address. Payment by cheque will only be deemed to have been made when that cheque has been cleared.
10.5 Payment will first be set against outstanding credit surcharges (in accordance with clause 11.1), then the remaining balance will be allocated to the reduction of the invoice balance.
10.6 No deduction in the payment of invoices may be made for goods returned to the Company until the Company has issued a credit note to the Purchaser.
10.7 For all cheques that have to be represented or are returned from the bank 'refer to drawer' an administration charge of £17.50 will be added to the account.

11. OVERDUE ACCOUNTS
11.1 Any invoices which have not been paid by the last day of the month after the month of invoice will be classified as "overdue" and will immediately become subject to a credit surcharge of 2% (compound) per month or part month, from the last day of the month of invoice until the date of payment.
11.2 Where any invoice payable to the Company is overdue and the Company as a result incurs any costs, howsoever arising, associated with the recovery of any overdue debt from the Purchaser then the Purchaser shall indemnify the Company in full for all reasonable costs incurred in recovering the overdue amount (the "Recovery Costs"). For the avoidance of doubt the Puchaser shall indemnify the Company for the following:
11.2.1 all Solicitor's and other legal fees and costs reasonably incurred by the Company relating to any legal action undertaken for the recovery of any overdue debt. Such Recovery Costs will be charged in full to the purchaser of the goods who will also forfeit any turnover discount otherwise due; and
11.2.2 all other professional and administrative fees and costs, howsoever arising, reasonably incurred by the Company relating to the recovery of any overdue debt from the Purchaser.
11.3 Without prejudice to any other right or remedy that it may have, if the Purchaser fails to pay the Company the Recovery Costs due under these Terms and Conditions on the due date for the Recovery Costs, then the Company may charge interest on such sums from the due date for payment at the annual rate of 2 % above the base lending rate from time to time of the Bank of England, accruing on a daily basis and being compounded quarterly until payment is made, whether before or after any judgment and the Company may claim interest under the Late Payment of Commercial Debts (Interest) Act 1998.
11.4 Deliveries may be suspended and orders may be refused on all accounts which are overdue for settlement.
11.5 If the Purchaser offers to make any arrangement with its creditors or if any bankruptcy petition is presented against the Purchaser or the Purchaser is unable to pay its debts as they fall due or if any resolution or petition to wind up the Purchaser shall be passed or presented or if a receiver, administrator, administrative receiver or manager shall be appointed over the whole or any part of the Purchaser's business or assets or if the Purchaser shall suffer any analogous proceedings under foreign law all sums outstanding in respect of the goods shall become repayable immediately. The Company may in its absolute discretion and without prejudice to any other rights which it may have suspend all future deliveries to the Purchaser and terminate this contract without liability on its part.
11.6 All payments payable to the Company under the Contract shall become due immediately on its termination despite any other provision.

12. GENERAL
12.1 Goods, payments and written notices and communications given to our staff in the field, to the Post Office to any other carrier or agency are at the consignor's risk and will not be deemed to have been received by the Company until received at the address shown on latest invoice issued.
12.2 Unless otherwise agreed in writing by the Company, all orders are accepted and all goods are despatched under these Terms and Conditions, which will at all times apply to the exclusion of any other terms and conditions inconsistent herewith or purporting to modify the same.
12.3 These Terms and Conditions shall be construed in accordance with English Law and shall be subject to the exclusive jurisdiction of the English Courts.
12.4 V.A.T. is included in all retail prices, but the trade prices are shown without the addition of V.A.T.
12.5 Any special discount for turnover or other specific terms will be confirmed by both the Company and Purchaser in writing and reviewed annually.
12.6 Backorders will automatically be kept on our system, unless previous written communication requests otherwise. Failure to inform us in writing will result in a charge of 15% re-stocking fee and all return carriage costs

Sme tu pre Vás...

Veľkoobchodný hypermarket - svetové značky na Slovensku pod jednou strechou

Sme tu pre Vás od roku 1999:
Zastupujeme svetové značky
Nie sme garážová firma.
Viac ako 1000m výstavnej plochy
Možnosť osobného výberu tovaru
Tovar reálne skladom, expedujeme do 24 hodín
